No. 474
May 13, 2022**

MEMORANDUM FOR: All State Administrative Agency Heads
All State Administrative Agency Points of Contact
All Urban Area Security Initiative Points of Contact
All State Homeland Security Directors
All State Emergency Management Agency Directors
All Eligible Regional Transit Agencies
All Private Sector Transportation Security Partners
All Public and Private Sector Port Security Partners
All Tribal Nation Leaders
All Tribal Nation Points of Contact

FROM: Pamela S. Williams *P.S. Williams*
Assistant Administrator
Grant Programs Directorate

SUBJECT: Fiscal Year 2022 Notices of Funding Opportunity

Today, the Federal Emergency Management Agency (FEMA), a component of the Department of Homeland Security, announced the availability of the Fiscal Year (FY) 2022 Notices of Funding Opportunity for eight preparedness grant programs. The funding notices released today represent \$1,639,026,403 in available FY 2022 federal assistance and may be found online at <http://www.fema.gov/grants> and at <http://www.grants.gov>.

NOFOs are available for the following programs:

- Homeland Security Grant Program (HSGP)
 - State Homeland Security Program (SHSP)
 - Urban Area Security Initiative (UASI)
 - Operation Stonegarden (OPSG)
- Tribal Homeland Security Grant Program (THSGP)
- Nonprofit Security Grant Program (NSGP)
- Transit Security Grant Program (TSGP)
- Intercity Passenger Rail – Amtrak (IPR) Program
- Intercity Bus Security Grant Program (IBSGP)
- Port Security Grant Program (PSGP)
- Emergency Operations Center Grant Program (EOCGP)

Detailed guidance and application instructions for all eight grant programs are available at <http://www.fema.gov/grants>.

Eligible applicants must apply for funding through the Grants.gov portal at <http://www.grants.gov>. When applicants apply through <http://www.grants.gov>, they must submit the Standard Form 424 in the initial Grants.gov application. The FEMA Non-Disaster (ND) Grants system will retrieve the Standard Form 424 directly from the Grants.gov system and will automatically populate the relevant data fields in the ND Grants application.

Applicants are strongly encouraged to begin the application process as soon as possible, including obtaining a Unique Entity Identifier (UEI) number. The UEI, which replaced the Data Universal Numbering System (DUNS) number last month, is a required application element and may take up to four weeks to obtain. Also, FEMA must conduct an initial eligibility review of the application prior to the final submission deadline. Therefore, **applicants are strongly encouraged to begin their initial application in Grants.gov at the time of this announcement** to ensure they have adequate time to start and complete their submission. Applicants should complete the initial Grants.gov application **no later than seven days before the June 13, 2022 application deadline**. Upon the completion of the initial review, FEMA will determine whether an application is eligible to proceed further and will notify the applicant to complete their submission by fulfilling additional application requirements (e.g., Budget, Investment Justification, Work Plan) required for the relevant grant program. Completed final applications for all grant programs must be submitted in ND Grants no later than **5 p.m. ET, June 13, 2022**.

Only final submissions made through the ND Grants system located at <https://portal.fema.gov> will be accepted. If you, the applicant, need assistance registering for the ND Grants system, please contact the ND Grants Help Desk at 1-800-865-4076, Monday through Friday, 9 a.m. – 5 p.m. ET.

Additional questions may be directed to a FEMA Headquarters Preparedness Officer (or the Centralized Scheduling and Information Desk at askcsid@fema.gov or (800) 368-6498, Monday through Friday, 9 a.m. – 5 p.m. ET.

A summary of eligible applicants and deadlines is provided in Appendix A. Specific allocations for programs marked with an asterisk (*) are listed in Appendix B.

FY 2022 Homeland Security Grant Program (HSGP)

HSGP includes a suite of risk-based grants to assist state, local, tribal and territorial efforts to prevent, prepare for, protect against, and respond to acts of terrorism. The grants included under HSGP are:

*State Homeland Security Program (SHSP)**. In FY 2022, this program provides \$415 million to assist state, local, tribal and territorial governments in preventing, preparing for, protecting against, and responding to acts of terrorism.

Urban Area Security Initiative (UASI).* In FY 2022, UASI provides \$615 million to assist high-risk urban areas in preventing, preparing for, protecting against, and responding to acts of terrorism.

Operation Stonegarden (OPSG). In FY 2022, the program provides \$90 million to support enhanced cooperation and coordination among state, local, tribal, territorial and federal law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders, to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

FY 2022 Tribal Homeland Security Grant Program (THSGP)

In FY 2022, THSGP provides \$15 million to directly eligible tribes to support the building, sustainment, and delivery of core capabilities to enable tribes to strengthen their capacity to prevent, protect against, mitigate, and respond to potential terrorist attacks.

FY 2022 Nonprofit Security Grant Program (NSGP)*

In FY 2022, this program provides \$250.15 million in funding support for hardening and other physical security enhancements to nonprofit organizations that are at high risk of terrorist attack. Of this amount, \$125 million is available to nonprofit organizations located within one of the FY 2022 UASI-designated high-risk urban areas (NSGP-Urban Area or NSGP-UA). Additional, separate funding in the amount of \$125 million is also appropriated for nonprofit organizations located outside of the FY 2022 UASI-designated urban areas (NSGP-State or NSGP-S). An additional \$150,000 is available for one Community Project Funding (CPF) project, as identified in the Department of Homeland Security Appropriations Act, 2022, Pub. L. No. 117-103. The intent of the FY 2022 NSGP is to award grant funding to assist nonprofit organizations in obtaining the resources required to support and integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. As in previous fiscal years, the NSGP will be a competitive grant program except for the CPF project.

FY 2022 Transit Security Grant Program (TSGP)

In FY 2022, TSGP provides \$93 million to support transportation infrastructure security activities. The TSGP provides funds to eligible public transportation systems (which include intra-city bus, commuter bus, ferries and all forms of passenger rail) that serve historically eligible UASI-designated urban areas to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of transit infrastructure.

FY 2022 Intercity Passenger Rail (IPR) – Amtrak Program

In FY 2022, this program provides \$10 million to the National Passenger Railroad Corporation (Amtrak) to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of the Amtrak rail system.

FY 2022 Intercity Bus Security Grant Program (IBSGP)

In FY 2022, IBSGP provides \$2 million to owners and operators of intercity bus systems providing services to historically eligible UASI-designated urban areas, to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of transit infrastructure.

FY 2022 Port Security Grant Program (PSGP)

In FY 2022, the program provides \$100 million to provide funds to port authorities, facility operators, and state, local, and territorial agencies required to provide security services to implement Area Maritime Security Plans, facility security plans, and other port-wide risk management activities.

FY 2022 Emergency Operations Center Grant Program (EOCGP)*

In FY 2022, EOCGP provides \$49,026,403 to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable emergency operations centers with a focus on addressing identified deficiencies and needs. Funds will be used to support EOC construction, renovation, and enhancements to the list of entities identified by Congress in Division F of the Joint Explanatory Statement accompanying the Department of Homeland Security Appropriations Act, 2022 (Pub. L. No. 117-103).

Appendix A

Table 1. Eligible Applicants and Deadlines

Program		Eligible Applicants
HSGP	SHSP	State Administrative Agency (SAA)
	UASI	
	OPSG	
THSGP		Directly eligible tribes
NSGP	NSGP-UA	SAA on behalf of nonprofit organizations within states and/or eligible high-risk urban areas
	NSGP-S	
	NSGP-CPF	SAA on behalf of identified nonprofit organization
TSGP		Eligible transit agencies determined based on daily unlinked passenger trips (ridership) and transit systems that serve historically eligible UASI-designated high-risk urban areas. Certain ferry systems are also eligible to participate in the FY 2022 TSGP and receive funds.
IPR		National Passenger Railroad Corporation (Amtrak)
IBSGP		Eligible owners and operators of fixed route intercity and charter bus companies that serve historically eligible UASI-designated high-risk urban areas.
PSGP		All entities subject to an Area Maritime Security Plan, as defined by 46 U.S.C. § 70103(b), may apply for PSGP funding. Eligible applicants include but are not limited to port authorities, facility operators, and state and local government agencies.
EOCGP		Entities identified in Division F of the Joint Explanatory Statement accompanying the Department of Homeland Security Appropriations Act, 2022 (Pub. L. No. 117-103).

All applications are due no later than 5 p.m. ET on June 13, 2022. FEMA will evaluate, act on applications, and make awards on or before September 30, 2022.
