SUBJECT: Updated Fiscal Year 2022 State and Local Cybersecurity Grant
Program Allocation Amounts

I. Purpose

This Information Bulletin (IB) announces slight changes to the funding allocations for states and territories under the Fiscal Year (FY) 2022 State and Local Cybersecurity Grant Program (SLCGP). This IB supersedes [Information Bulletin No. 478: Fiscal Year 2022 State and Local Cybersecurity Grant Program Notice of Funding Opportunity \(fema.gov\)](#), issued September 16, 2022. Although the allocations for each state and territory are adjusted slightly, the total allocation available under the program remains the same.

II. Applicability

This IB is applicable to eligible state and territory applicants (State Administrative Agencies) under the FY 2022 SLCGP.

III. Guidance

This Funding Allocation update is a result of ensuring compliance with Section 2220A of the Homeland Security Act of 2002, as amended (Pub. L. No. 107-296) (6 U.S.C. § 665g) in determining final distribution of funds to territories and states based on their total population (compared to the population of all States) and their rural population (compared to the rural population of all States). In the Homeland Security Act, at 6 U.S.C. 101(17), “State” is defined to include States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern

Mariana Islands, and any possession of the United States. Although this definition of State applies to the SLCGP, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands were not considered initially in the distribution of funds based on population, and only received the minimum baseline allocation identified in the legislation. As a result, all allocations need to be adjusted slightly.

IV. Questions

For questions regarding the FY 2022 SLCGP, please contact the Centralized Scheduling and Information Desk (CSID) at (800) 368-6498 or by e-mail at askcsid@fema.dhs.gov, Monday through Friday, 9 a.m. – 5 p.m. Eastern Time.

V. Review Date

This IB will sunset upon closure of all FY 2022 SLCGP awards.

Adjusted state and territory allocations for the FY 2022 SLCGP are listed in the table below. These figures will replace those listed in the previously issued FY 2022 SLCGP Notice of Funding Opportunity.
