NOTE: If you are going to apply for this funding opportunity and have not obtained an Employer Identification Number (EIN), a Data Universal Numbering System (DUNS) number, are not currently registered in the System for Award Management (SAM), or your SAM registration is not active, please take immediate action to obtain an EIN and DUNS Number, if applicable, and then register immediately in SAM or, if applicable, renew your SAM registration. It may take four weeks or more after you submit your SAM registration before your registration is active in SAM then an additional 24 hours for Grants.gov to recognize your information. Information on obtaining a DUNS number and registering in SAM is available from Grants.gov at: http://www.grants.gov/web/grants/register.html. Detailed information regarding DUNS, EIN, and SAM is also provided in Section D of this NOFO under the subsection titled “How to Register to Apply.” Detailed information regarding the time required for each registration is also provided in Section D of this NOFO under the subsection titled “Other Key Dates.”

   Initial

9. Program Category
   Preparedness: Community Security

10. Program Overview, Objectives, and Priorities
    a. Overview
       The Fiscal Year (FY) 2021 Tribal Homeland Security Grant Program (THSGP) is one of three grant programs that constitute the Department of Homeland Security (DHS)/Federal Emergency Management Agency’s (FEMA) focus on enhancing the ability of state, local, tribal and territorial governments, as well as nonprofits, to prevent, protect against, respond to, and recover from terrorist attacks. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by DHS to help strengthen the nation’s communities against potential terrorist attacks. Among the five basic homeland security missions noted in the DHS Strategic Plan, the THSGP supports the goal to Strengthen National Preparedness and Resilience.

       The 2018-2022 FEMA Strategic Plan creates a shared vision for reducing the risks posed by terrorism and sets an ambitious, yet achievable, path forward to unify and further professionalize emergency management across the country. The THSGP supports the goals of Building a Culture of Preparedness and of Readying the Nation for Catastrophic Disasters.
We invite our stakeholders and partners to also adopt these priorities and join us in building a more prepared and resilient nation.

Finally, for FY 2021, DHS is focused on the criticality of information sharing and collaboration to building a national culture of preparedness and protecting against terrorism and other emerging threats to our national security. DHS and its homeland security mission were born from the “failures among federal agencies and between the federal agencies and state and local authorities to share critical information related to the threat of terrorism” prior to the September 11, 2001, attacks. The threat profile has changed in the last two decades – we now face continuous cyber threats by sophisticated actors, threats to soft targets and crowded places, threats to our democratic election process and threats from new and emerging technologies. But information sharing and cooperation among state, local, and tribal authorities and federal agencies, including all DHS officials, is just as vital, and perhaps even more vital, today. Therefore, for FY 2021, we have identified four priority areas, tied to some of the most serious threats that recipients should address with their THSGP funds. Perhaps most importantly, DHS will be focused on forging partnerships to strengthen information sharing and collaboration in each of these priority areas and looking for recipients to remove barriers to communication and cooperation with DHS and other federal agencies.

b. Objectives

THSGP provides funding directly to eligible tribes to strengthen their capacities to prevent, prepare for, protect against, and respond to potential terrorist attacks.

c. Priorities

Given the evolving threat landscape, it is incumbent upon DHS/FEMA to continuously evaluate the national risk profile and set priorities that help ensure appropriate allocation of scarce security dollars. In assessing the national risk profile for FY 2021, four areas attract the most concern:

1) Enhancing cybersecurity;
2) Enhancing the protection of soft targets/crowded places;
3) Combating domestic violent extremism; and,
4) Addressing emerging threats (e.g., transnational criminal organizations, weapons of mass destruction [WMD], unmanned aircraft systems [UASs], etc.).

Likewise, there are several enduring security needs that crosscut the homeland security enterprise. The following are second-tier priorities that help recipients implement a comprehensive approach to securing communities:

1) Effective planning;
2) Training and awareness campaigns;
3) Equipment and capital projects; and,
4) Exercises.
The table below provides a breakdown of these priority areas for the FY 2021 THSGP, showing both the core capabilities enhanced and lifelines supported, as well as examples of eligible project types for each area. A detailed description of allowable investments for each project type is included in the Preparedness Grants Manual. As discussed in Section E, investments that sufficiently address one or more of the four National Priorities (enhancing cybersecurity; enhancing the protection of soft targets/crowded places; combating domestic violent extremism; or addressing emerging threats) will have their final review scores increased by a multiplier of twenty (20) percent.

**FY 2021 THSGP Funding Priorities**

--- | --- | --- | ---
Exercises | • Long-term vulnerability reduction | • Safety and security | • Response exercises

DHS/FEMA also requires THSGP recipients to complete a Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR), and to prioritize grant funding to support closing capability gaps or sustaining capabilities that address national priorities and/or support enduring needs. Additional information on the THIRA/SPR process, including other National Preparedness System (NPS) tools and resources, can be found at [https://www.fema.gov/national-preparedness-system](https://www.fema.gov/national-preparedness-system).

11. **Performance Metrics**
   Performance metrics for this program are as follows:

   • Percentage of funding allocated by the recipient to core capabilities to build or sustain the national priorities identified in the section above.

B. **Federal Award Information**

1. **Available Funding for the NOFO:** $15,000,000

2. **Period of Performance:** 36 months

   Extensions to the period of performance are allowed. For additional information on period of performance extensions, please refer to Section H of this NOFO or the [Preparedness Grants Manual](https://www.fema.gov/national-preparedness-system).

   FEMA awards under this program only include one budget period, so it will be same as the period of performance. See 2 C.F.R. § 200.1 for definitions of “budget period” and “period of performance.”

3. **Projected Period of Performance Start Date(s):** 10/01/2021

4. **Projected Period of Performance End Date(s):** 09/30/2024

5. **Funding Instrument Type:** Grant

C. **Eligibility Information**

1. **Eligible Applicants**
   Directly eligible tribes.

2. **Applicant Eligibility Criteria**
   To be eligible to receive THSGP funding, recipients must be directly eligible tribes. Directly eligible tribes are federally recognized tribes that meet the criteria set forth in Section 2001 of the *Homeland Security Act of 2002*, as amended (6 U.S.C. § 601).

Per 6 U.S.C. § 601(4), a “directly eligible tribe” is any federally recognized Indian Tribe that meets the following criteria:

(A) Any Indian Tribe—
   (i) that is located in the continental United States;
   (ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
   (iii) that is located on or near (100 miles) an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;
   (II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 2214(a)(2) of the Homeland Security Act of 2002, as amended (6 U.S.C. § 124l(a)(2) or has such a system or asset within its territory;
   (III) that is located within or contiguous to one of the 50 most populous metropolitan statistical areas in the United States; or
   (IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and
   (iv) that certifies to the Secretary of Homeland Security that a state has not provided funds under section 2003 (Urban Area Security Initiative) or 2004 (State Homeland Security Program) of the Homeland Security Act of 2002, as amended (6 U.S.C. § 604 or 605, respectively) to the Indian Tribe or consortium of Indian Tribes for the purpose for which direct funding is sought; and

(B) A consortium of Indian Tribes, if each tribe satisfies the requirements of subparagraph (A).

In summary, directly eligible tribes must meet each of the requirements set forth in (A)(i), (A)(ii), and (A)(iv). Tribes must also meet at least one of the requirements set forth in (A)(iii), that is either (A)(iii)(I), (A)(iii)(II), (A)(iii)(III), or (A)(iii)(IV). Finally, under subparagraph (B), a consortium may also be eligible to be a recipient if each Indian Tribe in the consortium meets the criteria for a directly eligible tribe under subparagraph (A).

In FY 2021, applicants must self-certify as to whether they meet the eligibility requirements. Self-certification will be provided on the THSGP Eligibility Certification Form as part of the application Investment Justification (IJ). Additionally, DHS/FEMA will verify grant recipient eligibility against these criteria. Any questions regarding an applicant’s proximity to a Critical Infrastructure (CI) site, as described in the eligibility criteria, may be directed to the State Administrative Agency (SAA) for the state with which the Tribe shares a border. The
SAA Contacts List can be found at http://www.fema.gov/media-library/assets/documents/28689?id=6363.

An application submitted by an otherwise eligible non-federal entity (i.e., the applicant) may be deemed ineligible when the person that submitted the application is not: 1) a current employee, personnel, official, staff or leadership of the non-federal entity; and 2) duly authorized to apply for an award on behalf of the non-federal entity at the time of application.

Further, the Authorized Organization Representative (AOR) must be a duly authorized current employee, personnel, official, staff or leadership of the recipient and provide an email address unique to the recipient at the time of application and upon any change in assignment during the period of performance. Consultants or contractors of the recipient are not permitted to be the AOR of the recipient.

3. Other Eligibility Criteria
   a. National Incident Management System (NIMS) Implementation
      Prior to allocation of any federal preparedness awards, recipients must ensure and maintain adoption and implementation of NIMS. The list of objectives used for progress and achievement reporting is on FEMA’s website at https://www.fema.gov/emergency-managers/nims/implementation-training.
      Please see the Preparedness Grants Manual for more information on NIMS.

4. Cost Share or Match
   Cost share or cost match is not required under this program.

D. Application and Submission Information
1. Key Dates and Times
   a. Application Start Date: 02/25/2021
   b. Application Submission Deadline: 05/14/2021 at 5:00 PM ET

All applications must be received by the established deadline.

The Non-Disaster (ND) Grants System has a date stamp that indicates when an application is submitted. Applicants will receive an electronic message confirming receipt of their submission. For additional information on how an applicant will be notified of application receipt, see the subsection titled “Timely Receipt Requirements and Proof of Timely Submission” in Section D of this NOFO.

FEMA will not review applications that are received after the deadline or consider these late applications for funding. FEMA may, however, extend the application deadline on request for any applicant who can demonstrate that good cause exists to justify extending the deadline. Good cause for an extension may include technical problems outside of the applicant’s control that prevent submission of the application by the deadline, other exigent or emergency circumstances, or statutory requirements for FEMA to make an award.
Applicants experiencing technical problems outside of their control must notify FEMA as soon as possible and before the application deadline. Failure to timely notify FEMA of the issue that prevented the timely filing of the application may preclude consideration of the award. “Timely notification” of FEMA means: prior to the application deadline and within 48 hours after the applicant became aware of the issue.

A list of FEMA contacts can be found in Section G of this NOFO, “DHS Awarding Agency Contact Information.” For additional assistance using the ND Grants System, please contact the ND Grants Service Desk at (800) 865-4076 or NDGrants@fema.dhs.gov. The ND Grants Service Desk is available Monday through Friday, 9:00 AM – 6:00 PM Eastern Time (ET). For programmatic or grants management questions, please contact your Program Analyst or Grants Specialist. If applicants do not know who to contact or if there are programmatic questions or concerns, please contact the Centralized Scheduling and Information Desk (CSID) by phone at (800) 368-6498 or by e-mail at askcsid@fema.dhs.gov, Monday through Friday, 9:00 AM – 5:00 PM ET.

c. **Anticipated Funding Selection Date:** No later than 07/16/2021

d. **Anticipated Award Date:** No later than 09/30/2021

2. **Agreeing to Terms and Conditions of the Award**
By submitting an application, applicants agree to comply with the requirements of this NOFO and the terms and conditions of the award, should they receive an award.

3. **Address to Request Application Package**
See the Preparedness Grants Manual for requesting and submitting an application.
Initial applications are processed through the Grants.gov portal. Final applications are completed and submitted through FEMA’s Non-Disaster Grants (ND Grants) System. Application forms and instructions are available at Grants.gov. To access these materials, go to http://www.grants.gov.

4. Steps Required to Obtain a Unique Entity Identifier, Register in the System for Award Management (SAM), and Submit an Application

Applying for an award under this program is a multi-step process and requires time to complete. Applicants are encouraged to register early as the registration process can take four weeks or more to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required submission deadlines.

Please review the table above for estimated deadlines to complete each of the steps listed. Failure of an applicant to comply with any of the required steps before the deadline for submitting an application may disqualify that application from funding.

To apply for an award under this program, all applicants must:

a. Apply for, update, or verify their Data Universal Numbering System (DUNS) number from Dun & Bradstreet and Employer Identification Number (EIN) from the Internal Revenue Service;
b. In the application, provide a valid DUNS number, which is currently the unique entity identifier;
c. Have an account with login.gov;
d. Register for, update, or verify their SAM account and ensure the account is active before submitting the application;
e. Create a Grants.gov account;
f. Add a profile to a Grants.gov account;
g. Establish an Authorized Organizational Representative (AOR) in Grants.gov;
h. Register in ND Grants
i. Submit an initial application in Grants.gov;
j. **Submit the final application in ND Grants, including electronically signing applicable forms; and**
k. Continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency. As part of this, applicants must also provide information on an applicant’s immediate and highest-level owner and subsidiaries, as well as on all predecessors that have been awarded federal contracts or federal financial assistance within the last three years, if applicable.

Specific instructions on how to apply for, update, or verify a DUNS number or SAM registration or establish an AOR are included below in the steps for applying through Grants.gov.

Applicants are advised that FEMA may not make a federal award until the applicant has complied with all applicable DUNS and SAM requirements. Therefore, an applicant’s SAM
registration must be active not only at the time of application, but also during the application review period and when FEMA is ready to make a federal award. Further, as noted above, an applicant’s or recipient’s SAM registration must remain active for the duration of an active federal award. If an applicant’s SAM registration is expired at the time of application, expires during application review, or expires any other time before award, FEMA may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

Per 2 C.F.R. § 25.110(c)(2)(ii), if an applicant is experiencing exigent circumstances that prevents it from receiving a DUNS number and completing SAM registration prior to receiving a federal award, the applicant must notify FEMA as soon as possible by contacting askcsid@fema.dhs.gov and providing the details of the circumstances that prevent completion of these requirements. If FEMA determines that there are exigent circumstances and FEMA has decided to make an award, the applicant will be required to obtain a DUNS number and complete SAM registration within 30 days of the federal award date.

5. **Electronic Delivery**

DHS is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. DHS encourages or requires applicants to submit their applications online through Grants.gov, depending on the funding opportunity.

For this funding opportunity, FEMA requires applicants to submit initial applications through Grants.gov and a final application through ND Grants.

6. **How to Register to Apply through Grants.gov**

For information on how to register to apply through Grants.gov, please see the [Preparedness Grants Manual](#).

7. **How to Submit an Initial Application to FEMA via Grants.gov**

Standard Form 424 (SF-424) is the initial application for this NOFO.

Grants.gov applicants can apply online using a workspace. A workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each Notice of Funding Opportunity, you can create individual instances of a workspace. Applicants are encouraged to submit their initial applications in Grants.gov at least seven days before the application deadline.

In Grants.gov, applicants need to submit the following forms:
- SF-424, Application for Federal Assistance
- Grants.gov Lobbying Form, Certification Regarding Lobbying

For further information on how to submit an initial application via Grants.gov, please see the [Preparedness Grants Manual](#).
8. Submitting the Final Application in ND Grants
After submitting the initial application in Grants.gov, eligible applicants will be notified by FEMA and asked to proceed with submitting their complete application package in ND Grants. Applicants can register early with ND Grants and are encouraged to begin their ND Grants registration at the time of this announcement or, at the latest, seven days before the application deadline. Early registration will allow applicants to have adequate time to start and complete their applications.

Applicants needing assistance registering for the ND Grants system should contact ndgrants@fema.dhs.gov or (800) 865-4076. For step-by-step directions on using the ND Grants system and other guides, please see https://www.fema.gov/grants/guidance-tools/non-disaster-grants-management-system.

In ND Grants, applicants will be prompted to submit the standard application information and any program-specific information required as described in Section D.10 of this NOFO, “Content and Form of Application Submission.”. The Standard Forms (SF) are auto generated in ND Grants, but applicants may access these forms in advance through the Forms tab under the SF-424 family on Grants.gov. Applicants should review these forms before applying to ensure they have all the information required.

For additional application submission requirements, including program-specific requirements, please refer to the subsection titled “Content and Form of Application Submission” under Section D of this NOFO.

9. Timely Receipt Requirements and Proof of Timely Submission
As application submission is a two-step process, the applicant with the AOR role who submitted the application in Grants.gov will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of its initial application. This notification does not serve as proof of timely submission, as the application is not complete until it is submitted in ND Grants. Applicants can also view the ND Grants Agency Tracking Number by accessing the Details tab in the submitted workspace section in Grants.gov, under the Agency Tracking Number column. Should the Agency Tracking Number not appear, the application has not yet migrated from Grants.gov into the ND Grants System. Please allow 24 hours for your ND Grants application tracking number to migrate.

All applications must be received in ND Grants by 5:00 PM ET on the application deadline. Proof of timely submission is automatically recorded by ND Grants. An electronic date/time stamp is generated within the system when the application is successfully received by ND Grants. Additionally, the applicant(s) listed as contacts on the application will receive a system-generated email to confirm receipt.

10. Content and Form of Application Submission
a. Standard Required Application Forms and Information
The following forms or information are required to be submitted in either Grants.gov or ND Grants. The Standard Forms (SF) are submitted either through Grants.gov, through forms
generates in ND Grants, or as an attachment in ND Grants. Applicants may also access the SFs at https://www.grants.gov/web/grants/forms/sf-424-family.html.

I. GRANTS.GOV
- SF-424, Application for Federal Assistance, initial application submitted through Grants.gov
- Grants.gov Lobbying Form, Certification Regarding Lobbying, submitted through Grants.gov

II. ND GRANTS
- SF-424A, Budget Information (Non-Construction), submitted via the forms generated by ND Grants
  - For construction under an award, submit SF-424C, Budget Information (Construction), submitted via the forms generated by ND Grants, in addition to or instead of SF-424A
- SF-424B, Standard Assurances (Non-Construction), submitted via the forms generated by ND Grants
  - For construction under an award, submit SF-424D, Standard Assurances (Construction), submitted via the forms generated by ND Grants, in addition to or instead of SF-424B
- SF-LLL, Disclosure of Lobbying Activities, submitted via the forms generated by ND Grants
- Indirect Cost Agreement or Proposal, submitted as an attachment in ND Grants if the budget includes indirect costs and the applicant is required to have an indirect cost rate agreement or proposal. If the applicant does not have or is not required to have an indirect cost rate agreement or proposal, please see Section D.13 of this NOFO, “Funding Restrictions and Allowable Costs,” for further information regarding allowability of indirect costs and whether alternatives to an indirect cost rate agreement or proposal might be available, or contact the relevant FEMA staff identified in Section G of this NOFO, “DHS Awarding Agency Contact Information” for further instructions.

Generally, applicants have to submit either the non-construction forms (i.e., SF-424A and SF-424B) or construction forms (i.e., SF-424C and SF-424D), meaning that applicants that only have construction work and do not have any non-construction work need only submit the construction forms (i.e., SF-424C and SF-424D) and not the non-construction forms (i.e., SF-424A and SF-424B), and vice versa. However, applicants who have both construction and non-construction work under this program need to submit both the construction and non-construction forms.

b. Program-Specific Required Forms and Information
The following program-specific forms or information are required to be submitted in ND Grants:

- THSGP Investment Justification (IJ) (OMB Control Number: 1660-0113/FEMA Form: 089-22), which is located in the “Related Documents” tab on Grants.gov; and
• Self-certification form stating the tribe’s eligibility per the *Homeland Security Act of 2002*, as amended (the self-certification is contained within the THSGP IJ).

**Priority Investments (THSGP)**

I. **Cybersecurity**

Cybersecurity investments must support the security and functioning of critical infrastructure and core capabilities as they relate to achieving target capabilities related to preventing, preparing for, protecting against, or responding to acts of terrorism.

II. **Soft Targets and Crowded Places**

Soft targets and crowded places are increasingly appealing to terrorists and other extremist actors because of their relative accessibility and the large number of potential targets. This challenge is complicated by the prevalent use of simple tactics and less sophisticated attacks. Segments of our society are inherently open to the general public, and by nature of their purpose do not incorporate strict security measures. Given the increased emphasis by terrorists and other extremist actors to leverage less sophisticated methods to inflict harm in public areas, it is vital that the public and private sectors collaborate to enhance security of locations such as transportation centers, parks, restaurants, shopping centers, special event venues, and similar facilities. Additional resources and information regarding securing soft targets and crowded places are available through the [Cybersecurity and Infrastructure Security Agency](https://www.cisa.gov).

III. **Domestic Violent Extremism**

As stated in the [DHS Homeland Threat Assessment, October 2020](https://www.dhs.gov/homeland-threat-assessment-october-2020), domestic violent extremists present the most persistent and lethal terrorist threat to the Homeland, including ideologically motivated lone offenders and small groups. These violent extremists capitalize on social and political tensions, which have resulted in an elevated threat environment. They utilize social media platforms and other technologies to spread violent extremist ideologies that encourage violence and influence action within the United States. The COVID-19 pandemic has further created an environment that may lead to accelerated mobilization to targeted violence and/or radicalization to domestic terrorism, including driving lawful protests to incite violence, intimidate targets, and promote their violent extremist ideologies.

IV. **Emerging Threats**

The spread of rapidly evolving and innovative technology, equipment, techniques, and knowledge presents new and emerging dangers for homeland security in the years ahead. Terrorists remain intent on acquiring WMD capabilities, and rogue nations and non-state actors are aggressively working to develop, acquire, and modernize WMDs that they could use against the Homeland. Meanwhile, biological and chemical materials and technologies with dual use capabilities are more accessible throughout the global market. Due to the proliferation of such information and technologies, rogue nations and non-state actors have more opportunities to develop, acquire, and use WMDs than ever before. Similarly, the proliferation of UASs, artificial intelligence, and biotechnology increase opportunities of threat actors to acquire and use these capabilities against the United States and its interests. Additional resources and information regarding emerging threats are available through the
Countering Weapons of Mass Destruction Office and the Cybersecurity and Infrastructure Security Agency.

11. Intergovernmental Review
An intergovernmental review may be required. Applicants must contact their state’s Single Point of Contact (SPOC) to comply with the state’s process under Executive Order 12372 (See https://www.archives.gov/federal-register/codification/executive-order/12372.html, https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf).

12. Funding Restrictions and Allowable Costs
All costs charged to awards covered by this NOFO must comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements at 2 C.F.R. Part 200, unless otherwise indicated in the NOFO, the terms and conditions of the award, or the Preparedness Grants Manual. This includes, among other requirements, that costs must be incurred, and products and services must be delivered, within the period of performance of the award. See 2 C.F.R. § 200.403(h) (referring to budget periods, which for FEMA awards under this program is the same as the period of performance).

Federal funds made available through this award may be used for the purpose set forth in this NOFO, the Preparedness Grants Manual, and the terms and conditions of the award and must be consistent with the statutory authority for the award. Award funds may not be used for matching funds for any other federal awards, lobbying, or intervention in federal regulatory or adjudicatory proceedings. In addition, federal funds may not be used to sue the Federal Government or any other government entity. See the Preparedness Grants Manual for more information on funding restrictions and allowable costs.

a. Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services

Additional guidance is available in FEMA Policy #405-143-1 Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim).

Effective August 13, 2020, FEMA recipients and subrecipients may not use any FEMA funds under open or new awards to:

1. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(2) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system; or

(3) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

I. REPLACEMENT EQUIPMENT AND SERVICES

FEMA grant funding may be permitted to procure replacement equipment and services impacted by this prohibition, provided the costs are otherwise consistent with the requirements of the NOFO and the Preparedness Grants Manual.

II. DEFINITIONS

Per section 889(f)(2)-(3) of the FY 2019 NDAA and 2 C.F.R. § 200.216, covered telecommunications equipment or services means:

i. Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, (or any subsidiary or affiliate of such entities);

ii. For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

iii. Telecommunications or video surveillance services provided by such entities or using such equipment; or

iv. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the People’s Republic of China.

Examples of the types of products covered by this prohibition include phones, internet, video surveillance, and cloud servers when produced, provided, or used by the entities listed in the definition of “covered telecommunications equipment or services.” See 2 C.F.R. § 200.471.

b. Pre-Award Costs

Pre-award costs are not allowable and will not be approved, with the exception of costs resulting from pre-award grant writing services provided by an independent contractor that shall not exceed $1,500 per applicant per year.

c. Management and Administration (M&A) Costs

Management and administration (M&A) costs are allowed. Recipients may use up to 5 percent of the amount of the award for M&A. Where applicable, subrecipients may use up to 5 percent of the amount they receive for M&A. M&A activities are those defined as directly
relating to the management and administration of THSGP funds, such as financial management and monitoring. M&A expenses must be based on actual expenses or known contractual costs. M&A requests that are simple percentages of the award, without supporting justification, will not be allowed or considered for reimbursement.

M&A costs are not operational costs; they are the necessary costs incurred in direct support of the grant or as a consequence of the grant and should be allocated across the entire lifecycle of the grant. Examples include preparing and submitting required programmatic and financial reports, establishing and/or maintaining equipment inventory, documenting operational and equipment expenditures for financial accounting purposes, and responding to official informational requests from state and federal oversight authorities. If an applicant uses an outside consultant or contractor to provide pre-award grant writing services or post-award grant management services, additional considerations and restrictions shall apply as detailed in subsection(e) below.

d. **Indirect Facilities & Administrative (F&A) Costs**

Indirect costs are allowable under this program as described in 2 C.F.R. Part 200, including 2 C.F.R. § 200.414. Applicants with a current negotiated indirect cost rate agreement that desire to charge indirect costs to an award must provide a copy of their negotiated indirect cost rate agreement at the time of application. Not all applicants are required to have a current negotiated indirect cost rate agreement. Applicants that are not required by 2 C.F.R. Part 200 to have a negotiated indirect cost rate agreement but are required by 2 C.F.R. Part 200 to develop an indirect cost rate proposal must provide a copy of their proposal at the time of application. Applicants who do not have a current negotiated indirect cost rate agreement (including a provisional rate) and wish to charge the de minimis rate must reach out to the FEMA Preparedness Officer for further instructions. Applicants who wish to use a cost allocation plan in lieu of an indirect cost rate must also reach out to the FEMA Preparedness Officer for further instructions. Post-award requests to charge indirect costs will be considered on a case-by-case basis and based upon the submission of an agreement or proposal as discussed above or based upon the de minimis rate or cost allocation plan, as applicable.

e. **Other Direct Costs**

**I. PLANNING**

Planning costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

**II. ORGANIZATION**

Organization costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

**III. EQUIPMENT**

Equipment costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.
• **Controlled Equipment**
  For decades, the federal government has provided equipment to state, local, and tribal law enforcement agencies (LEAs) through federal grants. Some federal grant programs have assisted LEAs as they carry out their critical missions to keep the American people safe. The equipment acquired by LEAs through these programs includes administrative equipment, such as office furniture and computers. Some federal grant programs also may include military and military-styled equipment, firearms, and tactical vehicles provided by the federal government, including property covered under 22 C.F.R. Part 121 and 15 C.F.R. Part 774 (collectively, "controlled equipment").

However, not all equipment that is considered controlled equipment is allowable under the THSGP. As discussed further below, there are certain “prohibited equipment” that are not allowable under the THSGP. And for the procurement of certain controlled equipment that is allowable under the THSGP, there are additional submission requirements and reviews that must be met before DHS/FEMA will permit funding to be used for this purpose.

DHS/FEMA will continue to collaborate with federal agency partners to ensure that there is a consistent and reasonable approach to the restrictions placed on controlled equipment expenditures while continuing to support these investments when there is a justifiable need. Further, DHS/FEMA will continue to maintain an awareness of the evolving policy developments related to controlled equipment expenditures and keep grant recipients up to date on future developments.

Grant funds under this program may not be used for the purchase of equipment not approved by DHS/FEMA. The purchase of weapons and weapons accessories, including ammunition, is not allowed with THSGP funds. Grant funds under this program must also comply with **IB 426** and may not be used for the purchase of the following equipment: 1) firearms; 2) ammunition; 3) grenade launchers; 4) bayonets; or 5) weaponized aircraft, vessels, or vehicles of any kind with weapons installed.

IV. **TRAINING**
Training costs are allowed under this program only as described in this NOFO and the [Preparedness Grants Manual](#).

V. **EXERCISE**
Exercise costs are allowed under this program only as described in this NOFO and the [Preparedness Grants Manual](#).

VI. **PERSONNEL ACTIVITIES**
Personnel hiring, overtime, and backfill expenses are permitted under this grant in order to perform allowable THSGP planning, training, exercise, and equipment activities. Please see the [Preparedness Grants Manual](#) for additional details.
VII. **TRAVEL**
Domestic travel costs are allowed under this program, as provided for in this NOFO and the Preparedness Grants Manual. International travel is not an allowable cost under this program unless approved in advance by DHS/FEMA.

VIII. **CONSTRUCTION AND RENOVATION**
Construction and renovation costs to achieve capability targets related to preventing, preparing for, protecting against, or responding to acts of terrorism are allowed under this program. For construction costs to be allowed, they must be specifically approved by DHS/FEMA in writing prior to the use of any program funds for construction or renovation. Additionally, recipients are required to submit a SF-424C Form and Budget detail citing the project costs.

IX. **OPERATIONAL OVERTIME**
Operational Overtime costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

X. **MAINTENANCE AND SUSTAINMENT**
Maintenance and Sustaintment costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

XI. **CRITICAL EMERGENCY SUPPLIES**
Critical emergency supply costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

XII. **SECURE IDENTIFICATION**
Secure Identification project costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

XIII. **AUTHORIZED USE OF CONTRACTUAL GRANT WRITERS AND/OR GRANT MANAGERS**
A grant applicant may procure the services of a contractor to provide support and assistance for pre-award grant development services (grant writing) or post-award grant management and administrative services (grant management). As with all federal grant-funded procurements, grant writer or grant management services must be procured in accordance with the federal procurement standards at 2 C.F.R. §§ 200.317 – 200.327. See the Preparedness Grants Manual regarding Procurement Integrity, particularly the sections applicable to non-state entities that discuss organizational conflicts of interest under 2 C.F.R. § 200.319(b) and traditional conflicts of interest under 2 C.F.R. § 200.318(c)(1). States must follow the same policies and procedures it uses for procurements of its non-federal funds, pursuant to 2 C.F.R. § 200.317, which also applies 2 C.F.R. §§ 200.321, 200.322, 200.323, and 200.327.

As applicable to non-state entities, DHS/FEMA considers a contracted grant writer to be an agent of the recipient for any subsequent contracts the recipient procures under the
same federal award for which the grant writer provided grant writing services. Federal funds and funds applied to the award’s cost share generally cannot be used to pay a contractor to carry out the work if that contractor also worked on the development of such specifications. A state must follow the same policies and procedures it uses for procurements of its non-federal funds, pursuant to 2 C.F.R. § 200.317.

As applicable to all non-federal entities, regardless of whether an applicant or recipient uses grant writing and/or grant management services, the recipient is solely responsible for the fiscal and programmatic integrity of the grant and its authorized activities and expenditures. The recipient must ensure adequate internal controls, including separation of duties, to safeguard grant assets, processes, and documentation, in keeping with the terms and conditions of its award, including this NOFO, and 2 C.F.R. Part 200.

**Consultants or contractors are not permitted to be the AOR of the recipient.** Further, an application must be officially submitted by 1) a current employee, personnel, official, staff or leadership of the non-federal entity; and 2) duly authorized to apply for an award on behalf of the non-federal entity at the time of application.

a. **Grant Writers**

Grant writing contractors may assist the applicant in preparing, writing, and finalizing grant application materials and assisting the applicant with handling online application and submission requirements in Grants.gov and ND Grants. Grant writers may assist in a variety of ways. Ultimately, however, the applicant that receives an award is solely responsible for all grant award and administrative responsibilities.

By submitting the application, applicants certify that all of the information contained therein is true and an accurate reflection of the organization and that regardless of the applicant’s intent, the submission of information that is false or misleading may result in actions by DHS/FEMA. These actions include, but are not limited to, the submitted application not being considered for award, temporary withholding of funding under the existing award pending investigation, or referral to the DHS Office of Inspector General.

To assist applicants with the cost of grant writing services, DHS/FEMA is permitting a one-time pre-award cost of no more than $1,500 per applicant per year for contractual grant writing services as part of the recipient’s M&A costs. This is only intended to cover costs associated with a grant writer and may not be used to reimburse an applicant for its own time and effort in the development of a grant application. Additionally, the applicant may be required to pay this fee with its own funds during the application preparation and submission period; if the applicant subsequently receives an award, it may then request to be reimbursed once grant funds become available for that cost, not to exceed $1,500. If the applicant does not receive an award, this cost will not be reimbursed by the federal government. The applicant must understand this risk and be able to cover this cost if an award is not made.

If an applicant intends to request reimbursement for this one-time pre-award cost, it must include this request in its application materials, including in the budget section in each IJ.
Failure to clearly identify this as a separate cost in the application may result in its disallowance. This is the only pre-award cost eligible for reimbursement. Recipients must maintain grant writer fee documentation including, but not limited to, a copy of the solicitation, such as a quote request, rate request, invitation to bid, or request for proposals, if applicable; a copy of the grant writer’s contract agreement; a copy of the invoice or purchase order; and a copy of the cancelled check or proof of payment. These records must be made available to DHS/FEMA upon request.

Pursuant to 2 C.F.R. Part 180, recipients may not use federal grant funds to reimburse any entity, including a grant writer or preparer, if that entity is presently suspended or debarred by the Federal Government from receiving funding under federally funded grants or contracts. Recipients must verify that the contractor is not suspended or debarred from participating in specified federal procurement or non-procurement transactions pursuant to 2 C.F.R. § 180.300. FEMA recommends recipients use SAM.gov to conduct this verification.

Furthermore, regardless of whether any grant writer fees were requested, unless a single contract covering both pre- and post-award services was awarded to the grant writer and procured in compliance with 2 C.F.R. §§ 200.317 – 200.326, federal funds and funds applied to the award’s cost share cannot be used to pay the grant writer to provide post-award services.

**Consultants or contractors are not permitted to be the AOR of the recipient.** Further, an application must be officially submitted by 1) a current employee, personnel, official, staff, or leadership of the non-federal entity; and 2) duly authorized to apply for an award on behalf of the non-federal entity at the time of application.

b. **Grant Managers**
Grant management contractors provide support in the day-to-day management of an active grant and their services may be incurred as M&A costs of the award. Additionally, grant recipients may retain grant management contractors at their own expense.

**Consultants or contractors are not permitted to be the AOR of the recipient.** The AOR, or Authorized Official, is responsible for submitting programmatic and financial performance reports, accepting award packages, signing assurances and certifications, and submitting award amendments.

c. **Restrictions Regarding Grant Writers and Grant Managers**
Pursuant to 2 C.F.R. Part 180, recipients may not use federal grant funds to reimburse any entity, including a grant writer or preparer, if that entity is presently suspended or debarred by the Federal Government from receiving funding under federally funded grants or contracts. Recipients must verify that a contractor is not suspended or debarred from participating in specified federal procurement or non-procurement transactions pursuant to 2 C.F.R. § 180.300. FEMA recommends recipients use SAM.gov to conduct this verification. Further, regardless of whether any grant writer fees were requested, as applicable to non-state entities, unless a single contract covering both pre- and post-
award services was awarded to the grant writer and procured in compliance with 2 C.F.R. §§ 200.317 – 200.327, federal funds cannot be used to pay the grant writer to provide post-award services.

E. Application Review Information

1. Application Evaluation Criteria

a. Programmatic Criteria

FY 2021 THSGP applications will be evaluated through a three-part review and selection process:

1. Applications will first be reviewed by a FEMA HQ Program Analyst to ensure that the applicant meets all eligibility requirements. To determine eligibility, the FEMA HQ Program Analyst will review submitted applications for completeness. Completeness is determined by the FEMA HQ Program Analyst by confirming:
   - The applicant has submitted the self-certification form stating the tribe’s eligibility per the Homeland Security Act of 2002, as amended (see Section C. Eligibility Information, for further information);
   - The information provided in the self-certification form is accurate;
   - Activities under each investment are allowable; and
   - The application meets all of the administrative criteria identified in this NOFO, to include the required submission of an IJ by the established due dates.

2. Eligible and complete applications will then be reviewed using a process to individually score each proposed investment. Scoring is based on the following four criteria:
   - Overview (description of the investment);
   - Baseline (goals/objectives/capabilities of the investment);
   - Project management and milestones (funding amount/core capabilities/projects); and
   - Accomplishments and impacts (outcomes).

3. FEMA HQ Grants Management Specialists will conduct a financial review of the top scoring investments using the following criteria:
   - Allowability, allocability, and financial reasonableness of the proposed budget and investment information; and
   - Whether the recipient meets the financial and legal requirements listed in 2 C.F.R. Part 200.

b. Financial Integrity Criteria

Prior to making a federal award, FEMA is required by 31 U.S.C. § 3354, as amended by the Payment Integrity Information Act of 2019, Pub. L. No. 116-117 (2020); 41 U.S.C. § 2313; and 2 C.F.R. § 200.206 to review information available through any Office of Management and Budget (OMB)-designated repositories of governmentwide eligibility qualification or financial integrity information, including whether the applicant is suspended or debarred. FEMA may also pose additional questions to the applicant to aid in conducting the pre-award risk review. Therefore, application evaluation criteria may include the following risk-based considerations of the applicant:
c. **Supplemental Financial Integrity Criteria and Review**

Prior to making a federal award where the anticipated total federal share will be greater than the simplified acquisition threshold, currently $250,000:

i. FEMA is required to review and consider any information about the applicant, including information on the applicant’s immediate and highest-level owner, subsidiaries, and predecessors, if applicable, that is in the designated integrity and performance system accessible through the System for Award Management (SAM), which is currently the Federal Awardee Performance and Integrity Information System (FAPIIS).

ii. An applicant, at its option, may review information in FAPIIS and comment on any information about itself that a federal awarding agency previously entered.

iii. FEMA will consider any comments by the applicant, in addition to the other information in FAPIIS, in making a judgment about the applicant’s integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 C.F.R. § 200.206.

2. **Review and Selection Process**

A panel of reviewers will analyze and score the investments from all applications that the FEMA HQ Program Analysts determine to be complete and eligible. DHS/FEMA will assign reviewers who meet one or more of the following criteria:

- Experience working with tribes and tribal professionals;
- Federal employees experienced in a variety of disciplines, including homeland security, emergency management, law enforcement, fire and rescue, etc.; and/or
- Familiar with applications for funding and the application review process.

The reviewers will analyze and score the anticipated effectiveness of each individual proposed investment. Effectiveness is determined based on completeness and adherence to programmatic guidelines. Reviewers will score each investment individually using six questions to assess how well the investments satisfy the four criteria sections in the IJ template: Overview, Baseline, Project Management and Milestones, and Accomplishments and Impact.

The questions the reviewers will score are:

A. Overview Section of Investment
• How well are the activities described, including any activities that include planning, organization, equipment, training, and/or exercises?

B. Baseline Section of Investment
• How well does this identify existing capability levels and address capability gaps?

C. Project Management and Milestones Section of Investment
• How well does the activity support the selected core capabilities outlined in the National Preparedness Goal?
• Does the budget narrative provide a clear explanation of why funds are needed and the outcomes the recipient wants to achieve?
• Will the projects/activities achieve progress during the grant’s period of performance towards achieving the investment?

D. Accomplishments and Impact Section of Investment
• Do the outcome(s) demonstrate progress towards building the capability gap(s) identified in the investment?

Each of the six questions that the reviewers score is worth a maximum of five points. Using their subject matter expertise, the reviewers will provide a score from 1-5 for each question. Each investment will be reviewed by no less than two reviewers, who will use the following scoring scale to assess how well the information provided in each investment answers the question being scored:

1 = Little to None
2 = Inadequate
3 = Adequate
4 = Substantial
5 = Strong

To calculate the final score for each proposed investment, the scores from the six investment questions are first normalized by taking the average of the six scores, dividing this number by five, and multiplying the result by 100. For example, if an investment received the following scores for the six questions:

Question 1: 2
Question 2: 3
Question 3: 5
Question 4: 5
Question 5: 3
Question 6: 5

The sum of the scores is 23 (the average score is 3.8). The average score, 3.8, is then divided by 5, and the result is multiplied by 100. The resulting normalized score is 76.67. The investment’s final score is determined by averaging the normalized scores from all reviewers of that investment.
Investments that sufficiently address one or more of the National Priorities will receive an additional twenty (20) percent score increase to the overall average normalized score for each investment submitted.

In addition, applicants who have not received funding in prior years will receive five additional points that will be added to the overall average normalized score for each investment submitted. All final investment scores will be sorted in descending order and investments will be selected for recommendation from the highest score to lowest score until available FY 2021 THSGP funding has been exhausted. In the event of a tie during the investment recommendation determination process, DHS/FEMA will give priority to the tribal entity that is proposing an investment that aligns with one of the National Priorities. If giving priority based on the National Priorities does not break the tie, DHS/FEMA will then give priority to the tribal entity that has not received prior year funding.

DHS/FEMA will use the results of the review process to make funding recommendations to the Secretary of DHS. Final funding determinations will be made by the Secretary of DHS.

F. Federal Award Administration Information

1. Notice of Award

Before accepting the award, the AOR and recipient should carefully read the award package. The award package includes instructions on administering the grant award and the terms and conditions associated with responsibilities under federal awards. Recipients must accept all conditions in this NOFO and the Preparedness Grants Manual as well as any specific terms and conditions in the Notice of Award to receive an award under this program.

See the Preparedness Grants Manual for information on Notice of Award.

2. Administrative and National Policy Requirements

In addition to the requirements of in this section and in this NOFO, FEMA may place specific terms and conditions on individual awards in accordance with 2 C.F.R. Part 200.

In addition to the information regarding DHS Standard Terms and Conditions and Ensuring the Protection of Civil Rights, see the Preparedness Grants Manual for additional information on administrative and national policy requirements, including the following:

- Environmental Planning and Historic Preservation (EHP) Compliance
- FirstNet
- National Incident Management System (NIMS) Implementation
- SAFECOM

a. DHS Standard Terms and Conditions

All successful applicants for DHS grant and cooperative agreements are required to comply with DHS Standard Terms and Conditions, which are available online at: DHS Standard Terms and Conditions.
The applicable DHS Standard Terms and Conditions will be those in effect at the time the award was made. What terms and conditions will apply for the award will be clearly stated in the award package at the time of award.

b. **Ensuring the Protection of Civil Rights**
   As the Nation works towards achieving the National Preparedness Goal, it is important to continue to protect the civil rights of individuals. Recipients and subrecipients must carry out their programs and activities, including those related to the building, sustainment, and delivery of core capabilities, in a manner that respects and ensures the protection of civil rights for protected populations.

   Federal civil rights statutes, such as Section 504 of the Rehabilitation Act of 1973 and Title VI of the Civil Rights Act of 1964, along with DHS and FEMA regulations, prohibit discrimination on the basis of race, color, national origin, sex, religion, age, disability, limited English proficiency, or economic status in connection with programs and activities receiving federal financial assistance from FEMA.

   The DHS Standard Terms and Conditions include a fuller list of the civil rights provisions that apply to recipients. These terms and conditions can be found in the DHS Standard Terms and Conditions. Additional information on civil rights provisions is available at https://www.fema.gov/about/offices/equal-rights.

   Monitoring and oversight requirements in connection with recipient compliance with federal civil rights laws are also authorized pursuant to 44 C.F.R. Part 7.

c. **Environmental Planning and Historic Preservation (EHP) Compliance**
   As a federal agency, FEMA is required to consider the effects of its actions on the environment and historic properties to ensure that all activities and programs funded by FEMA, including grant-funded projects, comply with federal EHP laws, Executive Orders, regulations, and policies, as applicable.

   **Recipients and subrecipients proposing projects that have the potential to impact the environment, including, but not limited to, the construction of communication towers, modification or renovation of existing buildings, structures, and facilities, or new construction including replacement of facilities, must participate in the FEMA EHP review process.** The EHP review process involves the submission of a detailed project description along with any supporting documentation requested by FEMA in order to determine whether the proposed project has the potential to impact environmental resources or historic properties.

   In some cases, FEMA is also required to consult with other regulatory agencies and the public in order to complete the review process. Federal law requires EHP review to be completed before federal funds are released to carry out proposed projects. FEMA may not be able to fund projects that are not in compliance with applicable EHP laws, Executive Orders, regulations, and policies.

   DHS and FEMA EHP policy is found in directives and instructions available on the FEMA.gov EHP page, the FEMA website page that includes documents regarding EHP...
responsibilities and program requirements, including implementation of the National Environmental Policy Act and other EHP regulations and Executive Orders.

The GPD EHP screening form is located at https://www.fema.gov/media-library/assets/documents/90195. Additionally, all recipients under this funding opportunity are required to comply with the FEMA GPD EHP Policy Guidance, FEMA Policy #108-023-1, available at https://www.fema.gov/media-library/assets/documents/85376.

d. National Incident Management System (NIMS) Implementation

In expending funds under this program, recipients that are state, local, tribal, or territorial governments must ensure and maintain adoption and implementation of NIMS. The state, local, tribal, or territorial government must show adoption of NIMS during any point of the period of performance. The list of objectives used for progress and achievement reporting is at https://www.fema.gov/emergency-managers/nims/implementation-training.

Emergency management and incident response activities require carefully managed resources (personnel, teams, facilities, equipment, and/or supplies) to meet incident needs. Using standardized resource management concepts such as typing, credentialing, and inventorying, promote a strong national mutual aid capability needed to support delivery of core capabilities. Additional information on resource management, NIMS resource typing definitions, job titles, and position qualifications is on FEMA’s website at https://www.fema.gov/emergency-managers/nims/components.

FEMA developed the National Incident Management System Guideline for the National Qualification System to describe national credentialing standards and to provide written guidance regarding the use of those standards. This guideline describes credentialing and typing processes and identifies tools which Federal Emergency Response Officials and emergency managers at all levels of government may use both routinely and to facilitate multijurisdictional coordinated responses.

Although state, local, tribal, and private sector partners (including nongovernmental organizations) are not required to credential their personnel in accordance with these guidelines, FEMA strongly encourages them to do so to leverage the federal investment in the Federal Information Processing Standards 201 infrastructure and to facilitate interoperability for personnel deployed outside their home jurisdiction.

Additional information about NIMS in general is available at https://www.fema.gov/emergency-managers/nims.

3. Reporting

Recipients are required to submit various financial and programmatic reports as a condition of award acceptance. Future awards and funds drawdown may be withheld if these reports are delinquent.

See the Preparedness Grants Manual for information on reporting requirements.
4. Monitoring and Oversight

Per 2 C.F.R. § 200.337, FEMA, through its authorized representatives, has the right, at all reasonable times, to make site visits or conduct desk reviews to review project accomplishments and management control systems to review award progress and to provide any required technical assistance. During site visits or desk reviews, FEMA will review recipients’ files related to the award. As part of any monitoring and program evaluation activities, recipients must permit FEMA, upon reasonable notice, to review grant-related records and to interview the organization’s staff and contractors regarding the program. Recipients must respond in a timely and accurate manner to FEMA requests for information relating to the award.

See the Preparedness Grants Manual for information on monitoring and oversight.

G. DHS Awarding Agency Contact Information

1. Contact and Resource Information

a. **Program Office Contact**

FEMA has assigned region-specific Preparedness Officers for the THSGP. If you do not know your Preparedness Officer, please contact CSID by phone at (800) 368-6498 or by email at askcsid@fema.dhs.gov, Monday through Friday, 9:00 AM – 5:00 PM ET.

b. **Centralized Scheduling and Information Desk (CSID)**

CSID is a non-emergency comprehensive management and information resource developed by FEMA for grants stakeholders. CSID provides general information on all FEMA grant programs and maintains a comprehensive database containing key personnel contact information at the federal, state, and local levels. When necessary, recipients will be directed to a federal point of contact who can answer specific programmatic questions or concerns. CSID can be reached by phone at (800) 368-6498 or by e-mail at askcsid@fema.dhs.gov, Monday through Friday, 9:00 AM – 5:00 PM ET.

c. **GPD Award Administration Division**

GPD’s Award Administration Division (AAD) provides support regarding financial matters and budgetary technical assistance. Additional guidance and information can be obtained by contacting the AAD’s Help Desk via e-mail at ASK-GMD@fema.dhs.gov.

d. **Equal Rights**

The FEMA Office of Equal Rights (OER) is responsible for compliance with and enforcement of federal civil rights obligations in connection with programs and services conducted by FEMA and recipients of FEMA financial assistance. All inquiries and communications about federal civil rights compliance for FEMA grants under this NOFO should be sent to FEMA-CivilRightsOffice@fema.dhs.gov.

e. **Environmental Planning and Historic Preservation**

GPD’s EHP Team provides guidance and information about the EHP review process to recipients and subrecipients. All inquiries and communications about GPD projects under this NOFO or the EHP review process, including the submittal of EHP review materials, should be sent to gpdehpinfo@fema.dhs.gov.
2. Systems Information
   a. **Grants.gov**
      For technical assistance with Grants.gov, call the customer support hotline 24 hours per day, 7 days per week (except federal holidays) at (800) 518-4726 or e-mail at support@grants.gov.

   b. **Non-Disaster (ND) Grants**
      For technical assistance with the ND Grants system, please contact the ND Grants Helpdesk at ndgrants@fema.gov or (800) 865-4076, Monday through Friday, 9:00 AM – 6:00 PM ET. User resources are available at https://www.fema.gov/grants/guidance-tools/non-disaster-grants-management-system

   c. **Payment and Reporting System (PARS)**
      FEMA uses the Payment and Reporting System (PARS) for financial reporting, invoicing, and tracking payments. FEMA uses the Direct Deposit/Electronic Funds Transfer (DD/EFT) method of payment to recipients. To enroll in the DD/EFT, recipients must complete a Standard Form 1199A, Direct Deposit Form. If you have questions about the online system, please call the Customer Service Center at (866) 927-5646 or email ask-GMD@fema.dhs.gov.

H. **Additional Information**
GPD has developed the Preparedness Grants Manual to guide applicants and recipients of grant funding on how to manage their grants and other resources. Recipients seeking guidance on policies and procedures for managing preparedness grants should reference the Preparedness Grants Manual for further information. Examples of information contained in the Preparedness Grants Manual include:
- Actions to Address Noncompliance
- Audits
- Case Studies and Use of Grant-Funded Resources During Real-World Incident Operations
- Community Lifelines
- Conflicts of Interest in the Administration of Federal Awards and Subawards
- Disability Integration
- National Incident Management System
- Payment Information
- Period of Performance Extensions
- Procurement Integrity
- Record Retention
- Whole Community Preparedness
- Other Post-Award Requirements

1. **Termination Provisions**
   FEMA may terminate a federal award in whole or in part for one of the following reasons. FEMA and the recipient must still comply with closeout requirements at 2 C.F.R. §§ 200.344-200.345 even if an award is terminated in whole or in part. To the extent that
subawards are permitted under this NOFO, pass-through entities should refer to 2 C.F.R. § 200.340 for additional information on termination regarding subawards.

a. **Noncompliance**
If a recipient fails to comply with the terms and conditions of a federal award, FEMA may terminate the award in whole or in part. If the noncompliance can be corrected, FEMA may first attempt to direct the recipient to correct the noncompliance. This may take the form of a Compliance Notification. If the noncompliance cannot be corrected or the recipient is non-responsive, FEMA may proceed with a Remedy Notification, which could impose a remedy for noncompliance per 2 C.F.R. § 200.339, including termination. Any action to terminate based on noncompliance will follow the requirements of 2 C.F.R. §§ 200.341-200.342 as well as the requirement of 2 C.F.R. § 200.340(c) to report in FAPIIS the recipient’s material failure to comply with the award terms and conditions. See also the section on Actions to Address Noncompliance in this NOFO or in the [Preparedness Grants Manual](#).

b. **With the Consent of the Recipient**
FEMA may also terminate an award in whole or in part with the consent of the recipient, in which case the parties must agree upon the termination conditions, including the effective date, and in the case of partial termination, the portion to be terminated.

c. **Notification by the Recipient**
The recipient may terminate the award, in whole or in part, by sending written notification to FEMA setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. In the case of partial termination, FEMA may determine that a partially terminated award will not accomplish the purpose of the federal award, so FEMA may terminate the award in its entirety. If that occurs, FEMA will follow the requirements of 2 C.F.R. §§ 200.341-200.342 in deciding to fully terminate the award.

2. **Period of Performance Extensions**
Extensions to the period of performance (POP) for this program are allowed. Extensions to the POP identified in the award will only be considered through formal, written requests to the recipient’s FEMA Preparedness Officer and must contain specific and compelling justifications as to why an extension is required. Recipients are advised to coordinate with the FEMA Preparedness Officer as needed when preparing an extension request. Please refer to the [Preparedness Grants Manual](#) for more detail on the requirements for submitting a POP extension request.
