Introduction to the ND Grants

Welcome to the ND Grants Management System (ND Grants). ND Grants provides many features to help manage applications more efficiently, and includes system has functionality for:

- Grant application
- Award acceptance
- Amendments
- Performance Reporting

Future releases will have additional system functionalities that will allow ND Grants to support the entire grant lifecycle including functionality for award closeouts, sub-grant recipient functions, and financial payments.

NOTE:

- The current release of ND Grants does not have functionality for sub-grant recipients. Only primary grant recipients will be submitting applications and managing awards in ND Grants.

User Guide Organization

This user guide will help all grant recipients manage applications and awards in ND Grants. Though this user guide is primarily for grant recipients, it can also help Federal Emergency Management Agency (FEMA) personnel understand the grant recipient functionality.

Questions?

For additional assistance using the ND Grants System, please contact the ND Grants Service Desk at 1-800-865-4076 or NDGrants@fema.dhs.gov. For programmatic or grants management questions, please contact your Program Manager or Grants Specialist.

Registration and Login

Creating an ND Grants Account

To access the ND Grants system, you must first register an account. Registration can be completed within the FEMA portal at <https://portal.fema.gov>. After the registration process is complete, your User ID and password will be used to log into ND Grants.

NOTE:

- If you have already registered but forgot your User ID or password, click on the **Forgot Password?** or the **Forgot ID?** buttons for assistance
- If you need additional assistance resetting your password, contact the FEMA Enterprise Service Desk at 1-877-611-4700

Step 1

From the *FEMA Login* page, click the **New Non-PIV User?** button

Figure 1. Click the **New Non-PIV User?** button on the *FEMA Login* page

The screenshot displays the FEMA Login page. At the top, it states "OUR MISSION" and describes the goal of reducing loss of life and property. Below this, there are language options for "Español" and "English". The main login area includes fields for "* User ID:" and "* Password:" (both marked as required), with "Login" and "Reset" buttons. A note indicates "Session expires in thirty minutes for this application". At the bottom of the login area, there are buttons for "Forgot ID?", "Forgot Pwd?", and "New Non-PIV User?". The "New Non-PIV User?" button is highlighted with a red border. To the right of the login area, there is a section for PIV card users, showing a sample card for "John Doe" and a "New PIV User?" button. A text instruction reads: "Please insert your FEMA PIV card into your smart card reader before attempting to login, then press the PIV card image."

Step 2

If necessary, enter the characters appearing above the text box on the *Image Verification* page and click the **Submit** button

NOTE:

- If you are not participating in an in-person ND Grants training session, you can request the access code by calling the ND Grants Service Desk at 1-800-865-4076 or by sending an email to NDGrants@fema.dhs.gov

Logging into ND Grants

Step 1

From the *FEMA Login* page, enter your user ID and password, and click the **Login** button

Figure 8. Enter your user ID and password and click the **Login button**

The screenshot shows the FEMA login interface. At the top, it says "OUR MISSION" with a brief description. Below this are language links for "Español" and "English". The main login area contains fields for "* User ID:" and "* Password:", both marked as required. Below these fields are "Login" and "Reset" buttons. A note states "Session expires in thirty minutes for this application". At the bottom of the login area are links for "Forgot ID?", "Forgot Pwd?", and "New Non-PIV User?". To the right of the login area is a graphic of a PIV card for "John Doe" with the FEMA logo. Text next to the card says "Please insert your FEMA PIV card into your smart card reader before attempting to login, then press the PIV card image." Below the card graphic is a "New PIV User?" button.

Step 2

From the dashboard, click the **ND Grants** icon to open the ND Grants homepage

Figure 9. Click the **ND Grants icon**

The screenshot shows the FEMA DHS FEMA Enterprise Identity Management System dashboard. The header includes the FEMA logo, the system name, and version/server information. Below the header are tabs for "Available Applications", "Authorized Applications", "Inbox", and "Profile". A link "Click here to request new privileges." is present. In the main content area, there is a red-bordered box containing a blue icon with a green circle and the text "ND GRANTS".

Navigating ND Grants

Figure 10. The ND Grants homepage

Dropdowns: The ND Grants homepage has four dropdowns across the top of the screen – Pending Tasks, Applications, Grants, and Administration. The dropdown menus are organized to follow the tasks a grant recipient will complete throughout the grant life-cycle. Similar tasks are grouped together.

- The Pending Tasks dropdown contains a list of all the tasks pending in your queue
- The Applications dropdown contains all functions related to managing and submitting applications
- The Grants dropdown contains all the functions related to post award management, including amendments and performance progress reports
- The Administration dropdown allows you to manage the organizations and contacts associated with the organization

Pending Tasks: The individual grant recipient tasks are listed under each Task heading. The number of awards awaiting action for the task is also displayed under each task heading

Managing Organizations

To access any applications or awards, you must belong to the organization with which the application or award is associated. An organization serves as a recipient's profile within ND Grants, allowing users to create and manage awards and applications. FEMA requests that all applicants provide their organization's contact information.

From the Administration dropdown, users can perform tasks for organizations to which they belong. Specifically, users can manage organizations, request access to other organizations, view other users with access to the same organizations, and review organization access requests.

Users that do not currently belong to an organization must request access to the appropriate organization. Only the Organization Administrator can approve the access requests submitted by users. The Organization Administrator has the authority to update the organization information and modify user privileges for the organization.

Viewing Organizations

Organizations you belong to will be listed on the *Organization Administration* page. If you belong to an organization and are the Organization Administrator for that organization, you can add contacts for the organization and additional system users of the organization.

Step 1

Under the Administration dropdown, click the **Organizations** link to view the *Organization Administration* page

ND Grants User Roles

An Organization Administrator can assign and manage the roles within the organization. New users can also request roles when requesting access to the organization. Once assigned a role, users are granted specific privileges for the organization:

- ND Grants user roles define the user's responsibilities for the organization, applications, and grants. Users may have more than one role
- The roles assigned to a user for the organization are not the same roles that they are assigned for an award. For example, a user with the Authorized Official role for the organization may not have the Authorized Official role and permissions for a grant. Please verify that you have the correct roles to complete your grants management tasks
- The Organization Administrator can change user roles by updating the User Roles section on the *Update Organization* page. You can update the user roles for an award by submitting an amendment requesting that the roles be updated
- Organizations should ensure that they have assigned as least two people with this role in the event of personnel change

Table 1. The table describes each role and provides an overview of specific considerations

Role	Description	Considerations
Organization Administrator	Responsible for approving access requests, adding/removing user roles, managing contacts	▪ Whoever establishes the organization in ND Grants automatically becomes the Organization Administrator
Authorized Official (Organization)	Manages the award throughout the grant lifecycle	▪ Several users can be the Authorized Official for an organization ▪ To become the Authorized Official on a grant, you must first have the Authorized Official role for the organization
Authorized Official (Grant)	Manages the award throughout the grant lifecycle	▪ The user who submits the grant application for the organization must have the Authorized Official role for the organization ▪ Only one user can be the Authorized Official for a grant and grant application ▪ The Authorized Official has the authority to sign and submit a grant application on behalf of the Signatory Authority ▪ The Authorized Official can submit amendments and performance progress reports for the grant

Role	Description	Considerations
Signatory Authority	An organization user or contact, whose name appears on the application and other grants management documents	- The Signatory Authority does not require ND Grants access, but must be listed as an Organization Contact - While the Signatory's name appears on the application, the Authorized Official signs the application - The role is assigned as part of the grant application process
Grant Administrator	Submits performance reports and award functions for the Organization	The role is currently not activated, preventing a user from editing applications or submitting progress reports
Grant Writer	Manages application details before application submission	N/A
Financial Specialist		The role is currently not activated

The ND Grants users can perform different tasks based on their roles.

Requesting Organization Access

Once you have created an ND Grants user account, you must either request access to an existing organization, or create a new organization. If the organization has already been created, you must submit an Organization Access Request to access the organization's applications and awards.

Step 1

Under the Administrations dropdown, click the [Request Organization Access](#) link

Figure 21. Click the [Request Organization Access](#) link under the Administration dropdown

Step 2

Find the organization to which you want to request access by clicking the dropdown and typing in the name of the organization in the search bar

Figure 22. From the *Request Access to Organization* page, search for your organization

Step 3

Select the roles you need for the organization by clicking the checkboxes next to each role. Then click the **Submit** button

Figure 23. Click the **Submit** button once you have selected your roles on the *Request Access to Organization* page

Figure 24. The *Update Organization Access Request* page will feature a confirmation message upon successful submission

Step 4

To view submitted Organization Access Requests, under the Administration dropdown click the [Review Organization Access Request](#) link. Navigate to the Pending Access Requests tab and click the [View Organization Access Request](#) icon

Figure 25. Click the [View Access Requests](#) icon to view pending organization access requests

Legal Name	Roles Requested	Status	Action
000 test-org	Authorized Official, Financial Specialist, Grant Writer, Grants Administrator	Pending Review	

Forwarding Organization Access Requests

If the existing Organization Administrator is unavailable to approve the request, you can forward the request to the Program Manager. The Program Manager can only approve an access request that include the Organization Administration role but will approve the request if other roles are included as well.

NOTE:

- Organizations should ensure that they have assigned as least two people with the Organization Administrator role in the event of personnel change. If the Organization Administrator is leaving the organization, they should designate additional Organization Administrators if necessary before going so

Step 1

After submitting the organization access request, under the Administration dropdown, click the [Review Organization Access Requests](#) link

The screenshot shows the 'Organization Access Requests' page with the 'Pending Access Requests' tab selected. The search bar contains '000'. The table has four columns: 'Legal Name', 'Roles Requested', 'Status', and 'Action'. There are two rows of data. The first row shows '000 test-org' as the legal name, 'Financial Specialist, Grant Writer, Grants Administrator, Organization Administrator' as the roles requested, and 'Pending Review' as the status. The 'Action' column for this row contains two icons: a magnifying glass and a person icon, which is highlighted with a red rectangle. The second row shows '000 test-org' as the legal name, 'Authorized Official, Financial Specialist, Grant Writer, Grants Administrator' as the roles requested, and 'Pending Review' as the status. The 'Action' column for this row contains a magnifying glass icon.

Step 4

Complete all fields on the *Forward Organization Access Request* page. Enter the Fiscal Year and Funding Opportunity your organization has applied for and enter why you are requesting the Organization Administrator role. Then click the **Submit** button

Application Functionality

To apply for a FEMA preparedness or mitigation grant, you must begin the application process on Grants.gov. Once the initial application for Federal Assistance (SF-424) is complete in Grants.gov, the application will be automatically migrated for initial review in ND Grants. All the information from the SF-424 entered in the Grants.gov application will be automatically downloaded into ND Grants and reviewed for eligibility by ND Grants staff. After review, the application will be released back to you in ND Grants to complete, which includes updating the budget, adding any attachments, and completing any required Assurances and Certifications.

NOTE:

- If you need additional assistance completing the SF-424, contact the Grants.gov Service Desk at 1-800-518-4726 or support@grants.gov

Confirmation

Thank you for submitting your grant application package via Grants.gov. Your application is currently being processed by the Grants.gov system. Once your submission has been processed, Grants.gov will send email messages to advise you of the progress of your application through the system. Over the next 24 to 48 hours, you should receive two emails. The first will confirm receipt of your application by the Grants.gov system, and the second will indicate that the application has either been successfully validated by the system prior to transmission to the grantor agency or has been rejected due to errors.

Please do not hit the back button on your browser.

If your application is successfully validated and subsequently retrieved by the grantor agency from the Grants.gov system, you will receive an additional email. This email may be delivered several days or weeks from the date of submission, depending on when the grantor agency retrieves it.

You may also monitor the processing status of your submission within the Grants.gov system by clicking on the "Track My Application" link listed at the end of this form.

Note: Once the grantor agency has retrieved your application from Grants.gov, you will need to contact them directly for any subsequent status updates. Grants.gov does not participate in making any award decisions.

IMPORTANT NOTICE: If you do not receive a receipt confirmation and either a validation confirmation or a rejection email message within 48 hours, please contact us. The Grants.gov Contact Center can be reached by email at support@grants.gov, or by telephone at 1-800-518-4726. Always include your Grants.gov tracking number in all correspondence. The tracking numbers issued by Grants.gov look like GRANTXXXXXXX.

Submitting Applications after Initial Review

Applications submitted in Grants.gov and approved for eligibility will be released back to the applicant in ND Grants. Applicants will be notified via email to complete the application in ND Grants. Each step must be completed to submit the complete application.

Step 1

From the Application dropdown, click on the [Manage Applications](#) link

Figure 63. Click the [Manage Applications](#) link under the Applications dropdown

Step 2

Click the **Update Application** icon in the Action column for the application pending submission

Figure 64. Click the **Update Application** button to open the *Update Application* page

The screenshot shows the 'Application Administration' interface. At the top right is a 'Create Application' button. Below the header, there's a search bar and a table of applications. The table has columns for Application Number, Funding Opportunity Name, Funding Opportunity Number, Organization, Application State, Last Updated, and Action. Two applications are listed: one in 'Accepted' state and one in 'Pending Submission' state. The 'Pending Submission' application has an 'Update Application' icon (a document with a pencil) highlighted with a red box in the Action column.

NOTE:

- To filter through the list of applications, type the application number into the Search box for the desired application
- Applications pending submission have **Update Application** and **Withdraw Application** icons in the Action column, as they require additional information to be entered by the applicant

Step 3

To complete the application, scroll through each section on the *Update Application* page and complete all fields. Begin by reviewing the SF-424 Information section, which includes details migrated from the Grants.gov application.

If the Congressional District does not appear, the district number was incorrectly entered on the SF-424 in Grants.gov. To update the Congressional District, type the state abbreviation and the available congressional districts will appear in a dropdown

Step 7

In the Assurance and Certification section of the application, approve the Certification Regarding Lobbying, the SF-LLL, and the SF-424B. These must be approved before the application can continue processing.

The Signatory Authority's name will appear at the bottom of each Assurance and Certification. The Authorized Official should enter their password and sign the Assurance on behalf of the Signatory Authority. To sign, enter the Signatory Authority's prefix, the Signatory Authority's title, and your ND Grants password. Then click the **Sign Assurance** button.

For each Assurance and Certification document, you must electronically sign the form, or check the **Form Not Applicable to Application** box. In the SF-LLL section, if you click the **Form Not Applicable to Application** box, the section will collapse

Certification Regarding Lobbying

Status Pending

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, 'Disclosure of Lobbying Activities,' in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, 'Disclosure of Lobbying Activities,' in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Grants Management Functions

All post-award functions can be completed through the Grants dropdown on the ND Grants tool bar. Grant management functions include accepting or declining an award, submitting and managing amendments, and submitting performance progress reports.

Accepting or Declining an Award

Once an application is awarded by FEMA, ND Grants will generate a task for accepting the award. To review an award, navigate to the *Grants Dashboard* page, which lists all applications submitted for your organization in ND Grants. Any applications awaiting acceptance will feature the **Complete Award Offer Review** icon in the Action column on the grants dashboard. To proceed further, the award package must be accepted. If necessary, users can decline the award package.

Only a user with the Authorized Official role for the grant can accept or decline an award. The user that submits the application will automatically be assigned the Authorized Official role.

Step 1

To access Award Offers, click on the **Award Offer Review** link under the Pending Tasks column of the ND Grants homepage

Creating Amendment Requests

Once you've accepted your award, you can make changes to the grant in ND Grants by submitting an amendment request. Depending on the type of changes included in the request, the amendment may require FEMA approval. You can combine amendment types, and the amendment will proceed through the highest level of review based on the changes that are requested. Only one amendment can be submitted at a time.

Table 3. The amendment types, descriptions, and review parameters

Amendment Type	Amendment Description	Review Level
Contact Amendment	To add a contact to the award or update Primary/Secondary contact designation	Does not require FEMA internal review
Authorized Official	To change the Authorized Official on the award	Requires FEMA internal review
Signatory Authority	To change the Signatory Authority on the award	Requires FEMA internal review
Period of Performance	To change the performance start date or end date	Requires FEMA internal review
Cost Change	To increase or decrease the overall amount of the award	Requires FEMA internal review
Scope of Work	To update the totals in each budget object class	Requires FEMA internal review
Term and Condition Removal Request	To remove a Term and Condition from the award	Requires FEMA internal review

NOTE:

- Before submitting an amendment, contact your FEMA Program Manager to discuss the requested changes. Your FEMA Program Manager will ensure that you have justified the proposed changes correctly before the amendment is submitted
- If the current Authorized Official has left the organization, another user with the Authorized Official role for the organization can submit an Authorized Official amendment. **No other changes can be requested in the amendment**, as you will not be able to submit the amendment when other changes are included. All other requests can be included in future amendments once the update to the Authorized Official is approved

Step 1

Submitting Performance Progress Reports

As a part of the grant award, performance reporting is required. Once you accept an Award Package, you can submit performance progress reports through ND Grants. Using the progress report link in ND Grants, you can upload report documents, add comments, and submit it for FEMA review.

- Once a reporting period begins, documents can be uploaded through the progress report link in ND Grants, but cannot be submitted until the reporting period ends
- Progress reports can be submitted as early as the first day after the reporting period end date
- Progress report links are available on the first day of the reporting period start date or after the previous progress report is approved (whichever comes later)
- Progress reports are due 30 calendar days after the reporting period end date
- The final progress report is due 90 calendar days after the period of performance ends

Depending on the grant program, reporting frequency can vary from Annual Calendar, Annual Fiscal, Semi-Annual, Quarterly, and None. You will be required to submit a Final Report that covers the period between your last reporting end date until the project end date.

NOTE:

- FEMA may send email communications to either the Primary Contact or the Authorized Official, depending on the nature of the correspondence.
