

FY 2022 Staffing for Adequate Fire and Emergency Response Program Self-Evaluation Sheet: Hiring of Firefighters Activity

This Self-Evaluation Sheet is designed to help you understand the criteria that you must address in your Narrative Statements when applying under the Fiscal Year (FY) 2022 Staffing for Adequate Fire and Emergency Response (SAFER) Program – Hiring of Firefighters Activity. A peer review panel will review all the criteria in the Narrative Statement to assess your department’s financial need, the degree to which your proposal best describes your fire department and community risks, the requirements you have listed that will reduce those risks, and how your application aligns with the SAFER Program priorities. The panel score is 50% of the total application score. Space for the Narrative Statement is limited to a total of 3,000 characters per narrative element and 4,000 characters for the Financial Need.

1. Project Description (30%)

Applicants must describe in detail why the positions requested are needed by the department, as well as how the positions will be used within the department (e.g., fourth firefighter on engine, open a new station, eliminate browned out stations, reduce overtime). The applicants must clearly specify what unique and specific services the positions requested will provide to the fire department and community. In addition, applicants must clearly demonstrate how the funds awarded through this grant will enhance the department’s ability to protect critical infrastructure within the primary response area.

Below are the same scoring dimensions the peer review panel will use to rate each application. Using the criteria below, rate your own application and assess how the peer reviewers might rate your application:

Strongly Agree: The applicant clearly explains why the department needs the positions requested in the application. There is a clear explanation of how the positions will be used, as well as the unique and specific services they would provide to the community and fire department. The applicant provides a clear description of how these positions would enhance the department’s ability to protect critical infrastructure. I have a clear understanding of the project description.

Neither Agree nor Disagree: The applicant provides some explanation of the risk(s) to the community and current firefighters and how those risks would be unequivocally reduced if awarded grant funding. I have some

understanding of the risks, but it is not entirely clear how the addition of the requested positions would reduce those risks.
