Introduction to the ND Grants

Welcome to the ND Grants Management System (ND Grants). ND Grants provides many features to help manage applications more efficiently, and includes system functionality for:

- Grant application
- Award acceptance
- Amendments
- Performance Reporting

Note

- The current release of ND Grants does not have functionality for sub-grant recipients. Only primary grant recipients will be submitting applications and managing awards in ND Grants.

User Guide Organization

This user guide will help all grant recipients manage applications and awards in ND Grants. Though this user guide is primarily for grant recipients, it can also help Federal Emergency Management Agency (FEMA) personnel understand the grant recipient functionality.

Questions?

For additional assistance using the ND Grants System, please contact the ND Grants Service Desk. For programmatic or grants management questions, please contact your Program Manager or Grants Specialist.

Monday – Friday | 9:00 a.m. – 6:00 p.m. EDT | 1-800-865-4076 | NDGrants@fema.dhs.gov
Registration and Login

Creating an ND Grants Account

To access the ND Grants system, you must first register an account. Registration can be completed within the FEMA portal at https://portal.fema.gov. After the registration process is complete, your User ID and password will be used to log into ND Grants.

Note

- If you have already registered but forgot your User ID or password, click on the Forgot Password? or the Forgot ID? buttons for assistance
- If you need additional assistance resetting your password, contact the FEMA Enterprise Service Desk at 1-877-611-4700

Step 1

From the FEMA Login page, click the New Non-PIV User? button.

Navigating ND Grants

**Dropdowns:** The ND Grants homepage has four dropdowns across the top of the screen – Pending Tasks, Applications, Grants, and Administration. The dropdown menus are organized to follow the tasks a grant recipient will complete throughout the grant life-cycle. Similar tasks are grouped together.

- The Pending Tasks dropdown contains a list of all the tasks pending in your queue
- The Applications dropdown contains all functions related to managing and submitting applications
- The Grants dropdown contains all the functions related to post award management, including amendments and performance progress reports
- The Administration dropdown allows you to manage the organizations and contacts associated with the organization

**Pending Tasks:** The individual grant recipient tasks are listed under each Task heading. The number of awards awaiting action for the task is also displayed under each task heading.
Managing Organizations

To access any applications or awards, you must belong to the organization with which the application or award is associated. An organization serves as a recipient’s profile within ND Grants, allowing users to create and manage awards and applications. FEMA requests that all applicants provide their organization’s contact information.

From the Administration dropdown, users can perform tasks for organizations to which they belong. Specifically, users can manage organizations, request access to other organizations, view other users with access to the same organizations, and review organization access requests.

Users that do not currently belong to an organization must request access to the appropriate organization. Only the Organization Administrator can approve the access requests submitted by users. The Organization Administrator has the authority to update the organization information and modify user privileges for the organization.

Viewing Organizations

Organizations you belong to will be listed on the Organization Administration page. If you belong to an organization and are the Organization Administrator for that organization, you can add contacts for the organization and additional system users of the organization.

Step 1

Under the Administration dropdown, click the Organizations link to view the Organization Administration page.

![Image](image_url)

Figure 11. Click the Organizations link under the Administration dropdown

Note

- You cannot access applications and awards if you do not belong to the organization with which they are associated
Step 2

From the Organization Administration page, review your organizations.

Figure 12. The Organization Administration page lists all organizations to which you belong
Creating an Organization

When creating an organization, please note that:

- Organizations you belong to will be listed on the Organization Administration page.
- Only the Organization Administrator can add contacts to the organization, update user roles within the organization, and approve organization access requests.
- The Organization Administrator will see the Update Organization icon in the Action column on the Organization Administration page.
- If you are not the Organization Administrator, you can view the organization details by clicking on the Organization Legal Name link on the Organization Administration page.
- Duplicate organizations cause problems in the system. Please ensure your organization does not already exist.

Step 1

Under the Administration dropdown, click the Organizations link to view the Organization Administration page.

Step 2

Click the Create Organization button in the upper right corner of the page.

Figure 13. Click the Organizations link to open the Organization Administration page

Figure 14. Click the Create Organization button
Step 3

From the Create Organization page, enter all organization information and click the Save button.

![Create Organization page](image)

**Note**

- After creating the organization, you will automatically become the Organization Administrator.
- An organization’s contacts are not ND Grants Management System users. Without an ND Grants Management System account, individuals will not have system privileges.
Updating Organization Details

When updating an organization, please note that:

- If the organization has not submitted an application, all organization details will appear in text boxes on the Update Organization page, and can be edited.
- If the organization has submitted an application, only the physical and mailing addresses can be updated.

If there are pending tasks for the organization, saving your updates to the organization will prompt a list of the pending tasks to appear at the top of the Update Organization page, and prevent you from completing the update.

**Step 1**

Under the Administration dropdown, click the **Organizations** link to view the Organization Administration page.

![Figure 16. Click the Organizations link to open the Organization Administration page](image)

**Step 2**

Click the **Update Organization** icon in the Action column.

![Figure 17. Click the Update Organization icon to begin updating organization details](image)
Step 3

From the *Update Organization* page, update the organization address. Then click the **Save** button.

![Update Organization form](image)

**Figure 18. Update the organization address as necessary and click the **Save** button**

**Note**

- The organization details cannot be edited if tasks are pending for any award. When saving updates, a notification will appear at the top of the *Update Organization* page listing pending tasks.

- Pending actions that prevent changes to organization details include:
  - applications pending submission or review
  - amendments pending submission or review
  - performance reports pending submission or review
Step 4

The Update Grantee Organization Address page lists all active grants that will include the updated address. Click the Confirm button.

ND Grants User Roles

An Organization Administrator can assign and manage the roles within the organization. New users can also request roles when requesting access to the organization. Once assigned a role, users are granted specific privileges for the organization:

- ND Grants user roles define the user’s responsibilities for the organization, applications, and grants. Users may have more than one role.
- The roles assigned to a user for the organization are not the same roles that they are assigned for an award. For example, a user with the Authorized Official role for the organization may not have the Authorized Official role and permissions for a grant. Please verify that you have the correct roles to complete your grants management tasks.
- The Organization Administrator can change user roles by updating the User Roles section on the Update Organization page. You can update the user roles for an award by submitting an amendment requesting that the roles be updated.
- Organizations should ensure that they have assigned at least two people with this role in the event of personnel change.
The ND Grants users can perform different tasks based on their roles.

Requesting Organization Access

Once you have created an ND Grants user account, you must either request access to an existing organization, or create a new organization. If the organization has already been created, you must submit an Organization Access Request to access the organization’s applications and awards.

Step 1

Under the Administrations dropdown, click the Request Organization Access link.

![Figure 21. Click the Request Organization Access link under the Administration dropdown](image)

Step 2

Find the organization to which you want to request access by clicking the dropdown and typing in the name of the organization in the search bar.

![Figure 22. From the Request Access to Organization page, search for your organization](image)

Note

- Inactive Organizations will appear greyed out in the dropdown menu.
- If an Inactive organization is selected, a red warning box will be displayed stating “Organization Name is inactive. Please verify that no active versions of your organization exist before requesting access to this version.”
Step 3

Select the roles you need for the organization by clicking the checkboxes next to each role. Then click the **Submit** button.

![Figure 23. Click the Submit button once you have selected your roles on the Request Access to Organization page](image)

Step 4

To view submitted Organization Access Requests, under the Administration dropdown click the Review Organization Access Request link. Navigate to the Pending Access Requests tab and click the View Organization Access Request icon.

Figure 25. Click the View Access Requests icon to view pending organization access requests
Forwarding Organization Access Requests

If the existing Organization Administrator is unavailable to approve the request, you can forward the request to the Program Manager. The Program Manager can only approve an access request that includes the Organization Administrator role.

Note

- Organizations should ensure that they have assigned as least two people with the Organization Administrator role in the event of personnel change. If the Organization Administrator is leaving the organization, they should designate additional Organization Administrators if necessary before going so.

Step 1

After submitting the organization access request, under the Administration dropdown, click the Review Organization Access Requests link.

- After forwarding the request, reach out to your program manager so that they are aware of the pending request
Approving Organization Access Requests

Once a new user submits an Organization Access Request, the Organization Administrator reviews then approves or denies the request. Only users with the Organization Administrator role can approve or deny access requests for the organization.

**Step 1**

To view pending Organization Access Review tasks, click the Organization Access Reviews link in the Access Requests column on the ND Grants homepage.

Alternately, click the Review Organization Access Requests link in the Administration dropdown. The Organization Access Requests page will list all previously submitted access requests.

![Figure 31. Click the Organization Access Reviews link on the ND Grants homepage](image)

**Step 2**

Click the Review Organization Access Requests icon in the Action column next to the pending access request.

![Figure 32. Click the Review Organization Access Requests icon on the Organization Access Requests page](image)
Step 3

Select or deselect the role(s) to confirm the role(s) the new user will have under the organization. No change is necessary if the requestor has already selected the appropriate roles. Click either the Approved or Denied button and enter any text in the Comments box if necessary.

Figure 33. Click the Approved or Denied button on the Review Access Request to Organization page
Step 4

An email template will appear, allowing you to choose recipients to notify as well as to add text in the Message Body text box.

![Email notification template]

*Figure 34. Complete the email notification on the Review Access Request to Organization page*
Step 5

Once you complete the edits to the email notification, click the **Submit** button. By clicking the **Submit** button, you will send an email notification to the intended recipients notifying them that their access request has been approved or denied.

Creating Organization Contacts

The Organization Administrator can add contacts to the organization so that they can be added to applications as contacts. Please note, an organization’s contacts are not ND Grants users. Without an ND Grants account, they will not have system privileges.

**Step 1**

Under the Administration dropdown, click the Organizations link to view the Organization Administration page.

![Figure 41. Click the Organizations link under the Administration dropdown](image)

**Step 2**

Click the Update Organization icon in the Action column to add a contact. This will open the Update Organization page.

Application Functionality

To apply for a FEMA preparedness or mitigation grant, you must begin the application process on Grants.gov. Once the initial application for Federal Assistance (SF-424) is complete in Grants.gov, the application will be automatically migrated for initial review in ND Grants. All the information from the SF-424 entered in the Grants.gov application will be automatically downloaded into ND Grants and reviewed for eligibility by ND Grants staff. After review, the application will be released back to you in ND Grants to complete, which includes updating the budget, adding any attachments, and completing any required Assurances and Certifications.

Note

- If you need additional assistance completing the SF-424, contact the Grants.gov Service Desk at 1-800-518-4726 or support@grants.gov

Applying Through The Grants.gov Workspace

Step 1

Open the Applicants dropdown and click the Apply Now link.

![Figure 56. Click the Apply Now link under the Applicants dropdown](image)

Step 3

To begin the application, click the Webform link in the Actions column.

![Webform](image)

Figure 58. Click the Webform link

Step 4

Complete the application using the Grants.gov instructions as a guide.
Step 5

To submit the application, click the **Sign and Submit** button.

![Figure 59. Click the Sign and Submit button](image-url)
Step 6

When the application is submitted, the Confirmation popup will appear. Note the Grants.gov Tracking Number, and use the tracking number to verify that the application is downloaded into ND Grants.

![Confirmation popup](image)

Figure 60. Note the Grants.gov Tracking Number on the Confirmation popup

Note

- The Confirmation page indicates that the application has been submitted. It does not confirm that the application has been accepted
Step 7

To verify that the Grants.gov application was downloaded into ND Grants, click the Check Application Status link on the Applicant Center page.

![Check Application Status link](image)

Figure 61. Click the Check Application Status link
Step 8

Enter the Funding Opportunity Number or Grant Tracking Number and click the **Search** button.

![Figure 62. Enter the funding opportunity number into the Funding Opportunity Number field](image)

**Note**

- Once the application is downloaded to ND Grants, the Status column will read Agency Tracking Number Assigned.
Submitting Applications after Initial Review

Applications submitted in Grants.gov and approved for eligibility will be released back to the applicant in ND Grants. Applicants will be notified via email to complete the application in ND Grants. Each step must be completed to submit the complete application.

Step 1

From the Application dropdown, click on the Manage Applications link.

Step 2

Click the Update Application icon in the Action column for the application pending submission.

Note

- To filter through the list of applications, type the application number into the Search box for the desired application.
- Applications pending submission have Update Application and Withdraw Application icons in the Action column, as they require additional information to be entered by the applicant.
Step 3

To complete the application, scroll through each section on the Update Application page and complete all fields. Begin by reviewing the SF-424 Information section, which includes details migrated from the Grants.gov application.

If the Congressional District does not appear, the district number was incorrectly entered on the SF-424 in Grants.gov. To update the Congressional District, type the state abbreviation and the available congressional districts will appear in a dropdown.

![SF-424 Information](image)

Figure 65. Complete the SF-424 Information section of the application
Step 4

Update the contacts and user roles in the Contacts section.

Open the dropdown and select a new contact for the application. When adding the Authorized Official, ensure the contact name also includes the User ID. Click the Add Contact icon next to the selected contact to add it to the list.

Once added to the Contacts section below the search bar, assign the contact a role by selecting the radio button or checkbox under the appropriate role.

For additional directions for updating the contacts on the application, refer to the Managing Contacts in Applications quick reference guide.

**Note**

- The contact designated as the Signing Authority does not need to be an ND Grants system user. The Authorized Official must be an ND Grants user and have the Authorized Official role for your organization.
Step 5

Complete the SF-424A portion of the application by completing all Amount fields. Fields that do not have a cost should be completed with a zero.

Figure 68. Complete the SF-424A section of the application
Step 6

To add an attachment to the application, click the **Add Attachment** button. Add a title and description for each attached document.

![Attachments](image)

**Figure 69. Add any necessary attachments in the Attachments section**

**Note**
- You can upload Investment Justifications as attachments

Step 7

In the Assurance and Certification section of the application, approve the Certification Regarding Lobbying, the SF-LLL, and the SF-424B. These must be approved before the application can continue processing.

The Signatory Authority's name will appear at the bottom of each Assurance and Certification. The Authorized Official should enter their password and sign the Assurance on behalf of the Signatory Authority. To sign, enter the Signatory Authority’s prefix, the Signatory Authority's title, and your ND Grants password. Then click the **Sign Assurance** button.

For each Assurance and Certification document, you must electronically sign the form, or check the **Form Not Applicable to Application** box. In the SF-LLL section, if you click the **Form Not Applicable to Application** box, the section will collapse.
Certification Regarding Lobbying

Status: Pending
Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, ‘Disclosure of Lobbying Activities,’ in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, ‘Disclosure of Lobbying Activities,’ in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Grants Management Functions

All post-award functions can be completed through the Grants dropdown on the ND Grants tool bar. Grant management functions include accepting or declining an award, submitting and managing amendments, and submitting performance progress reports.

Accepting or Declining an Award

Once an application is awarded by FEMA, ND Grants will generate a task for accepting the award. To review an award, navigate to the Grants Dashboard page, which lists all applications submitted for your organization in ND Grants. Any applications awaiting acceptance will feature the Complete Award Offer Review icon in the Action column on the grants dashboard. To proceed further, the award package must be accepted. If necessary, users can decline the award package.

Only a user with the Authorized Official role for the grant can accept or decline an award. The user that submits the application will automatically be assigned the Authorized Official role.

Step 1

To access Award Offers, click on the Award Offer Review link under the Pending Tasks column of the ND Grants homepage.

Figure 73. Click the Award Offer Review task link on the ND Grants homepage
Step 2

Click on the **Complete Award Offer Review** icon in the Action column beside the award pending review.

Creating Amendment Requests

Once you've accepted your award, you can make changes to the grant in ND Grants by submitting an amendment request. Depending on the type of changes included in the request, the amendment may require FEMA approval. You can combine amendment types, and the amendment will proceed through the highest level of review based on the changes that are requested. Only one amendment can be submitted at a time.

Note

- Before submitting an amendment, contact your FEMA Program Manager to discuss the requested changes. Your FEMA Program Manager will ensure that you have justified the proposed changes correctly before the amendment is submitted.
- If the current Authorized Official has left the organization, another user with the Authorized Official role for the organization can submit an Authorized Official amendment. **No other changes can be requested in the amendment**, as you will not be able to submit the amendment when other changes are included. All other requests can be included in future amendments once the update to the Authorized Official is approved.

Step 1

To view amendments, open the Grants dropdown and click the Manage Amendments link.

Submitting Performance Progress Reports

As a part of the grant award, performance reporting is required. Once you accept an Award Package, you can submit performance progress reports through ND Grants. Using the progress report link in ND Grants, you can upload report documents, add comments, and submit it for FEMA review.

- Once a reporting period begins, documents can be uploaded through the progress report link in ND Grants, but cannot be submitted until the reporting period ends
- Progress reports can be submitted as early as the first day after the reporting period end date
- Progress report links are available on the first day of the reporting period start date or after the previous progress report is approved (whichever comes later)
- Progress reports are due 30 calendar days after the reporting period end date
- The final progress report is due 90 calendar days after the period of performance ends

Depending on the grant program, reporting frequency can vary from Annual Calendar, Annual Fiscal, Semi-Annual, Quarterly, and None. You will be required to submit a Final Report that covers the period between your last reporting end date until the project end date.

Note

- FEMA may send email communications to either the Primary Contact or the Authorized Official, depending on the nature of the correspondence.

Step 1

Under the Grants dropdown, click the Performance Progress Reports link.

**Note**

- If you attach your performance progress report during the reporting period, you will not be able to submit the report. However, you can save your work by clicking the **Save** button. The **Submit** button will appear after the reporting period end date.
Step 5

To save a performance report click on the **Save** button and a confirmation message will appear. You cannot delete a performance report link; however, you can remove attachments by clicking the **Remove Attachment** icon in the Action column next to each attachment. After clicking the **Remove Attachment** icon, you will be asked to explain why it was removed. You can only remove documents you added. If the report is released back by the program manager for updates you can only delete attachments you added. You cannot delete attachments other users from your organization added.
