Program Overview, Objectives and Priorities

Overview
One of the core missions of DHS/FEMA is to enhance the ability of state, local, tribal, and territorial governments to prevent, protect against, respond to, and recover from terrorist attacks and other disasters. The Federal Emergency Management Agency’s comprehensive suite of grant programs is an important part of the Administration’s larger, coordinated effort to strengthen homeland security preparedness. The THSGP is one tool among a comprehensive set of initiatives authorized by Congress and implemented by the Administration to help strengthen the Nation against risks associated with potential terrorist attacks. Funding under THSGP is provided to strengthen tribes’ capacity to prepare for and respond to emergency situations. The 2018-2022 FEMA Strategic Plan creates a shared vision for the field of emergency management and sets an ambitious, yet achievable, path forward to unify and further professionalize emergency management across the country. The Tribal Homeland Security Grant Program supports the goal of Readying the Nation for Catastrophic Disasters. We invite all of our stakeholders and partners to also adopt these priorities and join us in building a more prepared and resilient Nation.

**Objectives**
THSGP provides funding directly to eligible Tribes to support the building, sustainment, and delivery of core capabilities to enable Tribes to strengthen their capacities to prevent, protect against, mitigate, respond to, and recover from potential terrorist attacks.

**Performance Metrics**
Performance metrics for this program are as follows:

- Percentage of funding building new capabilities
- Percentage of funding sustaining existing capabilities

**Priorities**
DHS/FEMA continually assesses changes to the threat landscape to further the National Preparedness Goal (the Goal) of a secure and resilient nation. This analysis provides a perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of shared concern. DHS/FEMA have identified the following as national priority areas:

- Emerging Threats, including Cybersecurity
- Lifelines (more information found in this [fact sheet](#) and [toolkit](#))
  - Safety and Security
  - Food, Water, Sheltering
  - Health and Medical
  - Energy
  - Communications
  - Transportation
  - Hazardous Material
In addition to addressing gaps identified by Threat and Hazard Identification and Risk Assessments (THIRA)/Stakeholder Preparedness Reviews (SPR), recipients should consider funding projects that address the above priorities of DHS/FEMA.

C. **Eligibility Information**

**Eligible Applicants**
Directly eligible Tribes

**Eligibility Criteria**
To be eligible to receive THSGP funding, recipients must be directly eligible Tribes. Directly eligible Tribes are Federally recognized Tribes that meet the criteria set forth in Section 2001 of the Homeland Security Act of 2002, as amended (6 U.S.C. § 601).

Federally recognized Tribes are those Tribes appearing on the list published by the Secretary of the Interior pursuant to the Federally Recognized Indian Tribe List Act of 1994 (Pub. L. No. 103-454) (25 U.S.C. § 5131).

Per 6 U.S.C. § 601(4), a “directly eligible Tribe” is any Federally recognized Indian Tribe that meets the following criteria:

(A) Any Indian Tribe—
(i) that is located in the continental United States;
(ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
(iii)
(I) that is located on or near (50 miles) an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;
(II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section [2214(a)(2) of the Homeland Security Act of 2002, as amended (6 U.S.C. § 124l(a)(2))] or has such a system or asset within its territory;
(III) that is located within or contiguous to one of the 50 most populous metropolitan statistical areas in the United States; or
(iv) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and

(iv) that certifies to the Secretary [of Homeland Security] that a State has not provided funds under [section 2003 (UASI) or 2004 (SHSP) of the Homeland Security Act of 2002, as amended (6 U.S.C. § 604 or 605, respectively)] to the Indian Tribe or consortium of Indian Tribes for the purpose for which direct funding is sought; and

(B) A consortium of Indian Tribes, if each Tribe satisfies the requirements of subparagraph (A).

In summary, directly eligible Tribes must meet each of the requirements set forth in (A)(i), (A)(ii), and (A)(iv). Tribes must also meet at least one of the requirements set forth in (A)(iii), that is either (A)(iii)(I), (A)(iii)(II), (A)(iii)(III), or (A)(iii)(IV). Finally, under subparagraph (B), a consortium may also be eligible to be a recipient if each Indian Tribe in the consortium meets the criteria for a directly eligible Tribe under subparagraph (A).

In FY 2019, applicants must self-certify as to whether they meet the eligibility requirements. Self-certification will be provided on the THSGP Eligibility Certification Form as part of the application Investment Justification (IJ). Additionally, DHS/FEMA will verify grant recipient eligibility against these criteria. Any questions regarding an applicant’s proximity to a Critical Infrastructure (CI) site, as described in the eligibility criteria, may be directed to the State Administrative Agency (SAA) for the State with which the Tribe shares a border. The State Administrative Agency Contacts List can be found at http://www.fema.gov/media-library/assets/documents/28689?id=6363.

Other Eligibility Criteria
National Incident Management System (NIMS) Implementation
Prior to allocation of any Federal preparedness awards in FY 2019, recipients and subrecipients must ensure and maintain adoption and implementation of NIMS. Detailed information on NIMS requirements are in the Preparedness Grants Manual.

Cost Share or Match
Cost share or cost match is not required under this program.

Where applicable, subrecipients may use up to 5 percent of the amount they receive for M&A. M&A activities are those defined as directly relating to the management and administration of THSGP funds, such as financial management and monitoring. Management and administrative expenses must be based on actual expenses or known contractual costs. M&A requests that are simple percentages of the award, without supporting justification, will not be allowed or considered for reimbursement.

M&A costs are not operational costs, they are the necessary costs incurred in direct support of the grant or as a consequence of the grant and should be allocated across the entire lifecycle of the grant. Examples include preparing and submitting required programmatic and financial reports, establishing and/or maintaining equipment inventory, documenting operational and equipment expenditures for financial accounting purposes, and responding to official informational requests from State and Federal oversight authorities.

**Authorized Use of Contractual Grant Writers and/or Grant Managers**
A grant applicant may procure the services of a contractor to provide support and assistance for pre-award grant development services (grant writing) or post-award grant management and administrative services (grant management). As with all Federal grant-funded procurements, grant writer or grant management services must be procured in accordance with the Federal procurement standards at 2 C.F.R. §§ 200.317 – 200.326. See FEMA/GPD Preparedness Grants Manual regarding Procurement Integrity, particularly the sections applicable to non-State entities that discuss organizational
conflicts of interest under 2 C.F.R. § 200.319(a) and traditional conflicts of interest under 2 C.F.R. § 200.318(c)(1).

DHS/FEMA considers a contracted grant-writer to be an agent of the recipient for any subsequent contracts the recipient procures under the same Federal award for which the grant-writer provided grant writing services. Federal funds and funds applied to the award’s cost share generally cannot be used to pay a contractor to carry out the work if that contractor also worked on the development of such specifications. A State must follow the same policies and procedures it uses for procurements of its non-Federal funds, pursuant to 2 C.F.R. § 200.317.

Regardless of whether an applicant or recipient uses grant writing and/or grant management services, the recipient is solely responsible for the fiscal and programmatic integrity of the grant and its authorized activities and expenditures. The recipient must ensure adequate internal controls, including separation of duties, to safeguard grant assets, processes, and documentation, in keeping with the terms and conditions of its award, including this NOFO, and 2 C.F.R. Part 200.

**Grant Writers**

Grant writing contractors may assist the applicant in preparing, writing, and finalizing grant application materials and assisting the applicant with handling online application and submission requirements in Grants.gov and ND Grants. Grant writers may assist in a variety of ways up to and including the actual submission of the application. Ultimately, however, the applicant that receives an award is solely responsible for all grant award and administrative responsibilities.

By submitting the application, applicants certify that all of the information contained therein is true and an accurate reflection of the organization and that regardless of the applicant’s intent, the submission of information that is false or misleading may result in actions by DHS/FEMA. These actions include but are not limited to the submitted application not being considered for award, temporary withholding of funding under the existing award pending investigation, or referral to the DHS Office of Inspector General.

To assist applicants with the cost of grant writing services, DHS/FEMA is permitting a one-time pre-award cost of no more than $1,500 per applicant per year for contractual grant writing services as part of the recipient’s M&A costs. This is only intended to cover costs associated with a grant writer and may not be used to reimburse an applicant for its own time and effort in the development of a grant application. Additionally, the applicant may be required to pay this fee with its own funds during the application preparation and submission period; if the applicant subsequently receives an award, it may then request to be reimbursed once grant funds become available for that cost, not to exceed $1,500. If the applicant does not
receive an award, this cost will not be reimbursed by the Federal government. The applicant must understand this risk and be able to cover this cost if an award is not made.

If an applicant intends to request reimbursement for this one-time pre-award cost, it must include this request in its application materials, including in the budget section in each Investment Justification. Failure to clearly identify this as a separate cost in the application may result in its disallowance. This is the only pre-award cost eligible for reimbursement. Recipients must maintain grant writer fee documentation including, but not limited to, a copy of the solicitation, such as a quote request, rate request, invitation to bid, or request for proposals, if applicable; a copy of the grant writer’s contract agreement; a copy of the invoice or purchase order; and a copy of the cancelled check or proof of payment. These records must be made available to DHS/FEMA upon request.

Pursuant to 2 C.F.R. Part 180, recipients may not use Federal grant funds to reimburse any entity, including a grant writer or preparer, if that entity is presently suspended or debarred by the Federal Government from receiving funding under Federally funded grants or contracts. Recipients must verify that the contractor is not suspended or debarred from participating in specified Federal procurement or non-procurement transactions pursuant to 2 C.F.R. § 180.300. FEMA recommends recipients use SAM.gov to conduct this verification.

Furthermore, regardless of whether any grant writer fees were requested, unless a single contract covering both pre- and post-award services was awarded to the grant writer and procured in compliance with 2 C.F.R. §§ 200.317 – 200.326, Federal funds and funds applied to the award’s cost share cannot be used to pay the grant writer to provide post-award services.

**Grant Managers**
Grant management contractors provide support in the day-to-day management of an active grant and their services may be incurred as M&A costs of the award. Additionally, grant recipients may retain grant management contractors at their own expense.

**Indirect (Facilities & Administrative [F&A]) Costs**
Indirect costs are allowable under this program as described in 2 C.F.R. § 200.414. With the exception of recipients who have never received a negotiated indirect cost rate as described in 2 C.F.R. § 200.414(f), recipients must have an approved indirect cost rate agreement with their cognizant Federal agency to charge indirect costs to this award. A copy of the approved rate (that is, a copy of a fully executed agreement negotiated with the applicant’s cognizant Federal agency) is required at the time of application and must be provided to DHS/FEMA before indirect costs are charged to the award.
E. Application Review Information

Application Evaluation Criteria

Programmatic Criteria

FY 2019 THSGP applications will be evaluated through a three-part review and selection process:

1. Applications will first be reviewed by a FEMA HQ Program Analyst to ensure that the applicant meets all eligibility requirements. To determine eligibility, the FEMA HQ Program Analyst will review submitted applications for completeness.

Completeness is determined by the FEMA HQ Program Analyst by confirming:

- The applicant has submitted the self-certification form stating the Tribe’s eligibility per the Homeland Security Act of 2002, as amended (see Section C. Eligibility Information, for further information);
- The information provided in the self-certification form is accurate;
- Activities under each investment are allowable; and
- The application meets all of the administrative criteria identified in this NOFO, to include the required submission of an IJ by the established due dates.

2. Eligible and complete applications will then be reviewed using a process to individually score each proposed investment. Scoring is based on the following four criteria:

- Overview (description of the investment);
- Baseline (goals/objectives/capabilities of the investment);
- Project management and milestones (funding amount/core capabilities/projects); and
- Accomplishments and impacts (outcomes).

3. FEMA HQ Grants Management Specialists will conduct a financial risk assessment of the top scoring investments using the following criteria:

- Allowability, allocability, and financial reasonableness of the proposed budget and investment information; and
- Whether the recipient meets the financial and legal requirements listed in 2 C.F.R. Part 200.

Financial Integrity Criteria

Therefore, application evaluation criteria may include the following risk based considerations of the applicant:

1. Financial stability.
2. Quality of management systems and ability to meet management standards.
4. Reports and findings from audits.
5. Ability to effectively implement statutory, regulatory, or other requirements.

**Supplemental Financial Integrity Review**

i. DHS/FEMA is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through the System for Award Management (SAM), which is currently the Federal Awardee Performance and Integrity Information System (FAPIIS) and is also accessible through the SAM website.

ii. An applicant, at its option, may review information in FAPIIS and comment on any information about itself that a Federal awarding agency previously entered.

iii. DHS will consider any comments by the applicant, in addition to the other information in FAPIIS, in making a judgment about the applicant’s integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.205.

**Review and Selection Process**

A panel of reviewers will analyze and score the investments from all applications that the Program Analysts determine to be complete and eligible. DHS/FEMA will assign reviewers who meet one or more of the following criteria:

- Experience working with tribes and tribal professionals;
- Federal employees experienced in a variety of disciplines, including homeland security, emergency management, law enforcement, fire and rescue, etc.; and/or
- Familiar with applications for funding and the application review process.

The reviewers will analyze and score the anticipated effectiveness of each individual proposed investment. Effectiveness is determined based on completeness and adherence to programmatic guidelines.
Reviewers will score each investment individually using six questions to assess how well the investments satisfy the four criteria sections in the Investment Justification template: Overview, Baseline, Project Management and Milestones, and Accomplishments and Impact.

The questions the reviewers will score are:

A. Overview Section of Investment
   - How well are the activities described, including any activities that include planning, organization, equipment, training, and/or exercises?

B. Baseline Section of Investment
   - How well does this identify existing capability levels and address capability gaps?

C. Project Management and Milestones Section of Investment
   - How well does the activity support the selected core capabilities outlined in the Goal?
   - Does the budget narrative provide a clear explanation of why funds are needed and the outcomes the recipient wants to achieve?
   - Will the projects/activities achieve progress during the grant’s period of performance towards achieving the Investment?

D. Accomplishments and Impact Section of Investment
   - Do the outcome(s) demonstrate progress towards building the capability gap(s) identified in the Investment?

Each of the six questions that the reviewers score is worth a maximum of five points. Using their subject-matter expertise, the reviewers will provide a score from 1-5 for each question. Each investment will be reviewed by no less than two reviewers, who will use the following scoring scale to assess how well the information provided in each investment answers the question being scored:

1 = Little to None
2 = Inadequate
3 = Adequate
4 = Substantial
5 = Strong

To calculate the final score for each proposed investment, the scores from the six investment questions are first normalized by taking the average of the six scores, dividing this number by five, and multiplying the result by 100. For example, if an investment received the following scores for the six questions:

Question 1: 2
Question 2: 3
Question 3: 5
Question 4: 5
Question 5: 3
Question 6: 5

The sum of the scores is 23 (the average score is 3.8). The average score, 3.8 is then divided by five, and the result is multiplied by 100. The resulting normalized score is 76.67. The investment’s final score is determined by averaging the normalized scores from all reviewers of that investment.

Applicants who have not received funding in prior years will receive five additional points that will be added to the overall average normalized score for each investment submitted.

All final investment scores will be sorted in descending order and investments will be selected for recommendation from the highest score to lowest score until available FY 2019 THSGP funding has been exhausted. In the event of a tie during the investment recommendation determination process, DHS/FEMA will give priority to the tribal entity that has not received prior year funding.

DHS/FEMA will use the results of the review process to make funding recommendations to the Secretary of the Department of Homeland Security. Final funding determinations will be made by the Secretary of the Department of Homeland Security.
