WASHINGTON -- FEMA announced that federal disaster assistance has been made available to the state of Kansas to supplement state, tribal and local recovery efforts in the areas affected by severe storms and straight-line winds on Dec. 15, 2021.

Federal funding is also available on a cost-sharing basis for hazard mitigation measures statewide.

DuWayne Tewes has been named the Federal Coordinating Officer for federal recovery operations in the affected areas. Additional designations may be made at a later date if warranted by the results of damage assessments.
