FEMA

FEMA GO - Background

FEMA's Grants Technology Division is developing one unified grants management platform called **FEMA Grants Outcomes (FEMA GO)**. The maturation of the FEMA GO portal is a multi-year effort to modernize and transform the way FEMA conducts grants management.

FEMA GO allows users to apply for, track, and manage grants under the purview of the Assistance to Firefighters Grants (AFG) Program. FEMA GO will eventually support all the active grants programs in FEMA that support missions in prevention, protection, mitigation, response and recovery.

The FEMA GO portal is the system of record for all AFG grant programs starting with the FY 2018 grants, and all future grant offerings.

Grant applications starting from FY 2018 and beyond are managed in [FEMA GO](#).  (link to go.fema.gov)

Grants awarded from FY 2017 and older are managed in the [FEMA eGrant portal](#).  (link to portal.fema.gov)

System for Award Management (SAM)

To register your organization in FEMA GO and apply for a grant, you must have:

1. Unique Entity Identifier (UEI-SAM); and
2. Active System for Award Management (SAM.gov) registration.

If your organization does not have a UEI-SAM number or SAM registration in 'active' status, the Federal Service Desk web site provides instruction for creating or updating a SAM registration:

- [Renew or Update an Entity](#)  (link to fsd.gov)

Important Notes on SAM Registrations

- Registering at SAM.gov is free.
- It may take four weeks or more to create and activate a new registration in SAM.
- SAM registrations must be renewed annually.
- Always address any updates to your SAM registration as soon as possible – do not wait!

SAM Registration – Verify Status

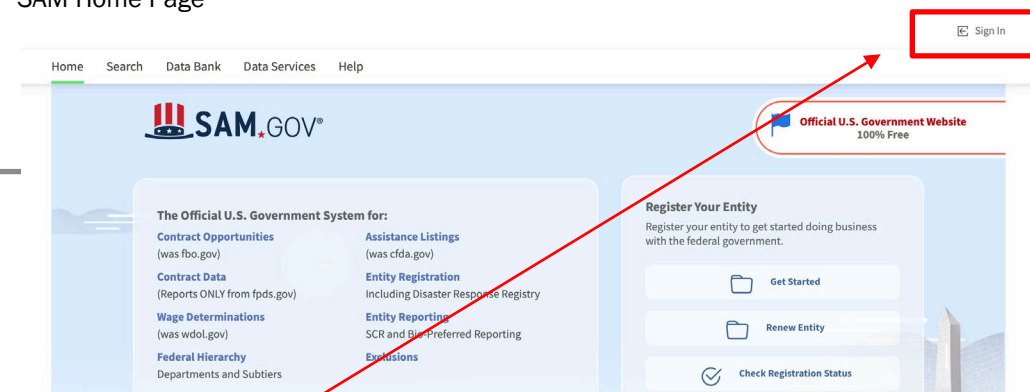

Your organization's SAM registration must be in 'active' status to register with FEMA GO and apply for a grant.

How to check the status of your organization's SAM registration using the public search function at SAM.gov:

1. Go to <http://sam.gov>
2. You must sign into SAM.gov to view an entity's registration. Click the 'Sign In' link.
3. SAM.gov uses credentials created at login.gov to allow you to sign in. When prompted, enter your login.gov account credentials (email and password).
 - If you do not have account credentials established in login.gov, you must create an account.

Login.gov is a secure service used by the public to sign into participating government agencies. Reviewing or administering a SAM registration requires sign-in through login.gov. [Login.gov Help Center](#)  (link to login.gov)

FEMA

SAM Registration – Verify Status

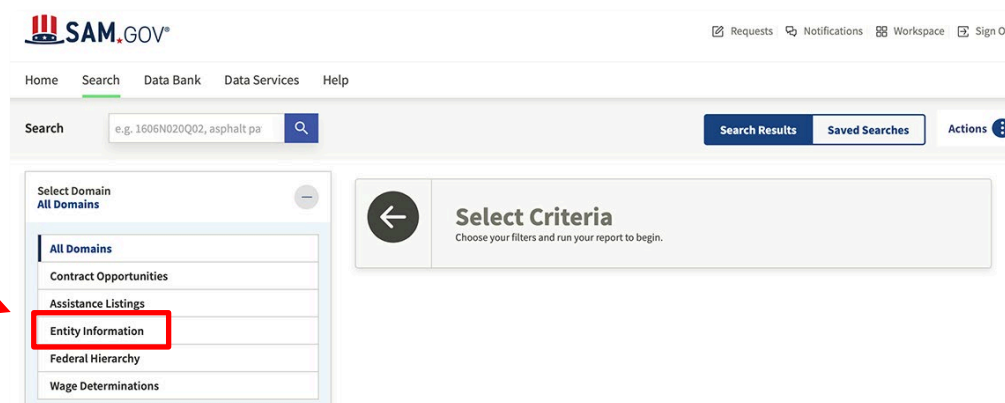

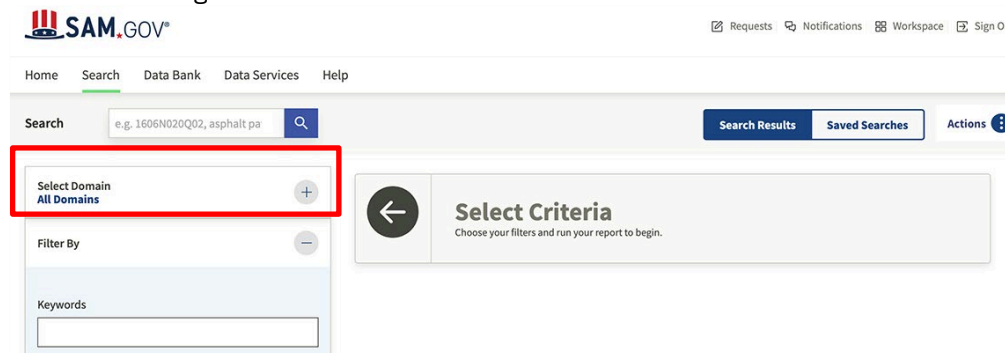

How to check the status of your organization's SAM registration using the public search at SAM.gov:

- Once you successfully log into SAM.gov, you will see the 'Workspace' dashboard.
- Click the Search option.
- Click the link titled 'All Domains'. (Alternatively, if you know the organization's UEI-SAM or DUNS number, enter the UEI-SAM or DUNS number into the Search box and skip to step 10 on next slide)
- When the 'All Domains' box expands, select the option titled 'Entity Information.'

SAM Workspace Page

SAM Search Page

FEMA

SAM Registration – Verify Status

How to check the status of your organization's SAM registration using the public search at SAM.gov:

8. Click the option titled 'Entity' to show search criteria entry boxes (Entity Name, DUNS number, Unique Entity ID (SAM), or CAGE / NCAGE).
9. Enter a value in any of the search criteria boxes to locate your organization.
10. If your organization's registration is active, the organization will be listed in the search results. The registration status will read 'Active', and the expiration date of the registration record will be listed.
11. If the search does not return a result, you may be asked to see any 'Inactive' records. Select the 'Yes' button and see if your organization is listed as inactive.
12. If your organization appears after clicking the 'Yes' button, your SAM registration should indicate 'Inactive' status. You will need to renew the entity registration.
13. If your organization does not appear as active or inactive, your organization may not be registered in SAM.

SAM Search Page

The screenshot shows the SAM Search Page with the 'Entity' option selected under 'Select Domain'. The 'Filter By' section is expanded, showing search criteria boxes for Entity Name, DUNS Unique Entity ID, SAM Unique Entity ID, and CAGE / NCAGE. A red box highlights these criteria boxes, and a red arrow points from step 8 of the instructions to this box. The 'Select Criteria' section on the right prompts the user to choose filters and run a report.

The screenshot shows the SAM Search Result Page with one result displayed. The result is for 'ACME DEPARTMENT' and is marked as 'Active' with a green dot. The registration details include the DUNS Unique Entity ID (00000000), SAM Unique Entity ID (LES00000000), CAGE Code (10000), Physical Address (12 WAY ST, SOMEWHERE, AA 02110 USA), and Expiration Date (Jun 2, 2022). A red box highlights the result details, and red arrows point from step 10 of the instructions to the 'Active' status and the 'Expiration Date'.

Showing 1 - 1 of 1 results
ACME DEPARTMENT
DUNS Unique Entity ID: 00000000
SAM Unique Entity ID: LES00000000
CAGE Code : 10000
Physical Address : 12 WAY ST, SOMEWHERE, AA 02110 USA
Expiration Date : Jun 2, 2022
Purpose of Registration : All Awards

Unique Entity Identifier (UEI-SAM)

The FEMA GO portal has been updated to utilize the UEI-SAM as the Primary Entity Identifier.

On April 4, 2022, the Federal Government ceased using the Dun & Bradstreet (DUNS) number to uniquely identify entities registered in the System for Award Management (SAM). Entities no longer need to go a third-party website to obtain a unique identifier.

Entities already registered in SAM.gov have been assigned a Unique Entity Identifier (UEI-SAM). The UEI-SAM is viewable in the entity's registration record. Entities that newly register at SAM.gov will be issued a UEI as part of the registration.

The screenshot displays the SAM.gov portal interface. At the top, the SAM.gov logo is visible alongside navigation links for Home, Search, Data Bank, Data Services, and Help. A search bar contains the text "e.g. 1606N020Q02, asphalt pa". To the right of the search bar are buttons for "Search Results", "Saved Searches", and "Actions". Below the search bar, a sidebar on the left lists navigation options: "Select Domain", "Entity Information", "All Entity Information", "Entity Registrations", "Disaster Response Registry", "Exclusions", and "Filter By". The main content area shows a search result for "ACME DEPARTMENT". It includes fields for "DUNS Unique Entity ID" (00000000), "CAGE Code" (10000), "Physical Address" (12 WAY ST, SOMEWHERE, AA 02110 USA), and "Expiration Date" (Jun 2, 2022). A red box highlights the "SAM Unique Entity ID" (LE5000000000), which is also pointed to by a red arrow from the text in the adjacent paragraph. The "Entity Registration" section shows the "Purpose of Registration" as "All Awards".

The transition to utilizing UEI-SAM will allow the General Services Administration (GSA) to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the Federal Government.

FEMA

SAM and FEMA GO

The FEMA Grants Outcomes (FEMA GO) system automatically imports certain information from an organization's active SAM registration such as:

- Organization's legal name
- Mailing address
- EIN
- UEI-SAM

This information is automatically added to a grant application. As part of your application, you must verify that the organizational information imported from SAM.gov is correct. If awarded a grant, financial transactions conducted between your organization and FEMA will use the banking institution information contained in the organization's SAM registration.

Updates made to an organization's SAM registration can take up to **48 hours** to reflect in FEMA GO after activation in SAM.gov. Updates may include changes to an organization's core information or changing the individual listed as the 'Electronic Business Point of Contact' (eBiz POC).

If you create a new SAM registration, or re-activate a SAM registration, it generally takes **24-48 hours** before the FEMA GO portal imports the updates and allows you to register your organization or begin an application.

FEMA

Certain organization information is imported automatically into FEMA GO from an active SAM record.

FEMA GO - Authorized Organization Representative (AOR)

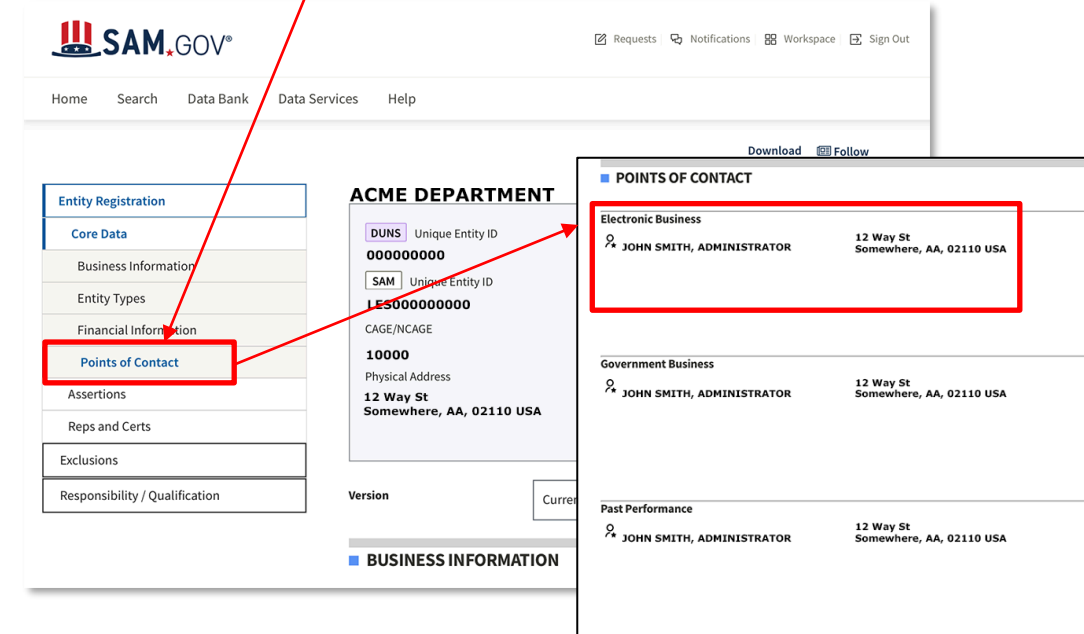

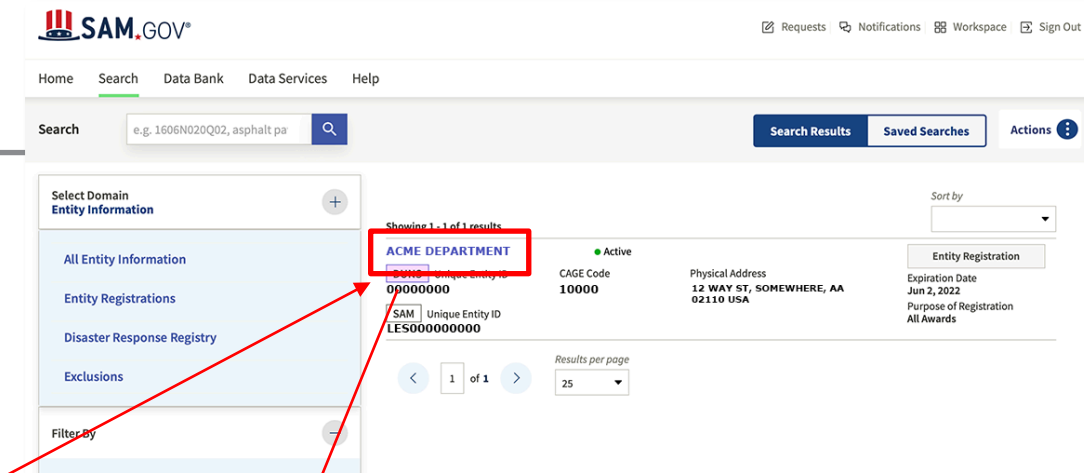

The Authorized Organization Representative (AOR) is a user role in the FEMA GO portal. The **primary** AOR for any organization is the individual who is listed as the “Electronic Business Point of Contact” (eBiz POC) inside the organization’s SAM registration.

How to find the “Electronic Business Point of Contact” (eBiz POC) in SAM

1. Search for your organization’s record in SAM (as detailed in [Slide 5](#)).
2. On the search results page, click on the organization name.
3. On the entity information page, click the link titled “Points of Contact” in the left side navigation list.
4. The page will flow down to the points of contact section. Find the person(s) listed as “Electronic Business (Point of Contact).”

Every organization has a primary AOR in FEMA GO. The primary AOR can perform all functions in FEMA GO on behalf of an organization, as well as add/update/remove users to an organization in FEMA GO.

The “Electronic Business Point of Contact” (eBiz POC) for every organization **MUST** register in FEMA GO and maintain their own account.

FEMA

FEMA GO - Authorized Organization Representative (AOR)

The individual listed as the “Electronic Business” point of contact (eBiz POC) in SAM is **automatically** recognized as the organization’s primary AOR in the FEMA GO portal.

IMPORTANT – CREATING AN ACCOUNT (eBiz POC)

When an eBiz POC creates an account in FEMA GO, they must use the **SAME** email address that is listed in “Electronic Business” point of contact entry in the organization’s SAM registration.

For example, if John Smith is listed as the eBiz POC in SAM.gov with an email address of **john@orgXYZ.com** – then John Smith must create an account in FEMA GO using the same email address, **john@orgXYZ.com**.

FEMA GO automatically validates the identity of the primary AOR of an organization by matching the email addresses listed in the two systems.

eBiz POC’s email listed in SAM = FEMA GO account email

The screenshot displays the SAM.gov interface for 'ACME DEPARTMENT'. The left sidebar contains a menu with 'Points of Contact' highlighted. The main content area shows the 'POINTS OF CONTACT' section, which includes three entries: 'Electronic Business', 'Government Business', and 'Past Performance'. Each entry lists 'JOHN SMITH, ADMINISTRATOR' and the address '12 Way St Somewhere, AA, 02110 USA'. The 'Electronic Business' entry is highlighted with a red box, and a red arrow points from the 'Points of Contact' tab in the sidebar to this entry.

DHS may conduct monitoring activities without further notice.

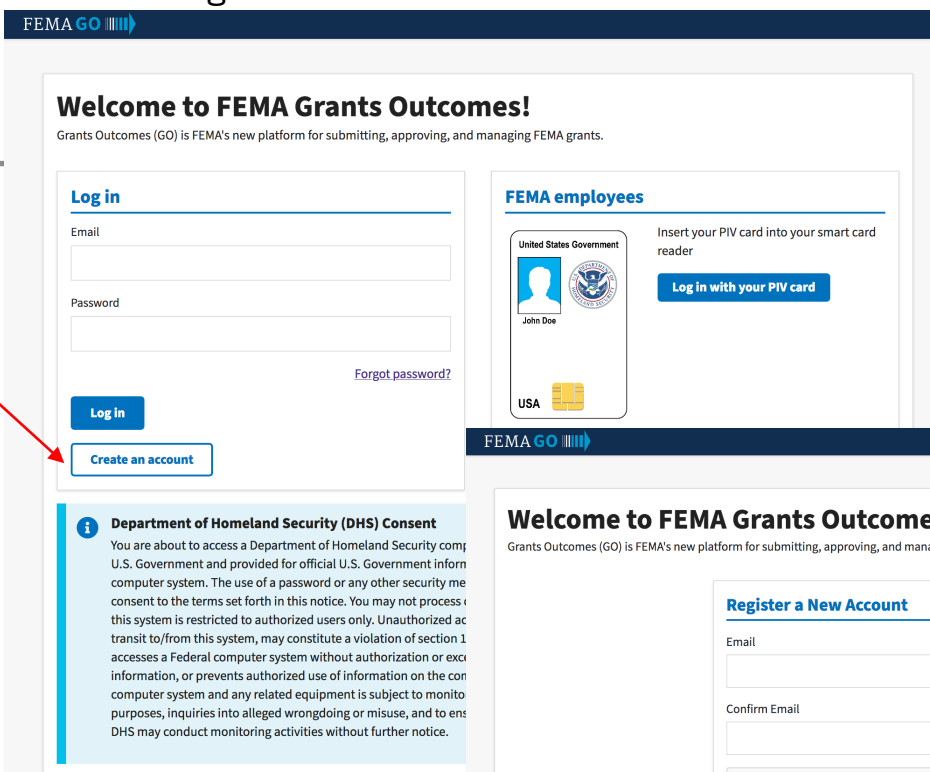

Create an Account

1. Click the “Create an Account” button on the FEMA GO login screen.
2. You will be taken to the FEMA GO account registration screen.
3. On the account registration screen, enter your email address, confirm your address, and check the box labeled “I’m not a robot”.

PLEASE NOTE

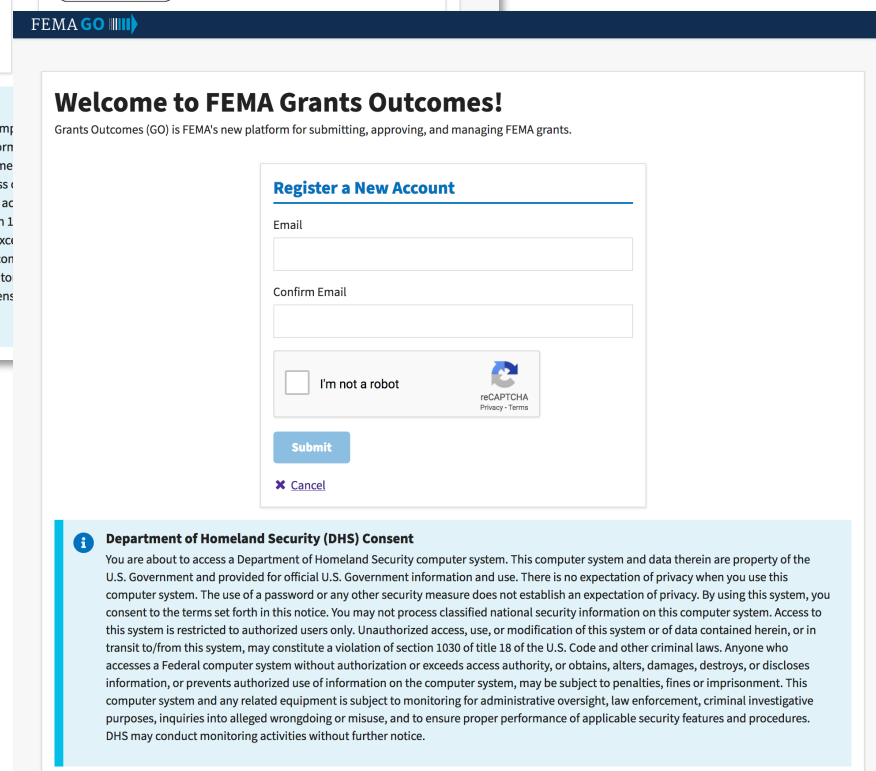

If you are listed in your organization’s SAM registration as the “Electronic Business” Point of Contact (eBiz POC), you must register with FEMA GO using the **SAME** email address as listed in SAM.

FEMA GO Login Screen

The FEMA GO Login Screen features a dark blue header with the FEMA GO logo. The main content area is white and titled "Welcome to FEMA Grants Outcomes!". Below the title is a sub-header: "Grants Outcomes (GO) is FEMA's new platform for submitting, approving, and managing FEMA grants." The screen is divided into two main sections. On the left, the "Log in" section includes fields for "Email" and "Password", a "Forgot password?" link, and a blue "Log in" button. Below this is a blue "Create an account" button. On the right, the "FEMA employees" section shows a PIV card for "John Doe" and a blue button that says "Log in with your PIV card". At the bottom, there is a "Department of Homeland Security (DHS) Consent" section with a blue information icon and a paragraph of text.

FEMA GO Account Registration Screen

The FEMA GO Account Registration Screen has a dark blue header with the FEMA GO logo. The main content area is white and titled "Welcome to FEMA Grants Outcomes!". Below the title is a sub-header: "Grants Outcomes (GO) is FEMA's new platform for submitting, approving, and managing FEMA grants." The screen is divided into two main sections. On the left, the "Register a New Account" section includes fields for "Email" and "Confirm Email", a checkbox labeled "I'm not a robot" with a reCAPTCHA icon, and blue "Submit" and "Cancel" buttons. On the right, there is a "Department of Homeland Security (DHS) Consent" section with a blue information icon and a paragraph of text.

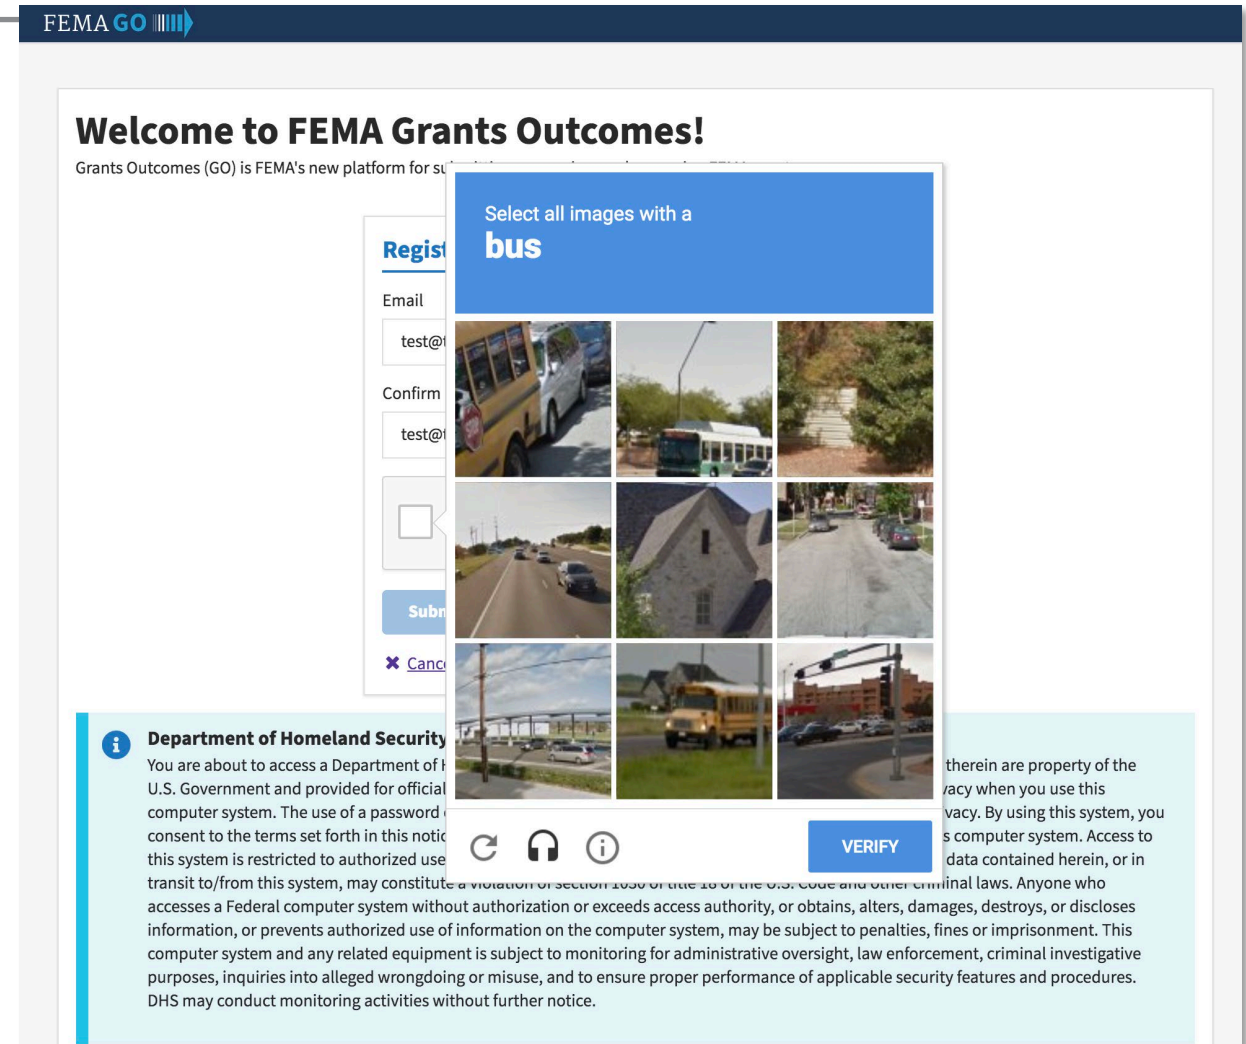

FEMA

FEMA GO - Landing Page

When you log into FEMA GO, you will come to your landing page. Your landing page may look one of two ways.

Option 1: You see the “Apply for a new grant” box. Go to [Slide 20](#) for more information.

Option 2: You do not see the “Apply for a new grant” box. Go to [Slide 21](#) for more information.

FEMA

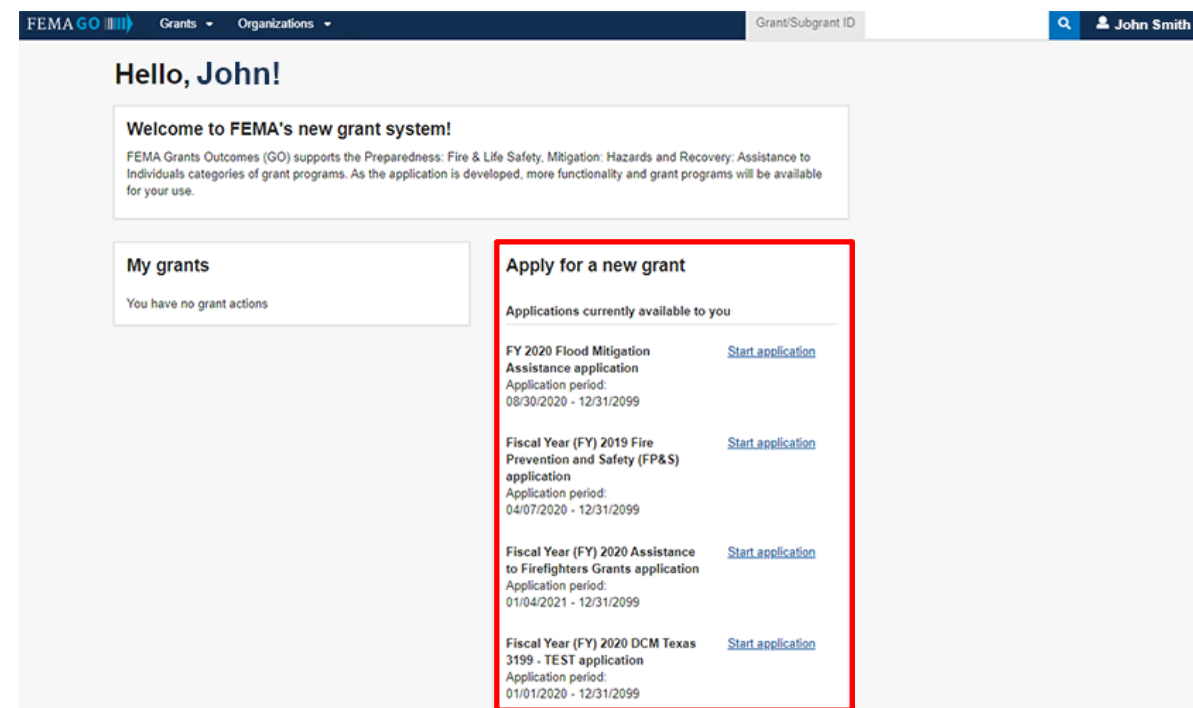

FEMA GO - Landing Page

If you see the “Apply for a new grant” box on your FEMA GO landing page, one of two things are possible:

1. You are the primary Authorized Organization Representative (AOR) of an organization (eBiz POC in SAM.gov).
2. You have been added as a team member of an organization in FEMA GO by an AOR in that organization.

If you see the “Apply for a new grant” box, you can start an application. Based on your role in FEMA GO, you may also be able to view an existing application, or view grants associated with your assigned organization(s).

To verify your system role(s) in an organization, you can review your FEMA GO profile – see [Slide 24](#).

FEMA GO - Landing Page

If you only see the “Search for your organization POCs” box on your FEMA GO landing page, you are not assigned to an organization in FEMA GO. You can search for your organization’s POC by entering your UEI number and clicking the ‘Search’ button.

Based on the UEI (SAM) number entered, you may see one of the following responses:

1. **Organization is already registered.** This message means your organization has an active SAM registration and the individual listed as the eBiz POC in SAM needs to add you to the organization in FEMA GO. The message provides the name of the eBiz POC listed in your organization’s SAM record.
GO TO [SLIDE 22](#) FOR MORE INFORMATION.
2. **Organization not found.** This message means your organization does not have an active SAM registration. You need to either create a new SAM registration or activate an existing SAM registration. Then the eBiz POC listed in the SAM registration must create a FEMA GO account to be recognized as the primary AOR.
GO TO [SLIDE 23](#) FOR MORE INFORMATION.

If you believe you are the eBiz POC for your organization and should be recognized as your organization’s primary AOR, —double check the email address listed in your organization’s SAM registration.

The screenshot shows the FEMA GO Landing Page. At the top, there is a header with the FEMA GO logo and a user profile for John Smith. Below the header, a message says "Hello, John!" and "Welcome to FEMA's new grant system!". A section titled "Accessing your organization" provides instructions on how to find the point of contact for an organization. It includes a search box labeled "Search by UEI or UEI-EFT" with the value "123456789123-1234" entered. A red arrow points from the text "GO TO SLIDE 22 FOR MORE INFORMATION." to the search box. Another red arrow points from the text "GO TO SLIDE 23 FOR MORE INFORMATION." to the "Organization not found" message box at the bottom right.

Organization is already registered
Your organization already exists in FEMA GO. Please contact one of the following electronic business POCs for this organization to be added:
• DAVID

Organization not found
This UEI-EFT combination does not exist.

FEMA GO – Search by UEI

“Organization is already registered”

If you searched by UEI number on the FEMA GO landing page, and received a message stating, “Organization is already registered,” then answer the questions below and follow the information provided.

Do you know the person(s) listed as the eBiz POC for your organization in the message?

Yes	Good. Contact those eBiz POC(s) and determine whether they have established a FEMA GO account. Move to next question below.
No	Ask your SAM administrator to find out who is listed as the eBiz POC(s) - or - find the eBiz POC’s full name using the SAM public search tool as detailed on Slide 11 .

Has the eBiz POC created their own account in FEMA GO?

Yes	Good. =Contact the eBiz POC(s) and ask them to add you as a member of the organization. Go to Slide 25 – Add a Team Member for instructions.
No	<p>Instruct the eBiz POC(s) that they need to create an account (Slide 13) in FEMA GO. After an eBiz POC creates an account, they will need to add you to the organization as described on Slide 25 – Add a Team Member .</p> <p><i>Remember, the eBiz POC(s) must create their account in FEMA GO using the <u>SAME</u> email address that is listed for them in the organization’s SAM registration.</i></p>

Organization is already registered

Your organization already exists in FEMA GO. Please contact one of the following electronic business POCs for this organization to be added:

- DAVID

FEMA

FEMA GO – Search by UEI

“Organization not found”

If you searched by UEI number on the GO landing page, and received a message stating, “Organization not found”, then answer the questions and follow the information provided.

Is the status of your organization’s SAM registration ‘active’ in Sam.gov?

Yes	Re-check the UEI number entered. If the SAM registration was recently created or updated, and you received notice of successful activation from SAM, FEMA GO may not recognize the organization yet. Wait 48 hours from receipt of the notice of activation from SAM and then try again.
No	The organization’s SAM registration must be in an ‘active’ state to be recognized by FEMA GO. Guide for Updating an Entity Registration 

Is your organization’s SAM record ‘inactive’?

Yes	SAM registration for the organization must be created or updated to bring to an ‘active’ state.
No	If the SAM registration was recently created or updated, and you received notice of successful activation from SAM, and it has been than 48 hours since receipt of the notice of activation, contact the FEMA GO Help Desk at femago@fema.dhs.gov .

Organization not found
This UEI-EFT combination does not exist.

FEMA

FEMA GO - Profile Page

To view your profile in FEMA GO, and see what roles you are assigned in the portal, you must access 'Your Profile'.

Access your FEMA GO profile and verify your assigned roles:

1. Click your name in the upper right corner in FEMA GO.
2. Select 'Your Profile' from the drop-down menu.
3. On the 'Your Profile' page, you can update your name and contact phone numbers. You cannot edit your email address.
4. You will also see a box labeled 'Your organizations, roles & programs.'
5. If you are assigned to an organization(s), the organization(s) will be listed along with the assigned role(s).
6. In the example to the right – this person is assigned as an Authorized Organization Representative (AOR) for the *Acme Department* organization.
7. You can have multiple roles assigned to you for one organization, or have roles listed for multiple organizations.

[See a full description of user roles](#)

FEMA GO Your Profile Page

The screenshot displays the 'Your Profile' page in FEMA GO. The top navigation bar includes the FEMA GO logo, a 'Grant/Subgrant ID' field, and a user profile dropdown for 'John Smith' with a 'Your profile' link highlighted. The main content area is divided into two sections. The 'Personal Information' section on the left contains fields for Email (johnsmith@email.email), First name (John), Last name (Smith), and Phone numbers (Work: 555-555-5555, Mobile: 444-444-4444). The 'Your organizations, roles & programs' section on the right features a table with columns for Organization, Roles, and Programs. The table lists 'Acme Department' with the role 'Authorized Organization Representative' and the program 'All programs'. A red box highlights the 'Your profile' link in the top right corner, and a red arrow points from the 'Authorized Organization Representative' role in the table to the corresponding instruction in the list.

Organization	Roles	Programs
Acme Department	Authorized Organization Representative	All programs

Important

Ensure your profile contains two UNIQUE phone numbers. Submission of an application or reports in FEMA GO will require two unique phone numbers.

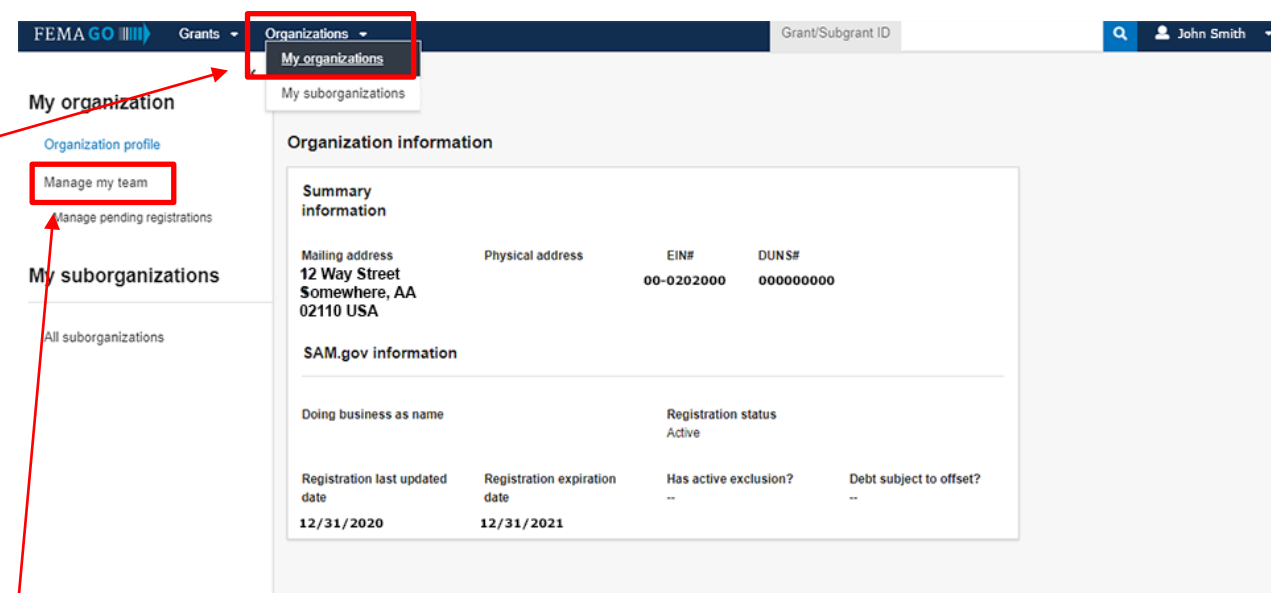

FEMA

FEMA GO – Add a Team Member

Only a person designated as an [Authorized Organization Representative \(AOR\)](#) for an organization can manage team members. An organization can have multiple people assigned with the AOR role.

How to add a team member:

1. Click on the 'Organizations' link in the header.
2. Select the 'My organizations' option from the drop-down menu.
3. On the Organization page, you will see the name of the organization listed and summary information.
4. On the Organization page, if you are an AOR for multiple organizations, you will also see a drop-down menu containing all assigned organizations. Ensure the correct organization is listed.
5. Click the linked titled 'Manage My Team'

FEMA GO Organization Page

FEMA

FEMA GO – Add a Team Member

How to add a team member (continued):

- Click the 'Add New team member' button.
- Enter the email address for the member being added to the team.
- You will be asked to assign a 'role' for the new team member. [See a full description of user roles.](#)
- You will have the option to assign the team member to specific FEMA grant programs. Selecting specific programs will restrict the team member's access to grants under those program(s) in FEMA GO. If no program assignment is made, the team member will have the ability to see all grants, under all programs, for the organization.
- Select the appropriate role, any program assignment, and click the 'Add this team member' button.

Manage my team

Name	Roles and grant programs	Phone	Email	Actions
Rick Smith	Authorized Organization Representative, All Programs	222-222-2222	ricksmith@email.email	Manage
John Jones	Financial Member, All Programs	444-444-4444	jjones@email.email	Manage

Add a new team member to your organization

Enter an email address for a colleague to add to your organization. Then identify the role and grant programs (optional) to assign within the FEMA GO system. If you do not choose a grant program or group of grant programs, the user will be assigned the role you choose for all grant programs you belong to in the system.

Enter email

[Enter](#)

[Cancel](#)

FEMA

FEMA GO – Add a Team Member

How to add a team member (continued):

11. If the added team member **does not** have a FEMA GO account, they will receive an invitation via email to register with FEMA GO. They must register using the same email address where the invitation email was sent. A list of any added members who do not have an account in FEMA GO, and have not registered yet, can be accessed using the 'Manage Pending Registrations' link.
12. If you have added a team member who maintains an active FEMA GO account, it is recommended they log out of FEMA GO, log back into FEMA GO, and should then see access to the organization.

The screenshot shows the FEMA GO 'Manage my team' interface. The left sidebar has a red box around the 'Manage pending registrations' link. A red arrow points from this link to the text in step 11. The main content area displays a table of team members:

Name	Roles and grant programs	Phone	Email	Actions
Rick Smith	Authorized Organization Representative, All Programs	222-222-2222	ricksmith@email.email	Manage
John Jones	Financial Member, All Programs	444-444-4444	jjones@email.email	Manage

The right sidebar includes a search bar, filter by Role and Grant program, and sort by Last Name (Ascending/A-Z or Descending/Z-A).

FEMA GO – User Roles

If an individual is assigned to an organization in FEMA GO, the user will have at least one role assigned. An individual can have multiple roles assigned for a single organization. If an individual belongs to multiple organizations, they can be assigned different roles within those organizations.

Role breakdown ([also see user role matrix](#)):

1. **Primary Authorized Organization Representative (AOR)** – The FEMA GO system automatically assigns this role to the person listed as the “Electronic Business Point of Contact” (eBiz POC) in an organization’s SAM registration. AOR can manage team members including adding, updating and **removing**. **Can** perform all system functions in FEMA GO. Only the primary AOR can remove team members in FEMA GO.
2. **Authorized Organization Representative (AOR)** – Can add or update team members and perform all system functions. **Can electronically sign documents on behalf of an organization**. Role is typically assigned to an individual who is authorized to legally bind the organization by signing documents. An organization can have multiple AORs.
3. **Organization Member** – Can perform all system functions except accepting an award or submitting an application/payment request/grant closeout package/amendment request/closeout package. For example, an organization member can create a request for payment in FEMA GO, but cannot submit it to FEMA. The Organization Member would need to have an AOR sign and submit the prepared payment request to FEMA.
4. **Programmatic Member** – Can perform all system functions except accepting an award or submitting an application/payment request/grant closeout package/closeout package. The Programmatic Member can sign and submit an amendment request or programmatic report to FEMA.
5. **Financial Member** – Can perform all system functions except accepting an award or submitting an application/payment request/grant closeout package/closeout package. The Financial Member can sign and submit a request for payment, financial reporting, as well as amendment requests to FEMA.
6. **Grant Writer** – Can create, view, and edit an application on behalf of an organization. **Grant Writer must coordinate with an AOR to sign and submit a completed grant application in FEMA GO**. Grant Writer role is typically reserved for professional grant writers that may not be directly affiliated with the organization.

[See an example of how one organization structured their role assignments.](#)

FEMA GO – User Roles – Organization Example

The following examples are for illustrative purposes only. Manchester Township has set up their FEMA GO team structure as such:

John Smith, Township Finance Director – FEMA GO user role: PRIMARY Authorized Organization Representative (AOR)

- John Smith is Manchester Township's Finance Director and listed as the 'Electronic Business Point of Contact' (eBiz POC) in the Township's SAM registration.
- Mr. Smith creates a new account in FEMA GO using the same email address as listed for him in the Manchester Fire Department SAM registration.
- After logging into FEMA GO, the system automatically recognizes Mr. Smith as the Primary AOR.
- Mr. Smith wants to add the Township's Fire Chief, Jane Jones, as a member of the organization in FEMA GO.
- Mr. Smith follows the [Add Team Member](#) process to add Chief Jones. Mr. Smith assigns Chief Jones the role of 'AOR' since she has the authority to sign documents (such as an application) and legally bind the Township. An organization can have multiple AORs.

Jane Jones, Fire Chief – FEMA GO user role: Authorized Organization Representative (AOR)

- Chief Jones receives an email from the FEMA GO system stating she was added. Chief Jones does not have a FEMA GO account, so she creates a new account.
- As a designated AOR for the Township, Chief Jones can perform all functions in FEMA GO upon logging into the portal.
- Chief Jones is going to use a grant writer to help write a grant.
- Since Chief Jones is an AOR, she can add additional team members to the organization in FEMA GO.
- Chief Jones follows the process to add the grant writer, Arthur Lewis, in FEMA GO and assigns him the role of 'Grant Writer.'

Arthur Lewis, Professional Grant Writer – FEMA GO user role: Grant Writer

- Mr. Lewis receives an email stating he was added in FEMA GO. Mr. Lewis does not have a FEMA GO account, so he creates a new account.
- As a designated 'Grant Writer' for the Township in FEMA GO, Mr. Lewis can now start an application on behalf of the Township.
- When the application is complete and ready for submission, Mr. Lewis will submit the application for signature to an AOR in FEMA GO. Mr. Lewis must coordinate with either Mr. Smith (Primary AOR) or Chief Jones (AOR) to sign and submit the application in FEMA GO. Only an AOR can sign and submit an application to FEMA.

FEMA

FEMA GO – AOR Role Considerations

- The primary Authorized Organization Representative (AOR) ([see definition](#)) is encouraged to perform routine audits of team member assignments in FEMA GO.
- Any individual who is assigned the role of AOR can legally bind the organization with their electronic signature and maintains full access to all organization information contained in FEMA GO.
- If an individual who maintains the role of AOR in FEMA GO leaves an organization, they will still maintain full access to the organization in FEMA GO until removed in the portal by the primary AOR.
- If an organization assigns the AOR role to an unaffiliated third party for the purpose of a grant submission or grant management, that third party will maintain all rights granted by the AOR role for the organization until removed by the primary AOR.

FEMA GO – Manage My Team

If you are assigned the role of AOR for an organization, you can view a full list of team members for that organization on the 'Manage my Team' page.

You can manage individual team members, or adjust the roles assigned to a team member by clicking the 'Manage' link listed next to their information.

Only the primary AOR (eBiz POC) can remove team members from an organization in FEMA GO.

The screenshot displays the FEMA GO interface for managing a team. The top navigation bar includes the FEMA GO logo, 'Grants', 'Organizations', and a 'Grant/Subgrant ID' field. The user 'John Smith' is logged in. The left sidebar shows 'My organization' with links for 'Organization profile', 'Manage my team', and 'Manage pending registrations'. The main content area is titled 'Manage my team' and features a table of team members. A red box highlights the 'Manage' link in the Actions column for Rick Smith. A red arrow points from the text 'Manage' link listed next to their information to this link.

Name	Roles and grant programs	Phone	Email	Actions
Rick Smith	Authorized Organization Representative, All Programs	222-222-2222	ricksmith@email.email	Manage
John Jones	Financial Member, All Programs	444-444-4444	jjones@email.email	Manage

On the right side of the page, there are search and filter options. The 'Search' section includes a 'Search by Name' input field and a 'Clear' button. The 'Filter by' section includes dropdown menus for 'Role' and 'Grant program'. The 'Sort' section includes a 'Sort by' dropdown menu set to 'Last Name' and radio buttons for 'Ascending (A-Z)' and 'Descending (Z-A)'.
