Shelter-in-Place for Winter Storm

Avoid carbon monoxide poisoning by using generators and grills **ONLY** outdoors, 20 feet from the house and away from windows.

Shelter-in-Place for Winter Storm

What to do if the power goes out

If power goes out keep freezers and refrigerators closed.

Monitor temperatures with a thermometer.

Monitor medication that requires refrigeration.

Turn off or disconnect appliances, equipment or electronics to avoid spikes that can cause damage.

Shelter-in-Place for Winter Storm

Take Additional Safety Measures

Limit your time outside. If you need to go outside wear layers of warm clothing and avoid overexertion. Watch for signs of frostbite and hypothermia.

Bring any pets indoors.

If trapped in your car, stay inside.

Check on neighbors. Older adults and young children are more at risk in extreme cold.

Avoid carbon monoxide poisoning. Use a generator and other gasoline-powered machinery **ONLY** outdoors, 20 feet from the house and away from windows. Never heat your home with a gas stove top or oven.

Listen for current emergency information and instructions.
