I. TITLE: Public Assistance Policy on Insurance

II. DATE OF ISSUANCE: June 29, 2015

III. PURPOSE: This policy guides decision making and interprets statutes and regulations related to insurance requirements under FEMA’s Public Assistance program.

IV. SCOPE AND EXTERNAL AUDIENCE: This policy applies to major disasters declared on or after the date of publication of this policy. The policy is intended for personnel administering the Public Assistance program, as well as Public Assistance applicants.

VI. DEFINITIONS:

A. Applicant: A State agency, local government, tribal government, or eligible private nonprofit organization that submits an application for assistance. In this guidance, FEMA also applies the term “applicant” to “recipient” or “subrecipient,” which is the entity receiving assistance. (See 44 C.F.R. §§ 206.201(a) and (o) and 2 C.F.R. § 200.93.)

B. Blanket Policy: A single insurance policy that provides multiple types of coverage and/or covers multiple properties.

C. Building: A walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, as well as a manufactured home on a permanent foundation. (See 44 C.F.R. § 206.251(b).)

D. Contents: Generally, portable property located within a building. Contents may include items that are otherwise defined as “equipment and furnishings” or “library books and publications.” (See 44 C.F.R. §§ 206.226(h) and (i); and 2 C.F.R. §§ 200.313 and 314. See also definition of “contents coverage” in 44 C.F.R. § 59.1 related to National Flood Insurance Program.)

E. Coverage: The amount of risk or liability covered by insurance.

F. Deductible: A type of retained risk whereby the policyholder assumes the risk for a specified amount and the insurer deducts this amount from the loss before it pays up to the policy limit. Generally, either a specified dollar amount or a percentage of the insured amount.
G. **Equipment:** Tangible personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. (See 2 C.F.R. § 200.33.)

H. **Facility:** Any publicly or privately owned building, works, system, or equipment, built or manufactured, or an improved and maintained natural feature, (44 C.F.R. § 206.201(c)), and used synonymously in this policy with “property.”

I. **Hazard:** For the purpose of this policy, FEMA uses the term “hazard” as a synonym for peril, meaning the cause of the loss.

J. **Insurance:** Risk transfer from the insured to an insurer, where the insured agrees to pay a premium to the insurer, and in return the insurer agrees to reimburse the insured for covered losses to a property or properties if the losses are caused by designated hazards or perils. Insurance may also generally refer to this system of risk transfer.

K. **Insurance Pools:** Two or more entities which agree to share their risks under a contractual agreement. A pool is not under the control of a single pool member and is governed by a board or similar organizational entity comprised of participating members.

L. **National Flood Insurance Program (NFIP):** The program of flood insurance coverage and floodplain management administered under the National Flood Insurance Act of 1968, as amended, and applicable Federal regulations promulgated in 44 C.F.R., Subchapter B (Parts 50-149).

M. **Policy Limit:** The maximum amount provided for a type of loss under an insurance policy.

N. **Recipient:** The recipient is the government to which FEMA awards a grant. The recipient is accountable for the use of funds provided. Generally, the recipient refers to the government of the State where the President declares a major disaster. However, the term may also refer to an Indian Tribal government when the Chief Executive requests the declaration or when it chooses to act as recipient. The recipient is also considered a “pass-through entity” if it provides subawards to applicants. (2 C.F.R. §§ 200.74 and 200.86, and 44 C.F.R. § 206.201(e).)

O. **Self-Insurance Plan:** A formal means to manage risk through dedicated self-funding rather than through commercially available insurance. FEMA distinguishes a self-insurance plan from non-insurance, “rainy-day funds,” or other forms of risk retention through evidence of fixed contributions and a formalized plan or system to pay losses as they occur.

P. **Self-Insured Retention:** A type of retained risk whereby the policyholder retains an amount of loss before an additional layer (or layers) of coverage become available. With a self-insured retention, the insured retains responsibility for paying covered claims up to a set threshold. Upon meeting the threshold, the insurer offering the additional layer(s) (i.e., the excess insurer) assumes liability. FEMA does not consider self-insured retentions to constitute self-insurance plans.

Q. **Special Flood Hazard Area (SFHA):** An area identified by FEMA as having special flood, mudflow, or flood-related erosion hazards. (See 44 C.F.R. § 59.1.)

R. **Standard Flood Insurance Policy (SFIP):** The flood insurance policy issued by the Federal Insurance Administrator or an insurer pursuant to an arrangement with the Federal Insurance Administrator pursuant to Federal statutes and regulations. (See 44 C.F.R. § 59.1.)
S. State Insurance Commissioner: A state official designated with regulating and overseeing the business of insurance within their state. May also be referred to by another title.

T. Temporary Facility: A facility that houses an essential community service while the facility where the essential service is normally performed is repaired, restored, or replaced.

U. Vehicle: For the purpose of this policy, FEMA uses the term “vehicle” to mean a mechanized device used for carrying passengers, goods, or equipment.

VII. POLICY:

PART 1: Insurance Requirements Relating to Repair, Restoration, and Replacement of Damaged Facilities (Section 311 of the Stafford Act)

A. The Requirement to Obtain and Maintain Insurance. When FEMA provides an applicant assistance for permanent work to replace, restore, repair, reconstruct, or construct a facility, the applicant must insure that facility against future loss.1 FEMA refers to this as the requirement to “obtain and maintain” insurance, or, the “insurance requirement.”

1. By law, applicants must comply with this requirement as a condition of FEMA assistance.2
2. FEMA applies this requirement to buildings, contents, equipment, and vehicles.
3. FEMA does not require applicants to obtain and maintain insurance for temporary facilities.

B. Types and Extent of Insurance Required. The Stafford Act requires that applicants insure facilities and their contents with the “types and extent” of insurance that is reasonably available, adequate, and necessary to protect against future loss to the property.3 Types refers to the hazard(s) that caused the disaster-related damage and extent refers to the amount of insurance required.4

1. FEMA will calculate the amount of insurance the applicant is required to obtain and maintain using estimated or actual eligible costs prior to any reductions (for example, reductions by insurance proceeds or based on a previous insurance requirement) and including both the Federal and non-Federal cost share.
   a. If FEMA provides assistance that covers costs related to replacing, restoring, repairing, reconstructing, or constructing items that are not buildings, contents, equipment, and vehicles, FEMA will subtract costs related to these items from the amount of required insurance.

---

1 42 U.S.C. § 5154; 44 C.F.R. §§ 206.251(a), 206.252(d), and 206.253(b)(1).
2 42 U.S.C. § 5154; 44 C.F.R. §§ 206.251(a), 206.252(d), and 206.253(b)(1). Assistance is any form of Federal grant under sections 406, 422, and 428 of the Stafford Act to replace, restore, repair, reconstruct, or construct a facility and/or its contents as a result of a major disaster.
3 42 U.S.C. § 5154.
4 42 U.S.C. § 5154(a); 44 C.F.R. §§ 206.252(d) and 206.253(b)(1).
b. FEMA does not require applicants to obtain and maintain insurance when the eligible costs (prior to reductions) provided to replace, restore, repair, reconstruct, or construct an insurable facility are less than $5,000.5

2. Applicants must insure against future losses from the hazard(s) that caused the damage to the property.6
   a. When multiple hazards cause damage to a property, the applicant must insure against each hazard in an amount based on the damage caused by each hazard.
   b. FEMA requires insurance against the hazard(s) that caused the damage, even if that means the applicant must purchase additional or broader coverage. For example, if wind caused the damage to the property, the FEMA-required wind coverage may in some circumstances be available only if the applicant obtains an all-risk policy.
   c. If an applicant relocates a facility outside of a Special Flood Hazard Area (SFHA), FEMA may not require the applicant to obtain and maintain flood insurance (depending on the risk), but will require an all-hazards or other appropriate policy to protect against future loss.7

3. Prior to project approval, FEMA will notify applicants of their initial insurance requirement(s) and identify the types and extent of insurance the applicant is required to obtain and maintain.

4. The type and extent of insurance required may be modified based on the provisions of Sections D or E of this Part.

C. Complying with the Insurance Requirement. Applicants may comply with the insurance requirement for both flood and non-flood hazards with coverage available through commercial property insurance, which may include blanket policies; standard flood insurance policies; insurance pools; or a combination of these sources. In some cases, and with FEMA approval, applicants may comply with the insurance requirement using a self-insurance plan.

1. Retained Risk: Applicants will usually retain some reasonable amount of risk, for example through a deductible or self-insured retention, because generally no insurer will accept 100 percent risk transfer. FEMA does not prescribe a reasonable amount of retained risk.

2. Self-Insurance: An applicant may request using a self-insurance plan to comply with the insurance requirement. The request must be made in writing to FEMA through the recipient, and include a self-insurance plan for FEMA’s approval at the time the applicant accepts assistance or subsequently as described in this policy (see Section VII, Part 1(F)).8

5 44 C.F.R. §§ 206.252(d) and 206.253(d)
6 42 U.S.C. § 5154(a); 44 C.F.R. §§ 206.252(d) and 206.253(b)(1).
7 FEMA will reduce assistance for the facility in the SFHA pursuant to Section 406(d)(1) of the Stafford Act, as appropriate. See Section VII, Part 2(B) of this policy.
8 42 U.S.C. § 5154(c).
a. The applicant’s self-insurance plan must be deemed acceptable by FEMA in order to comply with the insurance requirement. The applicant’s self-insurance plan should specify:
   i. The authority for developing, implementing, and enforcing the plan;
   ii. The financial arrangement used to fund the plan and pay for losses, which includes a system for fixed contributions and a formalized plan to pay losses as they occur;
   iii. How funds will be distributed;
   iv. The hazards/perils covered;
   v. Commercial property insurance and/or reinsurance, including blanket policies; standard flood insurance policies; insurance pools; or a combination of these sources that provide additional coverage; and
   vi. An inventory of property covered by the plan, which includes the location of individual properties and an estimate of the current replacement costs of the properties.

b. For properties located in an SFHA:
   i. For the purposes of complying with the requirements of Section 311 of the Stafford Act and this policy, FEMA will only consider approving a self-insurance plan for any property located in an SFHA once the applicant has otherwise met the flood insurance purchase requirements of the National Flood Insurance Act.
   ii. Only the Federal Insurance Administrator has the authority to approve self-insurance plans to meet the statutory requirement to purchase flood insurance up to the maximum limit of coverage provided by the NFIP for State-owned structures and their contents in an SFHA.
   iii. Determinations from the Federal Insurance Administrator that a State’s plan of self-insurance exempts it from the flood insurance purchase requirement of the National Flood Insurance Act do not constitute approval of a self-insurance plan:
      1) For any other hazard; or
      2) That meets the requirements of Section 311 of the Stafford Act and this policy.

3. As part of its grant approval procedures, FEMA will determine whether an applicant’s insurance coverage complies with the requirement.

D. Modifying the Insurance Requirement. An applicant may request that FEMA modify the insurance requirement if the applicant attempts to comply with the requirement and believes that: the required insurance is not reasonably available; an alternative to the insurance requirement provides adequate protection against future loss to the property; or the required insurance is not necessary to protect against future losses to the property.

1. The applicant should submit its written request to modify the insurance requirement to FEMA through the recipient. The request should include supporting documentation.
2. In its supporting documentation, the applicant should identify and provide relevant evidence, such as:
a. Whether insurance coverage for the hazard or category of property exists, the conditions under which insurers offer coverage, or whether like-situated parties have substantially similar coverage;
b. Whether the applicant can obtain the amount of insurance coverage, and if not, why (for example, if the amount of insurance FEMA requires exceeds the value of the property);
c. The likelihood of repetitive damage;
d. Whether hazard mitigation measures reduce future risk to the property;
e. Information describing the alternative to insurance and an explanation as to why it provides adequate protection against future loss;
f. The affordability of the types and extent of insurance, including the amount of retained risk required as part of available insurance policies, and the cost of insurance in relation to the applicant’s operating budget; and
g. The possibility of renewing an existing insurance policy.

3. In its request, the applicant should also specify the types and extent of insurance it suggests are reasonably available, adequate, and necessary to protect against future loss, based on the supporting documentation provided.

4. FEMA will consider the request provided by the applicant and work with the applicant and recipient to determine whether it is appropriate to modify the insurance requirement.

E. State Insurance Commissioner Certifications. FEMA will not require greater types and amounts of insurance than are certified as reasonably available, adequate, or necessary by the appropriate State insurance commissioner. The State insurance commissioner cannot waive Federal insurance requirements, but may certify the types and extent of insurance reasonable to protect against future loss to an insurable facility.

1. In a certification, a State insurance commissioner should identify the facility or facilities that the certification applies to and certify the types and extent of insurance reasonable to protect against future loss to the property or properties.

2. The certification should include supporting information regarding the availability, adequacy, and necessity of insurance such as:
   a. Insurance market conditions, including market competition and the relative size of voluntary and residual markets within the State and declared area;
   b. Reasonable risk management practices based on the applicant’s function, size, and operating budget; and

---

9 44 C.F.R. § 206.253(d).
10 When the applicant is a Indian Tribal government, the State insurance commissioner should consult with the Indian Tribal government representative designated to regulate and oversee insurance within their jurisdiction, if such a position exists.
11 42 U.S.C. § 5154(a)(2); 44 C.F.R. §§ 206.252(d) and 206.253(c).
c. Additional information related to the hazard(s) and class(es) of property for which the applicant must obtain insurance, the extent of policy limits for each insured property, and related premium costs.

3. FEMA will not accept a State insurance commissioner certification that purports to certify that flood insurance—up to the maximum amount of coverage available through an SFIP—is not reasonably available for properties insurable under the NFIP.

4. FEMA will use the type and amount of insurance certified as reasonably available, adequate, or necessary by the State insurance commissioner to modify the applicant’s insurance requirement.

5. A State insurance commissioner certification regarding an applicant’s property only applies to the current declared event. FEMA does not consider prior certifications when establishing insurance requirements in a subsequent disaster.

F. Timeframes for Obtaining Insurance. FEMA will only approve assistance under the condition that an applicant obtains and maintains the required insurance.

1. The applicant must document its commitment to comply with the insurance requirement with proof of insurance.

2. If an applicant cannot insure a facility prior to grant approval (for example, if a building is being reconstructed), the applicant may provide a letter of commitment stating that they agree to the insurance requirement and will obtain the types and extent of insurance required, followed at a later date by proof of insurance once it is obtained. In these cases, the applicant should insure the property:
   a. When the applicant resumes use of or legal responsibility for the property (for example, per terms of construction contract or at beneficial use of the property); or
   b. When the scope of work is complete.

3. FEMA and the recipient will verify proof of insurance prior to grant closeout to ensure the applicant has complied with the insurance requirement.

4. An applicant should notify FEMA—in writing through the recipient—of changes to their insurance which impact their ability to satisfy the insurance requirement after it provides proof of insurance to FEMA. This includes changes related to self-insurance. If an applicant fails to do this, FEMA may de-obligate assistance and not provide assistance in a future disaster.

G. Consequences of Non-Compliance (Failure to Obtain and Maintain Insurance). If an applicant does not comply with the insurance requirement in accordance with this policy and

---

12 42 U.S.C. § 5154(a)(1); 44 C.F.R. §§ 206.252(d) and 206.253(b)(1).
14 42 U.S.C. §§ 5154(a)(1) and (b); 2 C.F.R. § 200.338.
applicable legal authorities,\textsuperscript{15} FEMA will deny or de-obligate assistance in the current disaster and deny future assistance for that facility.\textsuperscript{16}

**H. Subsequent Assistance.** When a facility that received assistance is damaged by the same hazard in a subsequent disaster:

1. If the applicant failed to maintain the required insurance from the previous disaster, then the facility is not eligible for assistance in any subsequent disaster (see Section G of this part).\textsuperscript{17}

2. Upon proof that the applicant maintained its required insurance, FEMA will reduce assistance in the subsequent disaster by the amount of insurance required in the previous disaster regardless of:
   a. The amount of any deductible or self-insured retention the applicant assumed (i.e., "retained risk");
   b. The method of coverage the applicant chose in order to comply with the requirement (for example, commercial property insurance, which may include blanket policies; standard flood insurance policies; insurance pools; an approved self-insurance plan; or a combination thereof);\textsuperscript{18} or
   c. Whether the policy provides coverage for ineligible losses also incurred as a result of the disaster (for example, business interruption).

3. If FEMA modified the applicant’s insurance requirement pursuant to Sections D or E of this Part, assistance will be reduced by the modified insurance requirement.

4. If the applicant’s anticipated or actual insurance proceeds are higher than the amount of insurance required in the previous disaster, FEMA will reduce assistance by that amount in accordance with Section VII, Part 2(A) of this policy.

**PART 2: Other Insurance-Related Provisions. (Sections 312 and 406(d) of the Stafford Act)**

**A. Duplication of Benefits.** FEMA cannot provide assistance for disaster-related losses that duplicate benefits available to an applicant from another source, including insurance.\textsuperscript{19}

1. Before FEMA approves assistance for a property, an applicant must provide FEMA with information about any actual or anticipated insurance settlement or recovery it is entitled to for that property.\textsuperscript{20}

2. FEMA will reduce assistance to an applicant by the amount of its actual or anticipated insurance proceeds.\textsuperscript{21}

\textsuperscript{15} See Section V, Authorities.
\textsuperscript{16} 42 U.S.C. §§ 5154(a) and (b); 44 C.F.R. §§ 206.250(a), 206.252(d), and 206.253(e) and (f).
\textsuperscript{17} 42 U.S.C. § 5154(b).
\textsuperscript{18} 42 U.S.C. §§ 5154(b) and (c); 44 C.F.R. §§ 206.250(a) and 206.253(b)(2).
\textsuperscript{19} 42 U.S.C. § 5155.
\textsuperscript{20} 44 C.F.R. §§ 206.252(c) and 206.253(a).
a. FEMA will reduce assistance by actual proceeds unless the amount is unavailable, in which case the anticipated proceeds will be used to estimate the reduction until the actual amount of insurance proceeds is determined.

b. FEMA will not reduce assistance for any retained risk, such as a deductible, where there is no previous insurance purchase requirement. However, as explained in Section VII, Part 1(H)(2), if the facility is damaged in a subsequent disaster, FEMA will reduce assistance in the subsequent disaster by the amount of the previous requirement, regardless of the amount of retained risk.

3. Applicants must take reasonable efforts to recover insurance proceeds that they are entitled to receive from their insurer(s).
   a. Insolvent Insurer: If an applicant is unable to recover insurance proceeds owed by an insurer because the insurer is found to be legally insolvent due to the disaster event, FEMA will not reduce assistance by the amount of insurance proceeds the applicant was entitled to receive from the insurer.22
   b. Legal Fees: If an applicant incurs legal fees in an effort to recover insurance proceeds from an insurer, FEMA will subtract the cost of reasonable legal fees from the insurance proceeds before reducing assistance.

4. When an applicant receives proceeds for losses that are ineligible for FEMA assistance (for example, business interruption), FEMA will calculate a relative apportionment of insurance proceeds before reducing assistance. FEMA will apportion insurance proceeds as follows:
   a. Based on the proceeds per type of loss as specified by the applicant’s policy or settlement documentation;
   b. Based on policy limits for categories of loss as specified in the applicant’s policy; or
   c. Based on the ratio of total eligible losses compared to total ineligible losses.

5. If an applicant has an insurance requirement from a previous event:
   a. FEMA will reduce assistance by the actual or anticipated insurance proceeds or the amount of insurance required in the previous disaster, whichever is greater.
   b. FEMA will only consider insolvent insurers, legal fees, or apportionment of proceeds as described in Section VII, Part 2(A)(3) and (4) when the applicant’s anticipated or actual insurance proceeds are higher than the amount of insurance required in the previous disaster.
   c. If an applicant failed to obtain or maintain insurance for a facility as required in the previous disaster, that facility is not eligible for disaster assistance, as discussed in Section VII, Part 1(G) and (H)(1).

21 44 C.F.R. §§ 206.250(c), 206.252(c), and 206.253(a).
22 If the insurer is found to be legally insolvent for any other reason, FEMA will make a determination regarding reductions on a case-by-case basis.
B. Properties Located within Special Flood Hazard Areas. For properties located in a Special Flood Hazard Area (SFHA), applicable law may require FEMA to reduce assistance.

1. The reduction of assistance applies to NFIP-insurable properties that meet each of the following criteria:
   a. Located in an SFHA where FEMA has identified the area as an SFHA for more than one year;
   b. Damaged by flooding; and
   c. Uninsured for flood loss.23

2. FEMA will reduce assistance by the lesser of:
   a. The value of the property at the time of the disaster; or
   b. The maximum amount of insurance proceeds that an SFIP would provide for a building and its contents.24

3. Exception: For private nonprofit applicants in communities that do not participate in the NFIP, FEMA will not reduce assistance as described in Section VII, Part 2(B). However, in order for FEMA to approve assistance for the private nonprofit applicant, the community must agree to participate in the NFIP within six months of the declaration, or the private nonprofit must obtain and maintain flood insurance from another source.25

4. For property located in an SFHA that is covered by flood insurance:
   a. FEMA will reduce assistance by the amount of actual or anticipated insurance proceeds.26
   b. If the property is not insured through an SFIP and the amount of actual or anticipated proceeds is less than what would be provided through an SFIP, then FEMA will reduce assistance by the maximum amount of insurance proceeds that an SFIP would provide.

5. If an applicant believes that a property is not located in the identified SFHA, as indicated by the current Flood Insurance Rate Map (FIRM), the applicant may request a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR) to FEMA within six months of the disaster declaration.
   a. It is the sole responsibility of an applicant to request a LOMA or LOMR if it believes that its property is not located in the identified SFHA as indicated on the current FIRM.27
   b. FEMA will not reimburse costs incurred in pursuit of a LOMA or LOMR.28
   c. FEMA will reduce assistance as described above (Section VII, Part 2(B)) until and unless the applicant obtains a LOMA or LOMR.
