Hazard Mitigation Grant Program Post Fire

FEMA places a high priority on supporting wildfire recovery using the Hazard Mitigation Grant Program Post Fire (HMGP Post Fire) for Fire Management Assistance declarations issued on or after Oct. 5, 2018.

Eligibility

States, federally-recognized tribes, and territories affected by fires resulting in a Fire Management Assistance Grant (FMAG) declaration on or after Oct. 5, 2018, are eligible to apply. Applicants must have a FEMA-approved mitigation plan to receive HMGP Post Fire funding. Declarations can be accessed at www.fema.gov/disasters by selecting Fire Management Assistance as the declaration type.

*Note: An FMAG declaration, rather than a Presidential major disaster declaration, activates HMGP Post Fire assistance.

Application Period

FEMA will send a formal funding notification letter to eligible applicants outlining the dates of the application period. The application period opens with the applicant’s first FMAG declaration of the fiscal year and closes at 11:59 p.m. Eastern Time on the last day of the sixth month of the next fiscal year. Application extensions may be requested. The State is required to submit a written request to the FEMA Regional Administrator for an extension.

How Projects are Prioritized

As part of the focus on hazard mitigation and resilience, FEMA encourages the mitigation of wildfire and related hazards. Prioritized project types are organized into five general categories, as outlined in Table 1.

Funding will first be made available to the county, counties or burned tribal lands that received an FMAG declaration. A project may be outside of this area as long as the risk reduction activity benefits the declared county or counties (e.g., watershed mitigation). If funding cannot be used in the affected area, then it may be available statewide regardless of whether it benefits a declared county. However, if the funding is being used outside of the declared area, the application must explain why the assistance is not being used in the declared or burned areas.
Federally recognized tribes with land burned in FMAG declarations may choose to apply to FEMA for HMGP assistance as an applicant once a state or territory receives an FMAG declaration. Tribes (including federally recognized tribes) may also apply through states as subapplicants. If tribal land is not burned, subapplicant funding may be unavailable, as assistance is prioritized for FMAG declared areas.

Private nonprofits may act as subapplicants for HMGP Post Fire if they own or operate a private nonprofit facility as defined in Section 102(11)(B) of the Stafford Act.

Applicants must detail their respective management process, including deadlines, in their HMGP Administrative Plan. The administrative plan is a procedural guide that details how the applicant will administer the award.

### Table 1: Prioritized HMGP Post Fire Activities

<table>
<thead>
<tr>
<th>Wildfire Mitigation</th>
<th>5-Percent Initiative</th>
<th>Infrastructure Retrofit</th>
<th>Soil and Slope Stabilization</th>
<th>Post-wildfire flood prevention and sediment reduction</th>
</tr>
</thead>
<tbody>
<tr>
<td>▪ Defensible space</td>
<td>▪ Installing warning signs</td>
<td>▪ Strengthen or harden water systems that were burned and caused contamination</td>
<td>▪ Reseeding ground cover</td>
<td>▪ Modifying or removing culverts</td>
</tr>
<tr>
<td>▪ Reducing hazardous fuels</td>
<td>▪ ▪ Installing warning signs</td>
<td>▪ ▪ Planting grass to prevent spread of noxious weeds</td>
<td>▪ ▪ Mulching with straw or chipped wood</td>
<td>▪ ▪ Adding drainage dips and constructing emergency spillways</td>
</tr>
<tr>
<td>▪ Removing standing burned trees</td>
<td>▪ ▪ ▪ Installing warning signs</td>
<td>▪ ▪ ▪ Placing logs/other erosion barriers to catch sediment on slopes</td>
<td>▪ ▪ ▪ Installing debris traps to modify road and trail drainage mechanisms</td>
<td>▪ ▪ ▪ Constructing straw, rock, or log dams in small tributaries to prevent flooding</td>
</tr>
<tr>
<td>▪ Ignition-resistant construction</td>
<td>▪ ▪ ▪ ▪ Installing warning signs</td>
<td>▪ ▪ ▪ ▪ Reseeding ground cover</td>
<td>▪ ▪ ▪ ▪ Modifying or removing culverts</td>
<td></td>
</tr>
</tbody>

#### How Funding is Calculated

The funding amount available will be provided by FEMA, and is a national aggregate calculation based on an average of historical FMAG declarations from the past 10 years. This amount will be recalculated at the beginning of every fiscal year. The total HMGP funding available for each FMAG declaration for FY 21 is $584,083 for applicants with a standard hazard mitigation plan, and $778,778 for applicants with an enhanced hazard mitigation plan.

**Examples of Aggregation**

- **Standard HM Plan**
  - Declaraions: $584K $584K $584K
  - HMGP Grants: $1.8M

- **Enhanced HM Plan**
  - Declaraions: $779K $779K $779K
  - HMGP Grants: $2.8M

Learn more at fema.gov
Funding from multiple events will be aggregated into one grant under the first declaration. This will support larger projects, streamline grants management, and expedite closeout. Aggregation will reset at the beginning of each fiscal year and will remain in effect for that year.

Management Costs
Recipients will be eligible for up to 10% of the award amount for management costs. Subrecipients will be eligible for up to 5% of the award amount for management costs. FEMA will provide one estimate of the management costs available under each HMGP Post Fire award, which will be included in the formal funding notification. The estimate will be subsequently increased as appropriate for each FMAG event that is aggregated.

See FEMA Policy #104-11-1, Hazard Mitigation Grant Program Management Costs (Interim), dated Nov. 14, 2018.

Sharing Funds
Federally recognized tribes with burned land may apply as applicants once a state or territory receives an FMAG declaration. Funding will be apportioned based on each recipient’s burned acreage. The apportionment will be calculated based on the amount of each recipient’s burned acreage as a percentage of the allotment to which they are entitled under the FMAG. FEMA Regional Administrators will have final authority on apportionment determinations.
