FEMA's temporary housing assistance and grants for public transportation expenses, medical and dental expenses, and funeral and burial expenses do not require individuals to apply for an SBA loan. However, applicants who receive SBA loan applications must submit them to SBA to be eligible for assistance that covers personal property, vehicle repair or replacement, and moving and storage expenses.

FEMA's mission is helping people before, during and after a disaster.

The U.S. Small Business Administration (SBA) is the federal government's primary source of money for the long-term rebuilding of disaster-damaged private property. SBA helps businesses of all sizes, private non-profit organizations, homeowners and renters fund repairs or rebuilding efforts and cover the cost of replacing lost or disaster-damaged personal property. These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations. For more information, applicants may contact SBA's Disaster Assistance Customer Service Center by calling 800-659-2955 (Deaf and hard-of-hearing individuals may call 800-877-8339), emailing disastercustomerservice@sba.gov, or visiting SBA's Web site at sba.gov/disaster.
