What is the Community Disaster Loan (CDL) Program?

The CDL Program provides operational funding to help local governments that have incurred a significant loss in revenue, due to a major disaster, that has or will adversely affect their ability to provide essential municipal services.

The Stafford Act authorizes FEMA to provide direct loans to local governments who have suffered a substantial loss, as a result of a major presidentially declared disaster, and can demonstrate a need for Federal financial assistance in order to perform its governmental functions. 44 CFR §206.361(a).

To qualify for a CDL the Applicant / local government must:
- Be located in the presidentially declared disaster area, and the disaster must have adversely affected the level of essential municipal services previously provided. 44 CFR §206.363(b)(2)
- Be able to show a substantial loss (greater than 5%) of tax and other revenues for the current or succeeding year as a result of a major disaster. 44 CFR §206.363(b)(2)
- Not be in arrears with respect to any payments due on previous loans
- Ensure State law doesn’t prohibit local governments from incurring indebtedness resulting from a federal loan. 44 CFR §206.363(a)(1)

FEMA will help guide CDL Applicants by:
- Explaining the requirements and provide technical assistance to expedite the application and approval process.
- Performing financial qualification analysis to determine how much the Applicant can qualify for (up to $5M)
- Helping the local government meet all applicable deadlines

Apply for a CDL:
- To initiate the process, the Governor’s Authorized Representative shall request activation of CDL Program for the specific disaster(s). Please contact the CDL Program Manager, Martha Castro, at Martha.Castro@fema.dhs.gov.
