

**FINDING OF NO SIGNIFICANT IMPACT**  
**Federal Emergency Management Agency**  
**Recurring Activities in Arizona, California, and Nevada**

In accordance with the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. §§ 4321–4327), the U.S. Department of Homeland Security’s (DHS) Federal Emergency Management Agency (FEMA) has prepared a Supplemental Environmental Assessment (SEA). The SEA provides necessary updates to the *Final Programmatic Environmental Assessment for Recurring Activities in Arizona, California, and Nevada*, prepared by FEMA in 2014. The PEA and SEA are available at FEMA’s website: <https://www.fema.gov/media-library/assets/documents/99470>.

On December 10, 2014, FEMA made a Finding of No Significant Impact conclusion on the environmental impacts of the actions described in the PEA. The SEA does not alter the actions or the analysis contained in the PEA, and the PEA is incorporated by reference in the SEA. The SEA updates the PEA with the following items:

- References to FEMA’s most current NEPA implementing procedures found in the FEMA Directive 108-1, FEMA Instruction 108-1-1, and DHS Instruction Manual 023-01-002-01, Revision 01.
- Summaries of complementary compliance related to FEMA Region IX’s programmatic consultations under Section 7 of the Endangered Species Act and Programmatic Agreements under Section 106 of the National Historic Preservation Act.
- A summary of the coordination steps outlined in the Memorandum of Understanding among the U.S. Army Corps of Engineers, FEMA Region IX, the U.S. Fish and Wildlife Service, and the National Marine Fisheries Service regarding environmental compliance activities and federal agency responsibilities for FEMA actions on non-tribal lands that occur in waters of the United States or navigable waters of the United States.

Based on the information contained in the PEA and the SEA, a review of the applicable environmental laws, and compliance with FEMA’s NEPA implementing procedures contained in FEMA Directive 108-1, FEMA Instruction 108-1-1, and DHS Instruction Manual 023-01-002-01, Revision 01 the following is concluded:

A Finding of No Significant Impact. Therefore, an Environmental Impact Statement will not be prepared. For more information, contact the Alessandro Amaglio, Regional Environmental Officer, at (510) 627-7027.
