

Onsite Appointment Registration Now Available at FEMA-Supported Community Vaccination Center

Release Date: April 5, 2021

Norfolk, Virginia — Hampton Roads residents who are interested in receiving the COVID-19 vaccine may now do so through onsite appointment registration directly at the center, located at the Military Circle Mall. People who register at the center will receive an appointment for their vaccination at the Military Circle Mall's location for a future date in the next 2 weeks. Same-day appointments are limited.

All Virginia residents 16 years and older are eligible to get the lifesaving shot at the Vaccination Center, which aims to inoculate about 3,000 people a day. Residents may register between 2 p.m. and 6:30 pm daily and are encouraged to bring documentation with proof of name. This does not affect residents who have pre-registered online at vaccinate.virginia.gov or by phone at 1-877-829-4682.

Social distancing measures are strictly enforced at the site and everyone entering the center must always wear a face covering. Reasonable accommodation for people with access and functional needs is available as well as information and onsite interpretation in a variety of languages, including American Sign Language.

Residents are welcome to continue pre-registering online vaccinate.virginia.gov or by calling 1-877-829-4682.

To date, over 10,000 COVID-19 vaccines have been administered at this FEMA-supported pilot site.
