The Small Business Administration (SBA) is the federal government's primary source of money for the long-term rebuilding of disaster-damaged property. SBA helps businesses of all sizes, private non-profit organizations, homeowners and renters, which can cover the cost of replacing lost or disaster-damaged real estate and personal property. These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations. The loan application process can be obtained by calling SBA's Customer Service Center at 800-659-2955 (800-877-8339 for the deaf and hard-of-hearing) or by sending an email to disastercustomerservice@sba.gov.
