Only primary residences with standard shingled roofs are eligible to receive a temporary blue roof. Metal roofs and mobile homes may be repaired as practical on a case-by-case basis. Roofs with greater than 50 percent structural damage are not eligible for this program.

For rental property, legal permission for a blue roof to be installed must be obtained from the property owner. Renters also must get legal permission from their landlord to continue occupying the residence until more permanent repairs are made.

Information about Operation Blue Roof is available on the Jacksonville District websites at www.saj.usace.army.mil/BlueRoof, www.saj.usace.army.mil/blueroof_espanol/. Information is also available in English and Spanish by calling 888-ROOF-BLU (888-766-3258).
