

# Version ID Update to Flood Risk Analysis and Mapping Guidance & Standards

\*The below highlighted content is intentional to reflect updates made during the Fall 2020 Maintenance Cycle

## 2.6.5.6

- Digit 1: No change
- Digit 2: No change
- Digit 3: November 2020 Guidelines and Standards (FEMA GS) updates to accommodate 2D floodway development
- Digit 4: No change

### Main Reason for Change

Changes were made to several FEMA standards, technical references and guidance documents in November 2020 to accommodate the use of 2-dimensional (2D) floodplain modeling and analysis for the development of floodway areas.
