

Le Sueur County Residents Invited to Attend Flood Map Information Open House

Release Date: September 14, 2022

CHICAGO – Representatives from FEMA will host a Flood Map Information Open House for communities in Le Sueur County, Minn., on Sept. 21, 2022, from 5 – 7 p.m. CT. The open house will give residents a chance to review preliminary versions of the recently completed Flood Insurance Study (FIS) report and its accompanying preliminary Flood Insurance Rate Maps (FIRMs).

The FIS and the FIRMs provide base flood ([also known as the 1% -annual-chance event](#)) information, designate areas that are subject to significant flood hazards within the county and offer information that public officials use to guide development in the floodplain.

Experts at the open house will help residents understand flood risk and flood insurance, floodplain development regulations and the mapping process in Le Sueur County. The newly prepared preliminary floodplain maps can also be reviewed at the meeting.

Once the maps become effective, they will be used as the basis for flood insurance ratings as well as local flood protection regulations adopted under the National Flood Insurance Program. [FEMA encourages public officials to use the maps to assist planning processes and prepare communities to quickly respond to and recover from future events.](#)

WHAT: Le Sueur County—Flood Map Information Open House

WHEN: Sept. 21, 2022, 5–7 p.m. CDT

WHERE: Le Sueur County Government Center
515 South Maple Avenue
Le Center, MN 56057

FEMA
