

President Joseph R. Biden, Jr. Approves Major Disaster Declaration for Arkansas

Release Date: November 14, 2023

WASHINGTON -- FEMA announced that federal disaster assistance has been made available to the state of Arkansas to supplement state and local recovery efforts in the areas affected by severe storms, straight-line winds and tornadoes from June 25-26, 2023.

The President's action makes federal funding available to state, tribal and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the severe storms, straight-line winds and tornadoes in the counties of Arkansas, Faulkner, Lonoke and Poinsett.

Federal funding is also available on a cost-sharing basis for hazard mitigation measures statewide.

Roland W. Jackson has been named Federal Coordinating Officer for federal recovery operations in the affected areas.

Additional designations may be made at a later date if requested by the state and warranted by the results of further damage assessments.
