

Public Invited to Appeal or Comment on Flood Maps in Dallas County, Texas

Release Date: July 28, 2021

DENTON, Texas – Preliminary flood risk information and updated Flood Insurance Rate Maps (FIRMs) are available for review by residents and business owners in Dallas County, Texas. Property owners are encouraged to review the latest information to learn about local flood risks and potential future flood insurance requirements. Community stakeholders can identify any concerns or questions about the information provided and [participate in the 90-day appeal and comment period](#).

The updated maps were produced in coordination with local, state and FEMA officials. Significant community review of the maps has already taken place, but before the maps become final, community stakeholders can identify any concerns or questions about the information provided and submit appeals or comments. Residents and business owners are also encouraged to review the updated maps to learn about local flood risks and potential future flood insurance requirements.

Appeals and comments may be submitted from July 29, 2021 through Oct. 27, 2021:

- For cities of Combine, Dallas, Duncanville, Farmers Branch, Grand Prairie, Mesquite, Seagoville, Sunnyvale, University Park, Wilmer, the Town of Addison; and unincorporated areas of Dallas County

Comments may be submitted from July 29, 2021 through Oct. 27, 2021:

- For cities of Balch Springs, Cockrell Hill, Garland, Grapevine, Lewisville, Ovilla, Richardson, and the Town of Highland Park

Appeals and comments may be submitted from July 31, 2021 through Oct. 29, 2021:

- For cities of Coppell and Irving

FEMA

Page 1 of 3

Appeals and comments may be submitted from Aug. 1, 2021 through Oct. 30, 2021:

- For cities of Carrollton, Cedar Hill, Hutchins, Lancaster

Comments may be submitted from Aug. 1, 2021 through Oct. 30, 2021:

- For cities of Desoto, Glenn Heights

Residents may submit an appeal if they consider modeling or data used to create the map is technically or scientifically incorrect.

- An appeal must include technical information, such as hydraulic or hydrologic data, to support the claim.
- Appeals cannot be based on the effects of proposed projects or projects started after the study is in progress.
- If property owners see incorrect information that does not change the flood hazard information — such as a missing or misspelled road name in the Special Flood Hazard Area or an incorrect corporate boundary — they can submit a written comment.

The next step in the mapping process is to resolve all comments and appeals. Once these are resolved, FEMA will notify communities of the effective date of the final maps.

To review the preliminary maps or submit appeals and comments, visit your local floodplain administrator (FPA). A FEMA Map Specialist can identify your community FPA. Specialists are available by telephone at 1-877-FEMA-MAP (1-877-336-2627) or by email at FEMAMapSpecialist@riskmapcads.com.

The preliminary maps may also be viewed online:
