MEMORANDUM FOR: State Administrative Agency Heads
State Administrative Agency Points of Contact
Urban Area Security Initiative Points of Contact
State Homeland Security Directors
State Emergency Management Agency Directors
Eligible Regional Transit Agencies
Private Sector Transportation Security Partners
Public and Private Sector Port Security Partners
Tribal Nation Points of Contact

FROM: Pamela S. Williams 
Assistant Administrator
Grant Programs Directorate

SUBJECT: Fiscal Year 2022 Preparedness Grant Programs Final Allocation
Announcement

The Federal Emergency Management Agency (FEMA), a component of the Department of Homeland Security (DHS), is announcing the final awards and allocations under the Fiscal Year (FY) 2022 preparedness grant programs. These are:

- Homeland Security Grant Program (HSGP)
 - State Homeland Security Program¹
 - Urban Area Security Initiative¹
 - Operation Stonegarden
- Tribal Homeland Security Grant Program (THSGP)
- Nonprofit Security Grant Program (NSGP)
- Port Security Grant Program (PSGP)
- Transit Security Grant Program (TSGP)
- Intercity Passenger Rail (IPR) Program – Amtrak¹
- Intercity Bus Security Grant Program (IBSGP)
- Emergency Operations Center Grant Program (EOCGP)¹

¹ Final allocations for these programs were announced on May 13, 2022, as part of the Notices of Funding Opportunity release.

The total amount of funds allocated for the FY 2022 Preparedness Grant Programs announced in this Information Bulletin is \$1,639,176,403.²

FY 2022 Homeland Security Grant Program (HSGP)

The HSGP includes a suite of risk-based grants to assist state, local, and tribal efforts in obtaining the resources required to support the National Preparedness Goal's associated mission areas and core capabilities to build a culture of preparedness. The grants included under HSGP are:

*State Homeland Security Program (SHSP)*³. The SHSP provides \$415 million to support the implementation of state homeland security strategies to address identified planning, organization, equipment, training, and exercise needs to prevent, protect against, prepare for and respond to acts of terrorism. SHSP also provides funding to implement initiatives based on capability targets and gaps identified during the Threat and Hazard Identification and Risk Assessment (THIRA) process and assessed in the Stakeholder Preparedness Review (SPR) (See Table 1).

*Urban Area Security Initiative (UASI)*³. The UASI Program provides \$615 million to address the unique planning, organization, equipment, training, and exercise needs of high-risk urban areas, and assists them in building an enhanced and sustainable capacity to prevent, protect against, prepare for and respond to acts of terrorism (See Table 2).

Operation Stonegarden (OPSG). OPSG provides \$90 million to enhance cooperation and coordination among local, tribal, territorial, state and federal law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders, to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders (See Table 3).

²The following FY 2022 grant programs are not part of this announcement and will be awarded separately: Assistance to Firefighters Grant (AFG) Program (\$324 million), Staffing for Adequate Fire and Emergency Response (SAFER) Grant Program (\$360 million), Fire Prevention and Safety (FP&S) Grant Program (\$36 million), Regional Catastrophic Preparedness Grant Program (\$12 million), and Presidential Residence Protection Assistance Grant Program (\$3 million).

³Per section 2006 of the *Homeland Security Act of 2002* (codified as amended at 6 U.S.C. § 607), DHS/FEMA is required to ensure that at least 25% of grant funding appropriated for grants awarded under HSGP's authorizing statute are used for law enforcement terrorism prevention activities (LETPA). By policy, DHS/FEMA increased that requirement to 30% for FY 2022. DHS/FEMA meets this requirement, in part, by requiring all SHSP and UASI recipients to ensure that at least 30% of the combined HSGP funds allocated under SHSP and UASI are dedicated towards LETPAs, as defined in 6 U.S.C. § 607. The LETPA allocation can be from SHSP, UASI, or both. Since the majority of OPSG funds are already used for LETPAs, this is not an additional requirement for OPSG.

FY 2022 Tribal Homeland Security Grant Program (THSGP)

The THSGP provides \$15 million directly to eligible tribes via a competitive process to help strengthen the nation against risks associated with potential terrorist attacks by helping eligible tribes in obtaining the resources required to support the National Preparedness Goal's mission areas and core capabilities as they apply to tribal lands (See Table 4).

FY 2022 Nonprofit Security Grant Program (NSGP)

The NSGP provides \$250.15 million in funding support for facility hardening and other physical security enhancements and activities to nonprofit organizations that are at a high risk of a terrorist attack. Of this amount, \$125 million in funding is available to nonprofit organizations located within one of the FY 2022 UASI-designated high-risk urban areas (NSGP-Urban Area or NSGP-UA) (See Table 5). In FY 2022, additional, separate funding in the amount of \$125 million is also appropriated for nonprofit organizations located outside of the FY 2022 UASI-designated urban areas (NSGP-State or NSGP-S) (See Table 6). An additional \$150,000 is available for one Community Project Funding (CPF) project, as identified in the *FY 2022 DHS Appropriations Act* (P.L. 117-103) (See Table 7). The intent of the FY 2022 NSGP is to award grant funding to assist nonprofit organizations in obtaining the resources required to support and integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts. NSGP is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. (See Tables 5, 6, and 7).

FY 2022 Port Security Grant Program (PSGP)

The PSGP provides \$100 million for transportation infrastructure security activities to implement Area Maritime Transportation Security Plans and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services. The intent of the FY 2022 PSGP is to competitively award grant funding to assist ports in obtaining the resources required to support the development and sustainment of core capabilities identified in the National Preparedness Goal of a secure and resilient nation (See Table 8).

FY 2022 Transit Security Grant Program (TSGP)

The TSGP provides \$93 million to the nation's public transportation agencies serving historically eligible UASI-designated high-risk urban areas for enhancement of security measures at critical transit infrastructure including bus, ferry, and rail systems. The intent of the FY 2022 TSGP is to competitively award grant funding to assist public transportation agencies in obtaining the resources required to support the development and sustainment of core capabilities identified in the National Preparedness Goal of a secure and resilient nation (See Table 9).

FY 2022 Intercity Passenger Rail (IPR) Program – Amtrak

The IPR provides \$10 million to Amtrak to develop security enhancements for eligible intercity passenger rail operations. The intent of the FY 2022 IPR is to grant funding to assist the Amtrak rail system in obtaining the resources required to support the National Preparedness Goal's associated mission areas and core capabilities. Amtrak is the only recipient under the IPR program.

FY 2022 Intercity Bus Security Grant Program (IBSGP)

The IBSGP provides \$2 million to owners and operators of intercity bus systems providing service to, from, or through historically eligible UASI-designated high-risk urban areas to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of transit infrastructure. The intent of the FY 2022 IBSGP is to competitively award grant funding to assist these owners and operators in developing the capabilities necessary to support the National Preparedness Goal of a secure and resilient nation (See Table 10).

FY 2022 Emergency Operations Center Grant Program (EOCGP)

The EOCGP provides \$49 million to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable emergency operations centers (EOCs) with a focus on addressing identified deficiencies and needs. Fully capable emergency operations facilities at the state and local levels are an essential element of a comprehensive national emergency management system and are necessary to ensure continuity of operations and continuity of government in major disasters or emergencies caused by any hazard. The intent of the FY 2022 EOCGP is to support EOC construction, renovation, and enhancements for the list of entities identified in the Joint Explanatory Statement accompanying the *FY 2022 DHS Appropriations Act* (P.L. 117-103) (See Table 11).
